STATEMENT OF PROVIDER RIGHTS AND RESPONSIBILITIES

Providers shall have the right and responsibility to:

- 1.00 Communicate with patients, including Members regarding dental treatment options.
- 2.00 Recommend a course of treatment to a Member, even if the course of treatment is not a covered benefit, or approved by Plan/DentaQuest.
- 3.00 File an appeal or complaint pursuant to the procedures of DentaQuest.
- 4.00 Supply accurate, relevant, factual information to a Member in connection with a complaint filed by the Member.
- 5.00 Object to policies, procedures, or decisions made by DentaQuest.
- 6.00 If a recommended course of treatment is not covered, e.g., not approved by DentaQuest, the participating Provider must notify the Member in writing and obtain a signature of waiver if the Provider intends to charge the Member for such a non-compensable service.
- 7.00 To be informed of the status of their credentialing or recredentialing application, upon request.
- 8.00 Verify member eligibility, benefits and authorizations required for services to be performed

INTRODUCTION

The information contained in this Provider Office Reference Manual is intended as a resource for you and your staff. It lists our standard administrative guidelines for claims processing as well as information regarding DentaQuest's standard policies. In all cases, specific group contract provisions, limitations and exclusions take precedence.

The introductory pages provide general information about DentaQuest policies. The remaining pages are organized according to the most current edition of the Current Dental Terminology (CDT), published by the American Dental Association (ADA). For complete code descriptions, we strongly encourage you to purchase an official CDT 2013 manual from the ADA by calling 1-800-947-4746 or visiting www.ada.org. The presence of a code in the CDT does not automatically mean that it is a covered benefit.

NOTE: DentaQuest reserves the right to add, delete or change the policies and procedures described in this reference guide at any time.

DEFINITIONS

ACA: The Patient Protection and Affordable Care Act of 2010 (Pub. L. 111-148).

Adverse determination: a utilization review decision by the Plan, or a health care provider acting on behalf of the Plan that:

- a) decides a proposed or delivered health care service which would otherwise be covered under this Agreement is not, or was not medically necessary, appropriate, or efficient; and
- b) may result in non-coverage of the health care service.

Adverse determination does not include a decision concerning a subscriber's status as a member.

Agreement: refers to this Subscriber Policy, the Schedule of Benefits, the Application, and any applicable Riders, Endorsements and Supplemental Agreements.

Appeal: a protest filed by a Covered Individual or a health care provider with the Plan under its internal appeal process regarding a coverage decision concerning a Covered Individual.

Appeal decision: a final determination by the Plan that arises from an appeal filed with the Plan under its appeal process regarding a coverage decision concerning a Covered Individual.

Balance Billing: When a provider bills for the difference between the provider's charge and the allowed amount. For example, if the provider's charge is \$100 and the allowed amount is \$70, the provider may bill you for the remaining \$30. An in-network provider may not balance bill for covered services.

Benefit Year: a calendar year for which the Plan provides coverage for dental benefits..

Co-insurance: this means shared coverage. Coinsurance is the percent of covered dental expenses, after the deductible is satisfied, up to the maximum covered charge shown in the Schedule of Benefits.

Co-payment: A fixed amount (for example, \$15) you pay for a covered health care service, usually when you receive the service. The amount can vary by the type of covered health care service.

Complaint: An oral or written expression of dissatisfaction with the Utilization Review Agent (URA), concerning the URA's process in conducting a utilization review.

Contracting Dentist: a licensed dentist who has entered into an agreement with the Plan to furnish services to its Covered Individuals.

Coverage decision: an initial determination by the Plan, or a representative of the Plan that results in noncoverage of a health care service. Coverage decision includes nonpayment of all or any part of a claim, but does not include an adverse determination as defined above.

Covered dependents: See Family Coverage definition.

Covered individual: a person who is eligible for and receives dental benefits. This usually includes subscribers and their covered dependents.

Covered individual's representative: means an individual who has been authorized by the Covered Individual to file a grievance, an appeal or a complaint on behalf of the Covered Individual.

Date of service: The actual date that the service was completed. With multi-stage procedures, the date of service is the final completion date (the insertion date of a crown, for example).

Deductible: The amount owed for health care services the health insurance or plan covers before the health insurance or plan begins to pay. For example, if the deductible is \$1000, the plan won't pay anything until the \$1000 deductible is met for covered health care services subject to the deductible. The deductible may not apply to all services.

Domestic Partner: means an opposite or same sex partner who has met all of the following requirements for at least 12 months: (1) resides with the covered individual; (2) shares financial assets and obligations with the covered individual; (3) is not related by blood to the covered individual to a degree of closeness that would prohibit a legal marriage; (4) is at least the age of consent in the state in which they reside; and (5) neither the covered individual or Domestic Partner is married to anyone else, nor has any other Domestic Partner. The Company requires proof of the Domestic Partner relationship in the form of a signed and completed Affidavit of Domestic Partnership.

Effective date: the date, as shown on the Plan's records, on which the subscriber's coverage begins under this Agreement or an amendment to it.

Emergency medical condition: a medical condition, whether physical or mental, manifesting itself by symptoms of sufficient severity, including severe pain, that the absence of prompt medical attention could reasonably be expected by a prudent layperson who possesses an average knowledge of health and medicine, to result in placing the health of an insured or another person in serious jeopardy, serious impairment to body function, or serious dysfunction of any body organ or part or, with respect to a pregnant woman, as further defined in section 1867 (e)(1)(B) of the Social Security Act, 42 USC section 1395dd(e)(1)(B).

Emergency dental care includes treatment to relieve acute pain or control dental condition that requires immediate care to prevent permanent harm.

Family coverage: coverage that includes the Plan Sponsor's eligible employees, their spouse or domestic partner and your or your spouse's natural dependent children from the moment of birth and grandchildren up to and including twenty-six (26) years of age. The subscriber or the subscriber's spouse's adopted children including any child placed with you for adoption and any child for whom you are a party in a suit in which the adoption of the child is sought, children under testamentary or court appointed guardianship, grandchildren in the court-ordered custody of the subscriber who are dependent upon the subscriber, and children under his or her care are also covered. Upon the attainment of the limiting age, coverage as a Dependent shall be extended if the child is and continues to be incapable of self-support by reason of mental or physical incapacity. Subscribers must notify the Plan and provide medical documentation to support this continued coverage through the Plan Sponsor within seventy- two (72) days of the child's limiting age.

Fee Schedule: the payment amount for the services that may be provided by Participating and Non-participating Dentists under this Agreement and is on file with the Missouri Department of Insurance. Benefits are payable in accordance with the terms and conditions of the applicable Schedule of Benefits attached to this Agreement and in effect at the time services are rendered.

Filing date: the earlier of a.) five (5) days after the date of mailing; or b.) the date of receipt.

Fracture: the breaking off of rigid tooth structure not including crazing due to thermal changes or chipping due to attrition.

Grievance: a protest filed by a Covered Individual, a Covered Individual's Representative, or a health care provider acting on behalf of a Covered Individual, with the Plan through the Plan's internal grievance process regarding an adverse determination concerning the Covered Individual.

Grievance decision: a final determination by the Plan that arises from a grievance filed with the Plan under its internal grievance process regarding an adverse determination concerning a Covered Individual.

Health care provider: a.) an individual who is licensed under the Health Occupations Article to provide health care services in the ordinary course of business or practice of a profession and is a treating provider of the Covered Individual; or b.) a hospital means a licensed public or private institution as defined by Chapter 241, Health and Safety Code, or Subtitle C, Title 7, Health and Safety Code.

Health care service: a health or medical care procedure or service rendered by a health care provider that: a.) provides testing, diagnosis, or treatment of a human disease or dysfunction; or b.) dispenses drugs, medical devices, medical appliances, or medical goods for the treatment of a human disease or dysfunction.

Individual (or single) coverage: coverage that includes only the subscriber, or only a minor dependent in the case of child only coverage.

Injury: (1) all damage to the covered individual's mouth due to an accident which occurs while he or she is covered under the Subscriber Certificate; and (2) all complications arising from that damage. But, the term does not include damage to teeth, appliances or dental prostheses which results solely from chewing or biting food or other substances.

Inquiry: any question or concern communicated by the Covered Individual or on the Covered Individual's behalf, which has not been the subject of an adverse determination.

Medically Necessary: Health care services or supplies needed to prevent, diagnose or treat an illness, injury, condition, disease or its symptoms and that meet accepted standards of medicine.

Non-Contracting Dentist: a licensed dentist who has not entered into an agreement with the Plan to furnish services to its Covered Individuals.

Non-Preferred Provider: A provider who doesn't have a contract with your health insurer or plan to provide services to you. You'll pay more to see a non-preferred provider. Check your policy to see if you can go to all providers who have contracted with your health insurance or plan, or if your health insurance or plan has a "tiered" network and you must pay extra to see some providers.

Open enrollment: a period during which an organization allows persons not previously enrolled in the dental plan to apply for dental plan membership.

Out-of-Pocket Maximum: the maximum a Covered Individual will pay in deductibles, copays and coinsurance for allowable expenses in any calendar year.

Participating Dentist: a licensed dentist located in the Plan's service area that has entered into an agreement with the Plan to furnish services to its covered individuals.

Participating Dentist Contract: contract between the Plan and a Participating Dentist.

Schedule of Benefits: the part of this Agreement which outlines the specific coverage in effect as well as the amount, if any, that Covered Individuals may be responsible for paying towards their dental care.

Schedule of Maximum Covered Charges: see Fee Schedule.

Subscriber: the Subscriber Policy holder who is eligible to receive dental benefits. A parent or guardian enrolling a minor dependent, including under a child only plan, assumes all of the subscriber responsibilities on behalf of the minor dependent.

The Plan: refers to DentaQuest USA Insurance Company, Inc.

Utilization Review: a system for reviewing the appropriate and efficient allocation of health care services given or proposed to be given to a patient or group of patients.

PATIENT ELIGIBILITY VERIFICATION PROCEDURES

Plan Eligibility

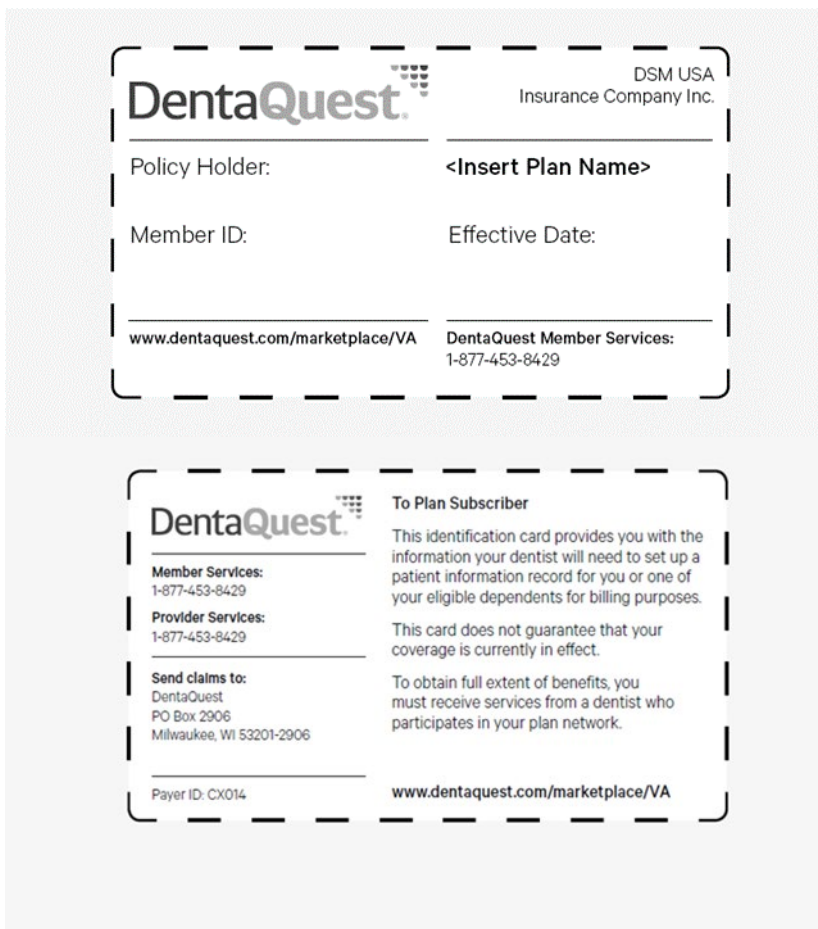

Any person who is enrolled in a Plan's program is eligible for benefits under the Plan certificate. Please contact our Customer Service Department at 1-844-241-5603 or visit the Provider Web Portal at <https://govservices.dentaquest.com/> to verify eligibility and benefits the day of the member's appointment.

Member Identification Card

Members will receive a Plan ID Card. Participating Providers are responsible for verifying that Members are eligible at the time services are rendered and to determine if recipients have other health insurance.

Please note that due to possible eligibility status changes, this information does not guarantee payment and is subject to change without notice.

Sample of DentaQuest ID Cards:

DentaQuest recommends that each dental office make a photocopy of the Member's identification card each time treatment is provided. It is important to note that the health plan identification card is not dated

and it does not need to be returned to the health plan should a Member lose eligibility. Therefore, an identification card in itself does not guarantee that a person is currently enrolled in the health plan.

CALCULATING PATIENT CO-PAYMENTS

DentaQuest provides information on our website, through our Voice Response System and through our Customer Service department regarding coinsurance amounts, deductibles, and plan maximums. To calculate the patient co-payment you will need to:

- Establish the patient's group benefit level for the procedure being done. Example: 100%, 80%, or 50%
- Determine the dentist's contracted fee allowance for the procedure performed from the appropriate fee schedule.
- Determine if a deductible applies and if the patient has already satisfied it.
- Determine how much money remains in the patient's annual or plan year maximum.
- Follow the formula shown in the example below.

Example (in-network):

A patient is scheduled for an anterior root canal. His plan covers endodontic care at 60% with a \$50 individual deductible that has not been met and he has \$1,500 remaining of his calendar year maximum. The dentist's charge is \$500 and his DentaQuest contract fee is \$313.97.

To determine the patient responsibility, you can apply this formula:

- $(\text{Contract fee} - \text{deductible}) \times \text{patient coinsurance} + \text{deductible} = \text{patient responsibility}$
- $(\$313.97 - \$50) \times .40 \text{ (40\% patient coinsurance)} + \$50 = \$155.59$

To determine how much DentaQuest will pay towards the procedure, you can apply the following formula:

- $\$313.97 \text{ (DentaQuest will pay up to the contract fee)} - \$50 \text{ (deductible)} \times .60 \text{ (60\% coinsurance)} = \158.38

Out of Network:

DentaQuest will pay the same percentage of the allowable charges for covered services received in and out of network. The member will be responsible for the difference between the plan's allowable charges (what contracting dentists receive for payment from DentaQuest) and the dentist's usual and customary fees (what the dentist charges cash-paying patients).

COORDINATION OF BENEFITS

Coordination of Benefits (COB) occurs when a patient has dental coverage under two plans, and the coverage from both plans is coordinated so the patient may receive the maximum allowable benefit under each one. The combined benefit should not exceed the submitted charge for the completed dental services.

Determining Primary and Secondary

Processing Guidelines are based on the National Association of Insurance Carriers (NAIC)

- Subscribers are always primary for themselves
- Spouse is secondary on subscriber's coverage
- The children's coverage is based on the *Birthdate Rule*. The *Birthdate Rule* is defined as the parent whose birth month and day comes first chronologically (not the year of birth). That parent is the primary for the children. If both parents have the exact same birthday, then the plan in effect the longest is primary.

Divorce Situations

- Custodial parent is primary
- Custodial step-parent is secondary

- Non-custodial parent is third
- Non-custodial step-parent is fourth

Exceptions for Determination

- Court orders override all rules in determining coverage

Submitting Claims

- When you prepare a claim for COB, indicate on the claim form that the patient has other dental coverage information
- Complete the COB questions on the claim form along with the other carrier information
- Submit a claim to the primary carrier first and wait to receive payment. Then submit a claim to the secondary carrier with a copy of the Explanation of Benefits (EOB) from the primary carrier. This EOB shows the secondary carrier the amount that has already been paid.

Coordinating Benefits with Medical Carrier

When a patient is covered for a dental service by both the medical carrier and DentaQuest, the medical carrier is primary. This includes limited preventive dental plans offered by HMO's.

Calculating Patient Balance

A quick rule of thumb is to first take the primary payment and add it to the secondary payment

- If the total equals your submitted charge, then there is no patient payment and no adjustment required
 - If the total is more than, or up to your contracted fee, then there is no patient balance
 - If it is less than your contract fee then, you can charge the patient the difference
 - between the total of both COB payments and your contract allowance

Things to Remember

- Never Record the primary claim adjustment until after the secondary payment because the secondary payment will sometimes cover the adjustment amount
- COB will not result in your office being entitled to receive reimbursement up to your submitted fee. The DentaQuest payment will be limited to your contract fee allowance.
- If the patient is no longer covered by another plan, write the day, month, and year of termination on the EOB and return it to DentaQuest so we can update our records.
- If there is no medical coverage for a surgical procedure, please note this on the claim in the remarks section.

If the COB patient responsibility is not clear, you can call our Customer Service department at 1-844-241-5603.

ELECTRONIC ATTACHMENTS

FastAttach™ - DentaQuest accepts dental radiographs electronically via **FastAttach™** for authorization requests. DentaQuest, in conjunction with National Electronic Attachment, LLC (NEA), allows Participating Providers the opportunity to submit all claims electronically, even those that require attachments. This program allows transmissions via secure Internet lines for radiographs, periodontic charts, intraoral pictures, narratives and EOBs.

FastAttach™ is inexpensive and easy to use, reduces administrative costs, eliminates lost or damaged attachments and accelerates claims and prior authorization processing. It is compatible with most claims clearinghouse or practice management systems.

For more information or to sign up for FastAttach go to www.nea-fast.com or call NEA at:

800.782.5150

PROVIDER COMPLAINTS AND APPEALS PROCEDURE

Procedures governing the provider complaints process are designed to identify and resolve provider complaints in a timely and satisfactory manner.

Written notices of complaints must be submitted to:

DentaQuest
Attention: Provider Complaints
11100 W Liberty Drive
Milwaukee, WI 53224-3626

Providers have the right to submit documentation with their Complaint. It is advantageous for the provider to clearly outline his/her Complaint and to provide supporting information. The provider should indicate why a decision should be made in the provider's favor. Complaints will be acknowledged in writing within five calendar days and resolution will be sent in writing within twenty (20) business days of receipt. If a complaint cannot be resolved within 30 days, the provider will be notified in writing the status of the complaint

Provider Claim Appeals

For appealed claims, Providers must submit all appeals of denied claims and requests for adjustments on paid claims within **one hundred and eighty (180) days** from the date of disposition of the Explanation of Benefits (EOB) on which that claim appeared.

Written notices of appeal must be submitted to:

DentaQuest, LLC
Attention: Provider Appeals
11100 W Liberty Drive
Milwaukee, WI 53224-3626

Providers have the right to submit documentation with their Appeal. It is advantageous for the provider to clearly outline his/her Appeal and to provide supporting information. The provider should indicate why a decision should be made in the provider's favor. Appeals will be acknowledged within 5 calendar days and responded to in writing within twenty (20) business days of receipt. If the appeal cannot be resolved within 20 business days, the provider will be notified in writing the status of the appeal.

Expedited requests will be responded to verbally within 72 hours, with written notification following within three business days.

Providers also have the right to request and receive a written copy of DentaQuest's utilization management criteria, in cases where the Complaint or Appeal is related to a clinical decision/denial, or other applicable health plan policies or procedures relevant to the decision or action that is the subject of the Complaint or Appeal. These can be requested by contacting Customer Service at 844.241.5603.

Peer to Peer Review:

Providers may contact Provider Services at any time and request to speak to a Dental Director regarding a clinical decision made by DentaQuest. When submitting a formal appeal, there is an opportunity for Providers or their representatives to present their cases in person to the Peer Review Committee.

CLAIM SUBMISSION PROCEDURES

Submitting Authorization or Claims with X-Rays

- Electronic submission using the web portal
- Electronic submission using National Electronic Attachment (NEA) is recommended. For more information, please visit www.nea-fast.com and click the "Learn More" button. To register, click the "Provider Registration" button in the middle of the home page.
- Submission of duplicate radiographs (which we will recycle and not return)
- Submission of original radiographs with a self addressed stamped envelope (SASE) so that we may return the original radiographs. Note that determinations will be sent separately and any radiographs received without a SASE will not be returned to the sender.

Please note we also require radiographs be mounted when there are 5 or more radiographs submitted at one time. If 5 or more radiographs are submitted and not mounted, they will be returned to you and your request for prior authorization and/or claims will not be processed. You will need to resubmit a copy of the 2006 or newer ADA form that was originally submitted, along with mounted radiographs so that we may process the claim correctly.

Acceptable methods of mounted radiographs are:

- Radiographs duplicated and displayed in proper order on a piece of duplicating film.
- Radiographs mounted in a radiograph holder or mount designed for this purpose.

Unacceptable methods of mounted radiographs are:

- Cut out radiographs taped or stapled together.
- Cut out radiographs placed in a coin envelope.
- Multiple radiographs placed in the same slot of a radiograph holder or mount.

All radiographs should include member's name, identification number and office name to ensure proper handling.

DentaQuest receives dental claims in four possible formats. These formats include:

- Electronic claims via DentaQuest's website (www.dentaquest.com).
- Electronic submission via clearinghouses.
- HIPAA Compliant 837D File.
- Paper claims.

Electronic Claim Submission Utilizing DentaQuest's Internet Website

Participating Providers may submit claims directly to DentaQuest by utilizing the "Dentist" section of our website. Submitting claims via the website is very quick and easy. It is especially easy if you have already accessed the site to check a Member's eligibility prior to providing the service.

To submit claims via the website, simply log on to <http://www.dentaquest.com/>

Once you have entered the website, Steps are as follows:

- a. Choose the Link called Login (located on the top)
- b. Choose 'Dentists in All other States'
- c. Enter user id and password
- d. Also for provider registration if they are new they need to enter the Business's TIN and State.

Once logged in, select “Claims/Pre-Authorizations” and then “Dental Claim Entry“. The Dentist Portal allows you to attach electronic files (such as x-rays in jpeg format, reports and charts) to the claim.

If you have questions on submitting claims or accessing the website, please contact our Systems Operations Department at 888-560-8135 or via e-mail at: EDITeam@DentaQuest.com

Electronic Authorization Submission Utilizing DentaQuest's Internet Website

Participating Providers may submit Pre-Authorizations directly to DentaQuest by utilizing the “Dentist” section of our website. Submitting Pre-Authorizations via the website is very quick and easy. It is especially easy if you have already accessed the site to check a Member’s eligibility prior to providing the service.

To submit pre-authorizations via the website, simply log on to <http://www.dentaquest.com/>. Once you have entered the website, Steps are as follows:

- a. Choose the Link called Login (located on the top)
- b. Choose ‘Dentists in All other States’
- c. Enter user id and password

First time users will have to register by utilizing the Business’s NPI or TIN, State and Zip Code. If you have not received instruction on how to complete Provider Self Registration contact DentaQuest’s Customer Service Department. Once logged in, select “Claims/Pre-Authorizations” and then “Dental Pre-Auth Entry“.

The Dentist Portal also allows you to attach electronic files (such as x-rays in jpeg format, reports and charts) to the pre-authorization.

Electronic Claim Submission via Clearinghouse

DentaQuest works directly with Emdeon (1-888-255-7293), Tesia 1-800-724-7240, EDI Health Group 1-800-576-6412, Secure EDI 1-877-466-9656 and Mercury Data Exchange 1-866-633-1090, for claim submissions to DentaQuest.

You can contact your software vendor and make certain that they have DentaQuest listed as the payer and claim mailing address on your electronic claim. Your software vendor will be able to provide you with any information you may need to ensure that submitted claims are forwarded to DentaQuest. DentaQuest’s Payor ID is CX014.

HIPAA Compliant 837D File

For Providers who are unable to submit electronically via the Internet or a clearinghouse, DentaQuest will work directly with the Provider to receive their claims electronically via a HIPAA compliant 837D or 837P file from the Provider’s practice management system. Please email EDITeam@greatdentalplans.com to inquire about this option for electronic claim submission.

NPI Requirements for Submission of Electronic Claims

In accordance with the HIPAA guidelines, DentaQuest has adopted the following NPI standards in order to simplify the submission of claims from all of our **providers**, conform to industry required standards and increase the accuracy and efficiency of claims administered by DentaQuest.

- Providers must register for the appropriate NPI classification at the following website <https://nppes.cms.hhs.gov/NPPES/Welcome.do> and provide this information to DentaQuest in its entirety.
- All providers must register for an Individual NPI. You may also be required to register for a group NPI (or as part of a group) dependant upon your designation.
- When submitting claims to DentaQuest you must submit all forms of NPI properly and in their entirety for claims to be accepted and processed accurately. If you registered as part of a group, your claims must be submitted with both the Group and Individual NPI's. These numbers are not interchangeable and could cause your claims to be returned to you as non-compliant.
- If you are presently submitting claims to DentaQuest through a clearinghouse or through a direct integration you need to review your integration to assure that it is in compliance with the revised HIPAA compliant 837D format. This information can be found on the 837D Companion Guide located on the Provider Web Portal.

Paper Claim Submission

- Claims must be submitted on ADA approved claim forms or other forms approved in advance by DentaQuest.
- Member name, identification number, and date of birth must be listed on all claims submitted. If the Member identification number is missing or miscoded on the claim form, the patient cannot be identified. This could result in the claim being returned to the submitting Provider office, causing a delay in payment.
- The paper claim must contain an acceptable provider signature.
- The Provider and office location information must be clearly identified on the claim. Frequently, if only the dentist signature is used for identification, the dentist's name cannot be clearly identified. Please include either a typed dentist (practice) name or the DentaQuest Provider identification number.
- The paper claim form must contain a valid provider NPI (National Provider Identification) number. In the event of not having this box on the claim form, the NPI must still be included on the form. The ADA claim form only supplies 2 fields to enter NPI. On paper claims, the Type 2 NPI identifies the payee, and may be submitted in conjunction with a Type 1 NPI to identify the dentist who provided the treatment. For example, on a standard ADA Dental Claim Form, the treating dentist's NPI is entered in field 54 and the billing entity's NPI is entered in field 49.
- The date of service must be provided on the claim form for each service line submitted.
- Approved ADA dental codes as published in the current CDT book or as defined in this manual must be used to define all services.
- List all quadrants, tooth numbers and surfaces for dental codes that necessitate identification (extractions, root canals, amalgams and resin fillings). Missing tooth and surface identification codes can result in the delay or denial of claim payment.
- Affix the proper postage when mailing bulk documentation. DentaQuest does not accept postage due mail. This mail will be returned to the sender and will result in delay of payment.

Claims should be mailed to the following address:

DentaQuest-Claims
PO Box 2906
Milwaukee, WI 53201-2906

Filing Limits

Each provider contract specifies a specific timeframe after the date of service for when a claim must be submitted to DentaQuest. Any claim submitted beyond the timely filing limit specified in the contract will be denied for "untimely filing." If a claim is denied for "untimely filing", the provider cannot bill the member. If DentaQuest is the secondary carrier, the timely filing limit begins with the date of payment or denial from the primary carrier.

Receipt and Audit of Claims

In order to ensure timely, accurate remittances to each participating Provider, DentaQuest performs an audit of all claims upon receipt. This audit validates Member eligibility, procedure codes and dentist identifying information. A DentaQuest Benefit Analyst analyzes any claim conditions that would result in non-payment. When potential problems are identified, your office may be contacted and asked to assist in resolving this problem. Please contact our Customer Service Department with any questions you may have regarding claim submission or your remittance.

Each DentaQuest Provider office receives an "explanation of benefit" report with their remittance. This report includes patient information and an allowable fee by date of service for each service rendered.

Direct Deposit

As a benefit to participating Providers, DentaQuest offers Direct Deposit for claims payments. This process improves payment turnaround times as funds are directly deposited into the Provider's banking account.

To receive claims payments through Direct Deposit, Providers must:

- Complete and sign the Direct Deposit Form found on the website.
- Attach a voided check to the form. The authorization cannot be processed without a voided check.
- Return the Direct Deposit Form and voided check to DentaQuest.
 - Via Fax - 262.241.4077 **or**
 - Via Mail -

DentaQuest USA Insurance Company, Inc.
PO Box 2906
Milwaukee, WI 53201-2906
ATTN: PEC Department

The Direct Deposit Form must be legible to prevent delays in processing. Providers should allow up to six weeks for Direct Deposit to be implemented after the receipt of completed paperwork. Providers will receive a bank note one check cycle prior to the first Direct Deposit payment.

Providers enrolled in Direct Deposit must notify DentaQuest of any changes to bank accounts such as: changes in routing or account numbers, or a switch to a different bank. All changes must be submitted via the Direct Deposit Form. Changes to bank accounts or

banking information typically take 2 -3 weeks. DentaQuest is not responsible for delays in funding if Providers do not properly notify DentaQuest in writing of any banking changes.

Providers enrolled in Direct Deposit are required to access their remittance statements online and will no longer receive paper remittance statements. Electronic remittance statements are located on DentaQuest's Dentist Portal. Providers may access their remittance statements by following these steps:

- Go to www.dentaquest.com
- Choose the Link called Login (located on the top)
- Choose 'Dentists in All other States'
- Enter user id and password
- Once logged in, select "Claims/Pre-Authorizations" and then "Explanation of Benefits Search".
- The remittance will display on the screen.

HEALTH INSURANCE PORTABILITY AND ACCOUNTABILITY ACT (HIPAA)

As a healthcare provider, your office is required to comply with all aspects of the HIPAA regulations in effect as indicated in the final publications of the various rules covered by HIPAA.

DentaQuest has implemented various operational policies and procedures to ensure that it is compliant with the Privacy, Administrative Simplification and Security Standards of HIPAA. One aspect of our compliance plan is working cooperatively with our providers to comply with the HIPAA regulations. In relation to the Privacy Standards, DentaQuest has previously modified its provider contracts to reflect the appropriate HIPAA compliance language. These contractual updates include the following in regard to record handling and HIPAA requirements:

- Maintenance of adequate dental/medical, financial and administrative records related to covered dental services rendered by Provider in accordance with federal and state law.
- Safeguarding of all information about Members according to applicable state and federal laws and regulations. All material and information, in particular information relating to Members or potential Members, which is provided to or obtained by or through a Provider, whether verbal, written, tape, or otherwise, shall be reported as confidential information to the extent confidential treatment is provided under state and federal laws.
- Neither DentaQuest nor Provider shall share confidential information with a Member's employer absent the Member's consent for such disclosure.
- Provider agrees to comply with the requirements of the Health Insurance Portability and Accountability Act ("HIPAA") relating to the exchange of information and shall cooperate with DentaQuest in its efforts to ensure compliance with the privacy regulations promulgated under HIPAA and other related privacy laws.

Provider and DentaQuest agree to conduct their respective activities in accordance with the applicable provisions of HIPAA and such implementing regulations.

In relation to the Administrative Simplification Standards, you will note that the benefit tables included in this ORM reflect the most current coding standards (CDT-4) recognized by the ADA. Effective the date of this manual, DentaQuest will require providers to submit all claims with the proper CDT-4 codes listed in this manual. In addition, all paper claims must be submitted on the current approved ADA claim form.

Note: Copies of DentaQuest's HIPAA policies are available upon request by contacting DentaQuest's Customer Service department at 1-844-241-5603 or via e-mail at denelig.benefits@dentaquest.com.

HIPAA Companion Guide

To view a copy of the most recent Companion Guide please visit our website at www.dentaquestgov.com. Once you have entered the website, click on the "Dentist" icon. From there choose your "State" and press go. You will then be able to log in using your password and ID. Once you have logged in, click on the link named "Related Documents" (located under the picture on the right hand side of the screen).

UTILIZATION MANAGEMENT PROGRAM

Introduction

Reimbursement to dentists for dental treatment rendered can come from any number of sources such as individuals, employers, insurance companies and local, state or federal government. The source of dollars varies depending on the particular program. For example, in traditional insurance, the dentist reimbursement is composed of an insurance payment and a patient coinsurance payment.

Community Practice Patterns

To do this, DentaQuest has developed a philosophy of Utilization Management that recognizes the fact that there exists, as in all healthcare services, a relationship between the dentist's treatment planning, treatment costs and treatment outcomes. The dynamics of these relationships, in any region, are reflected by the "community practice patterns" of local dentists and their peers. With this in mind, DentaQuest's Utilization Management Programs are designed to ensure the fair and appropriate distribution of healthcare dollars as defined by the regionally based community practice patterns of local dentists and their peers.

All utilization management analysis, evaluations and outcomes are related to these patterns. DentaQuest's Utilization Management Programs recognize that there exists a normal individual dentist variance within these patterns among a community of dentists and accounts for such variance. Also, specialty dentists are evaluated as a separate group and not with general dentists since the types and nature of treatment may differ.

Evaluation

DentaQuest's Utilization Management Programs evaluate claims submissions in such areas as:

- Diagnostic and preventive treatment;
- Patient treatment planning and sequencing;
- Types of treatment;
- Treatment outcomes; and
- Treatment cost effectiveness.

Results

DentaQuest's Utilization Management Programs will help identify those dentists whose patterns show significant deviation from the normal practice patterns of the community of their peer dentists (typically less than 5% of all dentists). When presented with such information, dentists will implement slight modification of their diagnosis and treatment processes that bring their practices back within the normal range. However, in some isolated instances, it may be necessary to recover reimbursement.

FRAUD AND ABUSE

Health care fraud and abuse occurs when someone knowingly submits or helps someone else submit false information related to a health care claim. Typical examples include:

- Filing claims for services not provided
- Forgoing receipts for altering information on original receipts
- Embellishing or lying about services provided or received
- Borrowing a subscriber's health plan identification card
- Altering of diagnosis or other records
- Billing for a more costly service than was actually performed (upcoding) or billing each stage of a procedure separately (unbundling)

The Utilization Review department performs compliance audits based on grievances, complaints or as the result of a Focused Review.

To report suspected fraud or abuse, please contact DentaQuest at 1-844-241-5603 or write to:

Utilization Review Department
DentaQuest
PO Box 2906
Milwaukee, WI 53201-2906

Providers may also send a fax to: 262-241-7366

QUALITY IMPROVEMENT PROGRAM

DentaQuest currently administers a Quality Improvement Program modeled after National Committee for Quality Assurance (NCQA) standards. The NCQA standards are adhered to as the standards apply to dental managed care. The Quality Improvement Program includes but is not limited to:

- Provider credentialing and re-credentialing.
- Member satisfaction surveys.
- Provider satisfaction surveys.
- Random Chart Audits.
- Complaint Monitoring and Trending.
- Peer Review Process.
- Utilization Management and practice patterns.
- Initial Site Reviews and Dental Record Reviews.
- Quarterly Quality Indicator tracking (i.e. complaint rate, appointment waiting time, access to care, etc.)

A copy of DentaQuest's Quality Improvement Program is available upon request by contacting DentaQuest's Customer Service Department at 1-844-241-5603 or via e-mail at:

denelig.benefits@dentaquest.com

CREDENTIALING

DentaQuest has the sole right to determine which dentists (DDS or DMD); it shall accept and continue as Participating Providers. The purpose of the credentialing plan is to provide a general guide for the acceptance, discipline and termination of Participating Providers. DentaQuest considers each Provider's potential contribution to the objective of providing effective and efficient dental services to Members of the Plan.

DentaQuest's credentialing process adheres to National Committee for Quality Assurance (NCQA) guidelines as the guidelines apply to dentistry.

Nothing in this Credentialing Plan limits DentaQuest's sole discretion to accept and discipline Participating Providers. No portion of this Credentialing Plan limits DentaQuest's right to permit restricted participation by a dental office or DentaQuest's ability to terminate a Provider's participation in accordance with the Participating Provider's written agreement, instead of this Credentialing Plan.

The Plan has the final decision-making power regarding network participation. DentaQuest will notify the Plan of all disciplinary actions enacted upon Participating Providers.

Appeal of Credentialing Committee Recommendations

If the Credentialing Committee recommends acceptance with restrictions or the denial of an application, the Committee will offer the applicant an opportunity to appeal the recommendation.

The applicant must request a reconsideration/appeal in writing and the request must be received by DentaQuest within 30 days of the date the Committee gave notice of its decision to the applicant.

Note: The aforementioned policies are available upon request by contacting DentaQuest's Customer Service department at 1-844-241-5603 or via e-mail at denelig.benefits@dentaquest.com.

THE PATIENT RECORD

A. Organization

1. The record must have areas for documentation of the following information:
 - a. Registration data including a complete health history.
 - b. Medical alert predominantly displayed inside chart jacket.
 - c. Initial examination data.
 - d. Radiographs.
 - e. Periodontal and Occlusal status.
 - f. Treatment plan/Alternative treatment plan.
 - g. Progress notes to include diagnosis, preventive services, treatment rendered, and medical/dental consultations.
 - h. Miscellaneous items (correspondence, referrals, and clinical laboratory reports).
2. The design of the record must provide the capability or periodic update, without the loss of documentation of the previous status, of the following information.
 - a. Health history.
 - b. Medical alert.
 - c. Examination/Recall data.
 - d. Periodontal status.
 - e. Treatment plan.
3. The design of the record must ensure that all permanent components of the record are attached or secured within the record.
4. The design of the record must ensure that all components must be readily identified to the patient, (i.e., patient name, and identification number on each page).
5. The organization of the record system must require that individual records be assigned to each patient.

B. Content-The patient record must contain the following:

1. Adequate documentation of registration information which requires entry of these items:
 - a. Patient's first and last name.
 - b. Date of birth.
 - c. Sex.
 - d. Address.
 - e. Telephone number.
 - f. Name and telephone number of the person to contact in case of emergency.

2. An adequate health history that requires documentation of these items:
 - a. Current medical treatment.
 - b. Significant past illnesses.
 - c. Current medications.
 - d. Drug allergies.
 - e. Hematologic disorders.
 - f. Cardiovascular disorders.
 - g. Respiratory disorders.
 - h. Endocrine disorders.
 - i. Communicable diseases.
 - j. Neurologic disorders.
 - k. Signature and date by patient.
 - l. Signature and date by reviewing dentist.
 - m. History of alcohol and/or tobacco usage including smokeless tobacco.

3. An adequate update of health history at subsequent recall examinations which requires documentation of these items:
 - a. Significant changes in health status.
 - b. Current medical treatment.
 - c. Current medications.
 - d. Dental problems/concerns.
 - e. Signature and date by reviewing dentist.

4. A conspicuously placed medical alert inside the chart jacket that documents highly significant terms from health history. These items are:
 - a. Health problems which contraindicate certain types of dental treatment.
 - b. Health problems that require precautions or pre-medication prior to dental treatment.
 - c. Current medications that may contraindicate the use of certain types of drugs or dental treatment.
 - d. Drug sensitivities.
 - e. Infectious diseases that may endanger personnel or other patients.

5. Adequate documentation of the initial clinical examination which is dated and requires descriptions of findings in these items:
 - a. Blood pressure. (Recommended)
 - b. Head/neck examination.
 - c. Soft tissue examination.
 - d. Periodontal assessment.
 - e. Occlusal classification.
 - f. Dentition charting.

6. Adequate documentation of the patient's status at subsequent Periodic/Recall examinations which is dated and requires descriptions of changes/new findings in these items:
 - a. Blood pressure. (Recommended)
 - b. Head/neck examination.
 - c. Soft tissue examination.
 - d. Periodontal assessment.
 - e. Dentition charting.

7. Radiographs which are:
 - a. Identified by patient name.
 - b. Dated.
 - c. Designated by patient's left and right side.
 - d. Mounted (if intraoral films).
8. An indication of the patient's clinical problems/diagnosis.
9. Adequate documentation of the treatment plan (including any alternate treatment options) that specifically describes all the services planned for the patient by entry of these items:
 - a. Procedure.
 - b. Localization (area of mouth, tooth number, surface).
10. An Adequate documentation of the periodontal status, if necessary, which is dated and requires charting of the location and severity of these items:
 - a. Periodontal pocket depth.
 - b. Furcation involvement.
 - c. Mobility.
 - d. Recession.
 - e. Adequacy of attached gingiva.
 - f. Missing teeth.
11. An adequate documentation of the patient's oral hygiene status and preventive efforts which requires entry of these items:
 - a. Gingival status.
 - b. Amount of plaque.
 - c. Amount of calculus.
 - d. Education provided to the patient.
 - e. Patient receptiveness/compliance.
 - f. Recall interval.
 - g. Date.
12. An adequate documentation of medical and dental consultations within and outside the practice which requires entry of these items:
 - a. Provider to whom consultation is directed.
 - b. Information/services requested.
 - c. Consultant's response.
13. Adequate documentation of treatment rendered which requires entry of these items:
 - a. Date of service/procedure.
 - b. Description of service, procedure and observation. Documentation in treatment record must contain documentation to support the level of American Dental Association Current Dental Terminology code billed as detailed in the nomenclature and descriptors. Documentation must be written on a tooth by tooth basis for a per tooth code, on a quadrant basis for a quadrant code and on a per arch basis for an arch code.
 - c. Type and dosage of anesthetics and medications given or prescribed.
 - d. Localization of procedure/observation. (tooth #, quadrant etc.)
 - e. Signature of the Provider who rendered the service.

14. Adequate documentation of the specialty care performed by another dentist that includes:
 - a. Patient examination.
 - b. Treatment plan.
 - c. Treatment status.

C. Compliance

1. The patient record has one explicitly defined format that is currently in use.
2. There is consistent use of each component of the patient record by all staff.
3. The components of the record that are required for complete documentation of each patient's status and care are present.
4. Entries in the records are legible.
5. Entries of symbols and abbreviations in the records are uniform, easily interpreted and are commonly understood in the practice.

PATIENT RECALL SYSTEM REQUIREMENTS

A. Recall System Requirement

Each participating DentaQuest office is required to maintain and document a formal system for patient recall. The system can utilize either written or phone contact. Any system should encompass routine patient check-ups, cleaning appointments, follow-up treatment appointments, and missed appointments for any health plan Member that has sought dental treatment.

If a written process is utilized, the following language is suggested for missed appointments:

- A. "We missed you when you did not come for your dental appointment on month/date. Regular check-ups are needed to keep your teeth healthy."
- B. "Please call to reschedule another appointment. Call us ahead of time if you cannot keep the appointment. Missed appointments are very costly to us. Thank you for your help."
- C. Contact the Member by phone or postcard prior to the appointment to remind the individual of the time and place of the appointment.
- D. If the appointment is made through a government supported screening program, contact staff from these programs to ensure that scheduled appointments are kept.

B. Office Compliance Verification Procedures

- E. In conjunction with its office claim audits described in section 4, DentaQuest will measure compliance with the requirement to maintain a patient recall system.
- F. DentaQuest Dentists are expected to meet minimum standards with regards to appointment availability.
- G. Urgent care must be available within 48 hours.
- H. Emergency care must be available within 24 hours.

Follow-up appointments must be scheduled within 30 days of the present treatment date, as appropriate.

RADIOLOGY REQUIREMENTS

Note: Please refer to benefit tables for radiograph benefit limitations

DentaQuest utilizes the guidelines published by the Department of Health and Human Services, Center for Devices and Radiological Health. These guidelines were developed in conjunction with the Food and Drug Administration.

A. Radiographic Examination of the New Patient

1. Child – Primary Dentition

The Panel recommends posterior bitewing radiographs for a new patient, with a primary dentition and closed proximal contacts.

2. Child – Transitional Dentition

The Panel recommends an individualized Periapical/Occlusal examination with posterior bitewings OR a panoramic radiograph and posterior bitewings, for a new patient with a transitional dentition.

3. Adolescent – Permanent Dentition Prior to the eruption of the third molars

The Panel recommends an individualized radiographic examination consisting of selected periapicals with posterior bitewings for a new adolescent patient.

4. Adult – Dentulous

The Panel recommends an individualized radiographic examination consisting of selected periapicals with posterior bitewings for a new dentulous adult patient.

5. Adult – Edentulous

The Panel recommends a full-mouth intraoral radiographic survey OR a panoramic radiograph for the new edentulous adult patient.

B. Radiographic Examination of the Recall Patient

1. Patients with clinical caries or other high – risk factors for caries

a. Child – Primary and Transitional Dentition

The Panel recommends that posterior bitewings be performed at a 6-12 month interval for those children with clinical caries or who are at increased risk for the development of caries in either the primary or transitional dentition.

b. Adolescent

The Panel recommends that posterior bitewings be performed at a 6-12 month interval for adolescents with clinical caries or who are at increased risk for the development of caries.

c. Adult – Dentulous

The Panel recommends that posterior bitewings be performed at a 6-12 month interval for adults with clinical caries or who are at increased risk for the development of caries.

d. Adult – Edentulous

The Panel found that an examination for occult disease in this group cannot be justified on the basis of prevalence, morbidity, mortality, radiation dose and cost. Therefore, the Panel recommends that no radiographs be performed for edentulous recall patients without clinical signs or symptoms.

2. Patients with no clinical caries and no other high risk factors for caries

a. Child – Primary Dentition

The Panel recommends that posterior bitewings be performed at an interval of 12-24 months for children with a primary dentition with closed posterior contacts that show no clinical caries and are not at increased risk for the development of caries.

b. Adolescent

The Panel recommends that posterior bitewings be performed at intervals of 12-24 months for patients with a transitional dentition who show no clinical caries and are not at an increased risk for the development of caries.

c. Adult – Dentulous

The Panel recommends that posterior bitewings be performed at intervals of 24-36 months for dentulous adult patients who show no clinical caries and are not at an increased risk for the development of caries.

3. Patients with periodontal disease, or a history of periodontal treatment for Child – Primary and Transitional Dentition, Adolescent and Dentulous Adult

The Panel recommends an individualized radiographic survey consisting of selected periapicals and/or bitewing radiographs of areas with clinical evidence or a history of periodontal disease, (except nonspecific gingivitis).

4. Growth and Development Assessment

a. Child – Primary Dentition

The panel recommends that prior to the eruption of the first permanent tooth, no radiographs be performed to assess growth and development at recall visits in the absence of clinical signs or symptoms.

b. Child – Transitional Dentition

The Panel recommends an individualized periapical/occlusal series OR a panoramic radiograph to assess growth and development at the first recall visit for a child after the eruption of the first permanent tooth.

c. Adolescent

The Panel recommends that for the adolescent (age 16-19 years of age) recall patient, a single set of periapicals of the wisdom teeth OR a panoramic radiograph.

d. Adult

The Panel recommends that no radiographs be performed on adults to assess growth and development in the absence of clinical signs or symptoms.

CLINICAL CRITERIA

The criteria outlined in DentaQuest's Provider Office Reference Manual are based around procedure codes as defined in the American Dental Association's Code Manuals. Documentation requests for information regarding treatment using these codes are determined by generally accepted dental standards for authorization, such as radiographs, periodontal charting, treatment plans, or descriptive narratives. In some instances, the State legislature will define the requirements for dental procedures.

These criteria were formulated from information gathered from practicing dentists, dental schools, ADA clinical articles and guidelines, insurance companies, as well as other dental related organizations. These criteria and policies must meet and satisfy specific State and Health Plan requirements as well. They are designed as guidelines for authorization and payment decisions and are not intended to be all-inclusive or absolute. Additional narrative information is appreciated when there may be a special situation.

We hope that the enclosed criteria will provide a better understanding of the decision-making process for reviews. We also recognize that "local community standards of care" may vary from region to region and will continue our goal of incorporating generally accepted criteria that will be consistent with both the concept of local community standards and the current ADA concept of national community standards. Your feedback and input regarding the constant evolution of these criteria is both essential and welcome. DentaQuest shares your commitment and belief to provide quality care to Members and we appreciate your participation in the program.

Please remember these are generalized criteria. Services described may not be covered in your particular program. In addition, there may be additional program specific criteria regarding treatment. Therefore it is essential you review the Benefits Covered Section before providing any treatment.

The clinical criteria presented in this section are the criteria that DentaQuest will use for making medical necessity determinations for prior authorizations, post payment review and retrospective review. In addition, please review the general benefit limitations presented in [Exhibit A](#) of this manual for additional information on medical necessity on a per code basis.

Failure to submit the required documentation may result in a disallowed request and/or a denied payment of a claim related to that request. Prior authorization is required for orthodontic treatment and any procedure requiring in-patient or outpatient treatment in any hospital or surgery center. Some services require pre-payment review; these services are detailed in [Exhibit A](#) Benefits Covered in the "Review Required" column.

For all procedures, every Provider in the DentaQuest program is subject to random chart/treatment audits. Providers are required to comply with any request for records. These audits may occur in the Provider's office as well as in the office of DentaQuest. The Provider will be notified in writing of the results and findings of the audit.

DentaQuest providers are required to maintain comprehensive treatment records that meet professional standards for risk management. Please refer to the "Patient Record" section for additional detail.

Documentation in the treatment record must justify the need for the procedure performed due to medical necessity, for all procedures rendered. Appropriate diagnostic pre-operative radiographs clearly showing the adjacent and opposing teeth and substantiating any pathology or caries present are required. Post-operative radiographs are required for endodontic procedures and permanent crown placement to confirm quality of care. In the event that radiographs are not available or cannot be obtained,

diagnostic quality intraoral photographs must substantiate the need for procedures rendered.

Failure to provide the required documentation, adverse audit findings, or the failure to maintain acceptable practice standards may result in sanctions including, but not limited to, recoupment of benefits on paid claims, follow-up audits, or removal of the Provider from the DentaQuest Provider Panel.

Multistage procedures are reported and may be reimbursed upon completion. The completion date is the date of insertion for removable prosthetic appliances. The completion date for immediate dentures is the date that the remaining teeth are removed and the denture is inserted. The completion date for fixed partial dentures and crowns, onlays, and inlays is the cementation date regardless of the type of cement utilized. The completion date for endodontic treatment is the date the canals are permanently filled.

Criteria for Dental Extractions

Although all extractions must be medically necessary, not all procedures require authorization. Extraction of primary or permanent teeth in individuals under age 21 does not require authorization unless the teeth are impacted wisdom teeth or residual tooth roots to be surgically removed. Removal of primary teeth whose exfoliation is imminent does not meet criteria for extraction.

Documentation needed for authorization procedure:

- Diagnostic radiographs (strongly encourage digital) that are labeled Right (R) and Left (L) and the date the radiographs were taken, not submitted, showing clearly the adjacent and opposing teeth submitted for authorization review; bitewings, periapicals or panorex.
- Treatment rendered under emergency conditions when, authorization is not possible, will still require that appropriate radiographs showing clearly the adjacent and opposing teeth be submitted with the claim for review for payment. Authorization for extraction of impacted third molars. Benefit review decisions for authorization of extracting impacted third molar teeth will be based upon medical necessity and upon appropriate code utilization for the current ADA codes D7220, D7230, D7240, and D7241.
- Benefit review decisions for the authorization of extracting unerupted third molar teeth will be based upon medical necessity and upon appropriate CDT utilization.
- The prophylactic removal of disease-free third molars is not considered medically necessary and, therefore, will not be authorized.
- For an extraction to be considered medically necessary An unerupted third molar must show pathology, or
- An unerupted third molar must demonstrate, by radiographic evidence, both an aberrant tooth position beyond normal variations and substantial (> 50%) root formation.
- When at least a single third molar meets the criteria above, the DBM may, at its complete clinical discretion and on a case-by-case basis, approve the extraction of additional third molars to prevent potential, multiple exposures of the patient to general anesthesia. During the benefit-review when this scenario presents itself, proper code use and the existence of substantial root development in each unerupted third molar tooth will be considered.
- Discomfort associated with localized inflammation from natural tooth eruption not caused by pathology or an aberrant tooth position will not qualify an extraction for authorization.

Criteria for Cast Crowns

Documentation needed for authorization of procedure:

- Appropriate radiographs showing clearly the adjacent and opposing teeth should be submitted for authorization review: bitewings, periapicals or panorex.

- Treatment rendered without necessary authorization will still require that sufficient and appropriate radiographs showing clearly the adjacent and opposing teeth be submitted with the claim for review for payment.

Criteria

- In general, criteria for crowns will be met only for permanent teeth needing multi-surface restorations where other restorative materials have a poor prognosis.
- Permanent molar teeth must have pathologic destruction to the tooth by caries or trauma, and should involve four or more surfaces and two or more cusps.
- Permanent bicuspid teeth must have pathologic destruction to the tooth by caries or trauma, and should involve three or more surfaces and at least one cusp.
- Permanent anterior teeth must have pathologic destruction to the tooth by caries or trauma, and must involve four or more surfaces and at least 50% of the incisal edge.

A request for a crown following root canal therapy must meet the following criteria

- Request should include a dated post-endodontic radiograph.
- Tooth should be filled sufficiently close to the radiological apex to ensure that an apical seal is achieved, unless there is a curvature or calcification of the canal that limits the ability to fill the canal to the apex.
- The filling must be properly condensed/obturated. Filling material does not extend excessively beyond the apex.

To meet criteria, a crown must be opposed by a tooth or denture in the opposite arch or be an abutment for a partial denture.

- The patient must be free from active and advanced periodontal disease.
- The fee for crowns includes the temporary crown that is placed on the prepared tooth and worn while the permanent crown is being fabricated for permanent teeth.
- Cast Crowns on permanent teeth are expected to last, at a minimum, five years.

Authorizations for Crowns will not meet criteria if:

- A lesser means of restoration is possible.
- Tooth has subosseous and/or furcation caries.
- Tooth has advanced periodontal disease.
- Tooth is a primary tooth.
- Crowns are being planned to alter vertical dimension.

Criteria for Endodontics

Documentation needed for authorization of procedure:

- Diagnostic radiographs (strongly encourage digital) showing clearly the adjacent and opposing teeth and a pre-operative radiograph of the tooth to be treated; bitewings, periapicals or panorex. A dated post-operative radiograph must be submitted showing properly condensed/obtured canal(s), for review for payment.

Note: Failure to submit the required documentation may result in a denied request and denied payment of a claim related to that request.

Extensive treatment plans including endodontics, implants, prosthodontics, or multiple crowns may require a second opinion as determined by DentaQuest.

Authorization for Pulpotomy must meet the following criteria:

- A pulpotomy is performed in a primary tooth with extensive caries but without evidence of radicular pathology when caries removal results in a carious or mechanical pulp exposure. The coronal pulp is amputated and the remaining vital radicular pulp tissue is treated with a long-term clinically successful medicament.
- A pulpotomy is indicated when caries removal results in pulp exposure in a primary tooth with a normal pulp or reversible pulpitis or after a traumatic pulp exposure. The objective is to maintain an asymptomatic tooth without clinical signs of sensitivity, pain, or swelling.

Root canal therapy is performed in order to maintain teeth that have been damaged through trauma or carious exposure.

Authorization for Root canal therapy must meet the following criteria:

- Fill should be sufficiently close to the radiological apex to ensure that an apical seal is achieved, unless there is a curvature or calcification of the canal that limits the dentist's ability to fill the canal to the apex.
- Fill must be properly condensed/obtured. Filling material does not extend excessively beyond the apex.

Authorizations for root canal therapy will not meet criteria if:

- Gross periapical or periodontal pathosis is demonstrated radiographically
- (caries subcrestal or to the furcation, deeming the tooth non-restorable).
- The general oral condition does not justify root canal therapy due to loss of arch integrity.
- Root canal therapy is for third molars, unless they are an abutment for a partial denture.
- Tooth does not demonstrate 50 percent bone support.
- Root canal therapy is in anticipation of placement of an overdenture.
- Filling material not accepted by the Federal Food and Drug Administration (e.g. Sargenti filling material) is used.

Other considerations:

- Root canal therapy for permanent teeth includes diagnosis, extirpation of the pulp, shaping and enlarging the canals, temporary fillings, filling and obliteration of root canal(s), and progress radiographs, including a root canal fill radiograph.
- In cases where the root canal filling does not meet DentaQuest's treatment standards, DentaQuest can require the procedure to be redone at no additional cost. Any reimbursement already made for an inadequate service may be recouped

Criteria for Stainless Steel Crowns

- Prophylactic use of stainless steel crowns is not a covered benefit.

Although authorization for Stainless Steel Crowns are not required, documentation justifying the need for treatment using Stainless Steel Crowns must be made available upon request for review by DentaQuest pre-operatively or post-operatively and include the following:

- Appropriate diagnostic radiographs clearly showing the adjacent and opposing teeth and pathology or caries-detecting intra-oral photographs if radiographs could not be made.
- Copy of patient's dental record* with complete caries charting and dental anomalies Copy of detailed treatment plan.

Note: Failure to submit the required documentation if requested may result in the recoupment of benefits on a paid claim.

Criteria:

- In general, criteria for stainless steel crowns will be met only for teeth needing multi-surface restorations or where amalgams, composites, and other restorative materials have a poor prognosis.
- Permanent molar teeth should have pathologic destruction to the tooth by caries or trauma, and should involve four or more surfaces and/or two or more cusps.
- Permanent bicuspid teeth should have pathologic destruction to the tooth by caries or trauma, and should involve three or more surfaces and at least one cusp.
- Permanent anterior teeth should have pathologic destruction to the tooth by caries or trauma, and should involve four or more surfaces and at least 50% of the incisal edge.
- Primary anterior teeth should have pathologic destruction to the tooth by caries or trauma and should involve two or more surfaces or incisal decay resulting in an enamel shell.
- Primary molars should have pathologic destruction to the tooth by caries or trauma, and should involve two or more surfaces or substantial occlusal decay resulting in an enamel shell.
- Primary teeth that have had a pulpotomy or pulpectomy performed.

Note: DentaQuest may require a second opinion for requests of more than 4 stainless steel crowns per patient.

Note: If a participating Provider fails to comply with the medical necessity guidelines for stainless steel crowns, DentaQuest will initiate corrective action, which may include imposition of prior authorization for this procedure.

An authorization for a crown on a permanent tooth following root canal therapy must meet the following criteria:

- Should include a dated post-endodontic radiograph.
- Tooth should be filled sufficiently close to the radiological apex to ensure that an apical seal is achieved, unless there is a curvature or calcification of the canal that limits the dentist's ability to fill the canal to the apex.
- The filling must be properly condensed/obturated. Filling material does not extend excessively beyond the apex.
- To meet criteria, a crown must be opposed by a tooth or denture in the opposite arch or be an abutment for a partial denture.
- The patient must be free from active and advanced periodontal disease.
- The permanent tooth must be at least 50% supported in bone.
- Stainless steel crowns on permanent teeth are expected to last five years.

Criteria for treatment using stainless steel crowns will not be met if:

- A lesser means of restoration is possible.
- Tooth has subosseous and/or furcation caries.
- Tooth has advanced periodontal disease.
- Tooth is a primary tooth with exfoliation imminent
- Crowns are being planned to alter vertical dimension
- Tooth has no apparent pathologic destruction due to caries or trauma

Criteria for Authorization of Operating Room (OR) Cases

Documentation needed for authorization of procedure:

- Treatment Plan (prior-authorized, if necessary).
- Narrative describing medical necessity for OR.

All Operating Room (OR) Cases Must be Authorized.

Provider should submit services to DentaQuest for authorization. Upon receipt of approval from DentaQuest, Provider should contact health plan for facility authorization.

Criteria

In most cases, OR will be authorized (for procedures covered by health plan) if the following is (are) involved:

- Young children requiring extensive operative procedures such as multiple restorations, treatment of multiple abscesses, and/or oral surgical procedures if authorization documentation indicates that in-office treatment (nitrous oxide or IV sedation) is not appropriate and hospitalization is not solely based upon reducing, avoiding or controlling apprehension, or upon Provider or Member convenience.
- Patients requiring extensive dental procedures and classified as American Society of Anesthesiologists (ASA) class III and ASA class IV (Class III – patients with uncontrolled disease or significant systemic disease; for recent MI, recent stroke, new chest pain, etc. Class IV – patient with severe systemic disease that is a constant threat to life).
- Medically compromised patients whose medical history indicates that the monitoring of vital signs or the availability of resuscitative equipment is necessary during extensive dental procedures.
- Patients requiring extensive dental procedures with a medical history of uncontrolled bleeding, severe cerebral palsy, or other medical condition that renders in-office treatment not medically appropriate.
- Patients requiring extensive dental procedures who have documentation of psychosomatic disorders that require special treatment.
- Cognitively disabled individuals requiring extensive dental procedures whose prior history indicates hospitalization is appropriate.

Criteria for Removable Prosthodontics (Full and Partial Dentures)

Documentation needed for authorization of procedure:

- Treatment plan.
- Appropriate radiographs showing clearly the adjacent and opposing teeth must be submitted for authorization review: bitewings, periapicals or panorex.

- Treatment rendered without necessary authorization will still require appropriate radiographs showing clearly the adjacent and opposing teeth be submitted with the claim for review for payment.

Criteria

Prosthetic services are intended to restore oral form and function due to premature loss of permanent teeth that would result in significant occlusal dysfunction.

- A denture is determined to be an initial placement if the patient has never worn prosthesis. This does not refer to just the time a patient has been receiving treatment from a certain Provider.
- Partial dentures are covered only for recipients with good oral health and hygiene, good periodontal health (AAP Type I or II), and a favorable prognosis where continuous deterioration is not expected.
- Radiographs must show no untreated cavities or active periodontal disease in the abutment teeth, and abutments must be at least 50% supported in bone.
- As part of any removable prosthetic service, dentists are expected to instruct the patient in the proper care of the prosthesis.
- In general, if there is a pre-existing removable prosthesis (includes partial and full dentures), it must be at least 5 years old and unserviceable to qualify for replacement.
- Fabrication of a removable prosthetic includes multiple steps(appointments) these multiple steps (impressions, try-in appointments, delivery etc.) are inclusive in the fee for the removable prosthetic and as such not eligible for additional compensation.

The replacement teeth should be anatomically full sized teeth.

Authorizations for removable prosthesis will not meet criteria:

- If there is a pre-existing prosthesis which is not at least 5 years old and unserviceable.
- If good oral health and hygiene, good periodontal health, and a favorable prognosis are not present.
- If there are untreated cavities or active periodontal disease in the abutment teeth.
- If abutment teeth are less than 50% supported in bone.
- If the recipient cannot accommodate and properly maintain the prosthesis (i.e.. Gag reflex, potential for swallowing the prosthesis, severely handicapped).
- If the recipient has a history or an inability to wear a prosthesis due to psychological or physiological reasons.
- If a partial denture, less than five years old, is converted to a temporary or permanent complete denture.
- If extensive repairs are performed on marginally functional partial dentures, or when a new partial denture would be better for the health of the recipient.

However, adding teeth and/or a clasp to a partial denture is a covered benefit if the addition makes the denture functional.

Criteria

- If there is a pre-existing prosthesis, it must be at least 5 years old and unserviceable to qualify for replacement.
- Adjustments, repairs and relines are included with the denture fee within the first 6 months after insertion. After 6 months of denture placement.
- A new prosthesis will not be reimbursed for within 24 months of reline or repair of the existing prosthesis unless adequate documentation has been presented that all procedures to render the denture serviceable have been exhausted.
- Adjustments will be reimbursed at one per calendar year per denture.
- Repairs will be reimbursed at two repairs per denture per year, with five total denture repairs per 5 years.
- Relines will be reimbursed once per denture every 36 months.
- Replacement of lost, stolen, or broken dentures less than 5 years of age usually will not meet criteria for pre-authorization of a new denture.
- The use of preformed dentures with teeth already mounted (that is, teeth set in acrylic before the initial impression) cannot be used for the fabrication of a new denture.
- All prosthetic appliances shall be inserted in the mouth and adjusted before a claim is submitted for payment.
- When billing for partial and complete dentures, dentists must list the date that the dentures or partials were inserted as the date of service. Recipients must be eligible on that date in order for the denture service to be covered.

Criteria for the Excision of Bone Tissue

To ensure the proper seating of a removable prosthetic (partial or full denture) some treatment plans may require the removal of excess bone tissue prior to the fabrication of the prosthesis. Clinical guidelines have been formulated for the dental consultant to ensure that the removal of tori (mandibular and palatal) is an appropriate course of treatment prior to prosthetic treatment.

Code D7471 (CDT-4) is related to the removal of the lateral exostosis. This code is subject to authorization and may be reimbursed for when submitted in conjunction with a treatment plan that includes removable prosthetics. These determinations will be made by the appropriate dental specialist/consultant.

Authorization requirements:

- Appropriate radiographs and/or intraoral photographs/bone scans which clearly identify the lateral exostosis must be submitted for authorization review; bitewings, periapicals or panorex.
- Treatment plan – includes prosthetic plan.
- Narrative of medical necessity, if appropriate.

- Study model or photo clearly identifying the lateral exostosis (es) to be removed.

Criteria for the Determination of a Non-Restorable Tooth

In the application of clinical criteria for benefit determination, dental consultants must consider the overall dental health. A tooth that is determined to be non-restorable may be subject to an alternative treatment plan.

A tooth may be deemed non-restorable if one or more of the following criteria are present:

- The tooth presents with greater than a 75% loss of the clinical crown.
- The tooth has less than 50% bone support.
- The tooth has subosseous and/or furcation caries.
- The tooth is a primary tooth with exfoliation imminent.
- The tooth apex is surrounded by severe pathologic destruction of the bone.
- The overall dental condition (i.e. periodontal) of the patient is such that an alternative treatment plan would be better suited to meet the patient's needs.

Criteria for General Anesthesia and Intravenous (IV) Sedation

Documentation needed for authorization of procedure:

- Treatment plan (authorized if necessary).
- Narrative describing medical necessity for general anesthesia or IV sedation.
- Treatment rendered under emergency conditions, when authorization is not possible, will still require submission of treatment plan and narrative of medical necessity with the claim for review for payment.

Criteria

Requests for general anesthesia or IV sedation will be authorized (for procedures Covered by health plan) if any of the following criteria are met:

Extensive or complex oral surgical procedures such as:

- Impacted wisdom teeth.
- Surgical root recovery from maxillary antrum.
- Surgical exposure of impacted or unerupted cuspids.
- Radical excision of lesions in excess of 1.25 cm.

And/or one of the following medical conditions:

- Medical condition(s) which require monitoring (e.g. cardiac problems, severe hypertension).

- Underlying hazardous medical condition (cerebral palsy, epilepsy, mental retardation, including Down's syndrome) which would render patient non-compliant.
- Documented failed sedation or a condition where severe periapical infection would render local anesthesia ineffective.
- Patients 3 years old and younger with extensive procedures to be accomplished.

Criteria for Short Procedure Units (SPU)

Documentation needed to authorization of procedure:

- Radiographs.
- Treatment notes.
- Documentation of medical.

All SPU Cases Must be Authorized.

Provider should submit services to DentaQuest for authorization. Upon receipt of approval for dental services from DentaQuest, Provider should contact Health Plan for facility authorization. Refer to Section 3.00 for telephone numbers.

In most cases, short procedures units will be approved (for procedures covered by health plan) if the following is (are) involved:

- Young children requiring extensive operative procedures such as multiple restorations, treatment of abscesses or oral surgical procedures if authorization documentation indicates that in-office treatment (nitrous oxide or IV sedation) is not appropriate and hospitalization is not solely based upon reducing, avoiding or controlling apprehension.
- Patients requiring extensive dental procedures and classified as American Society of Anesthesiologists (ASA) class III and ASA class IV (Class III – patients with uncontrolled disease or significant systemic disease; for example, poorly controlled hypertension, poorly controlled diabetes, upper respiratory infection, an arrhythmia, recent MI, recent stroke, new chest pain, etc. Class IV – patient with severe systemic disease that is a constant threat to life).
- Medically compromised patients whose medical history indicates that the monitoring of vital signs, or the availability of resuscitative equipment is necessary during dental procedures.
- Patients requiring extensive dental procedures with a medical history of uncontrolled bleeding, severe cerebral palsy, or other medical condition that renders in-office treatment not medically appropriate.
- Patients requiring extensive dental procedures who have documentation of psychosomatic disorders that require special treatment.

Criteria for Periodontal Treatment

Documentation needed for authorization of procedure:

- Radiographs – periapicals or bitewings preferred.

- Complete periodontal charting with AAP Case Type.
- Treatment plan.

Periodontal scaling and root planing, per quadrant involves instrumentation of the crown and root surfaces of the teeth to remove plaque and calculus from these surfaces. It is indicated for patients with periodontal disease and is therapeutic, not prophylactic in nature. Root planing is the definitive procedure designed for the removal of cementum and dentin that is rough, and/or permeated by calculus or contaminated with toxins or microorganisms. Some soft tissue removal occurs. This procedure may be used as a definitive treatment in some stages of periodontal disease and as a part of pre-surgical procedures in others.

It is anticipated that this procedure would be requested in cases of severe periodontal conditions (i.e. late Type II, III, IV periodontitis) where definitive comprehensive root planing requiring local/regional block anesthesia and several appointments would be indicated.

From the American Academy of Periodontology (AAP) Policy on Scaling and Root Planing:

“Periodontal scaling is a treatment procedure involving instrumentation of the crown and root surfaces of the teeth to remove plaque, calculus, and stains from these surfaces. It is performed on patients with periodontal disease and is therapeutic, not prophylactic, in nature. Periodontal scaling may precede root planing, which is the definitive, meticulous treatment procedure to remove cementum and/or dentin that is rough and may be permeated by calculus, or contaminated with toxins or microorganisms. Periodontal scaling and root planing are arduous and time consuming. They may need to be repeated and may require local anesthetic.”

Criteria

- A minimum of four (4) teeth affected in the quadrant.
- Periodontal charting indicating abnormal pocket depths in multiple sites.
- Additionally at least one of the following must be present:
 - 1) Radiographic evidence of root surface calculus.
 - 2) Radiographic evidence of noticeable loss of bone support.

Criteria for Orthodontic Services

Documentation

Orthodontic services are covered for Enrollees under 19. Orthodontic treatment for cosmetic purposes is not a covered benefit. If DentaQuest does not score the Member's malocclusion severity assessment (MSA) at 28 or above, DentaQuest will determine whether orthodontic services are medically necessary to treat one of the medical conditions contained in the definition of handicapping malocclusion. If DentaQuest has determined that malocclusion scores 28 or above on the DentaQuest approved MSA, orthodontic services are covered. The following outlines the policies and procedures associated with Orthodontics covered under the dental program:

1. Members must be referred to an orthodontist by a General or Pediatric Dentist.
2. DentaQuest will refer Members to licensed orthodontists or pediatric dentists who have received specialty training in orthodontics as part of their core curriculum.

3. Providers should contact DentaQuest on each date of service to verify eligibility. Orthodontic services will only be reimbursed if rendered on a day when the Member is eligible.
4. Orthodontic cases must be submitted to DentaQuest for approval through one of the following means:

- a. Submission of a duplicate set of diagnostic quality photographs (photographs will not be returned) to include:

1. Facial photographs (right and left profiles in addition to a straight on facial view)
2. Frontal view, in occlusion, straight on view
3. Frontal view, in occlusion, from a low angle
4. Right buccal view, in occlusion
5. Left buccal view, in occlusion
6. Maxillary occlusal view
7. Mandibular occlusal view

- b. Submission of the alginate to OrthoCAD. OrthoCAD will enable dental Providers to send electronic models to DentaQuest electronically. OrthoCAD offers a low cost alternative to submitting plaster models. The threat of broken, lost or otherwise compromised models is eliminated. All you need is a computer and Internet access.

- c. In lieu of the above photographic requirement, DentaQuest will accept a duplicate set of diagnostic quality photographs of study models (photographs will not be returned) with the following parameters:

1. Occlusal view of the maxillary arch
2. Occlusal view of the mandibular arch
3. Right buccal view, in occlusion
4. Left buccal view, in occlusion
5. Facial view, straight on and low angle, in occlusion
6. Posterior view of models in occlusion

- d. DentaQuest will accept a duplicate cast of the study models. Study models will not be returned.

5. A completed an Orthodontic Readiness Necessity Form must be submitted to DentaQuest by the orthodontist or Pediatric dentist who is seeking authorization.

6. Evidence in the form of a letter from a Speech Pathologist or Licensed Physician to support evidence of Handicapping Malocclusion for inability to eat, speak, chew, or prove nutritional deficiency.

Authorization

Duplicate photographs and all other applicable documentation sent to DentaQuest by the Provider via regular mail or OrthoCAD will not be returned to the dentist. DentaQuest's orthodontic consultants utilize the photographs, OrthoCAD, radiographs and any applicable narrative to determine the medical necessity of the case.

MISSOURI DENTAQUEST INDIVIDUAL

Product Name	Type I Services: Preventative & Diagnostic	Type II Services: Restorative and Other Basic Services	Type III Services: Complex and Major Restorative Dental Services	Type IV Services: Medically Necessary Orthodontic Services	Cal Year Deductible on Type II & III Services (individual/family)	Cal Year Maximum (per person) <u>Age 19+ Only</u>	Member Out-of-Pocket maximum Required for <u>Under 19 Only</u>
DentaQuest PPO Pediatric High	100% In & OON	80% In & OON	50% In & OON	50% In & OON	\$50	NA	\$350 per person
DentaQuest PPO Family High Includes Pediatric EHB	100% In & OON	80% In & OON Waiting periods- 19+ only - 6 months	50% In & OON Waiting periods- 19+only - 12 months	50% In & OON Under 19 ONLY	\$50/\$150	\$1,500	\$350 for 1 individual <19 and \$700 for 2 or more individuals <19
DentaQuest PPO Family Low Includes Pediatric EHB	100% In & OON	Under 19 40% In & OON 19 + 50% In & OON Waiting periods- 19+only - 6 months	Under 19 40% In & OON 19+ 50% In & OON Waiting periods- 19+only - 12 months	Under 19 40% In & OON Under 19 ONLY	\$50/\$150	\$1,000	\$350 for 1 individual <19 and \$700 for 2 or more individuals <19

WAITING PERIODS

For covered individuals under the age of 19 there is no waiting period.

For covered individuals age 19 and older:

- o Preventative & Diagnostic Services there are no waiting periods.
- o Restorative and Other Basic Services are subject to a six (6) month waiting period.
- o Complex and Major Restorative Dental Services are subject to a twelve (12) month waiting period.

DENTAQUEST AUTHORIZATION PROCESS

IMPORTANT

For procedures where “Authorization Required” fields indicate “yes”.

Please review the information below on when to submit documentation to DentaQuest. The information refers to the “Documentation Required” field in the Benefits Covered section (Exhibits). In this section, documentation may be requested to be sent prior to beginning treatment or “with claim” after completion of treatment.

When documentation is requested:

“Authorization Required” Field	“Documentation Required” Field	Treatment Condition	When to Submit Documentation
Yes	Documentation Requested	Non-emergency (routine)	Send documentation prior to beginning treatment
Yes	Documentation Requested	Emergency	Send documentation with claim after treatment

When documentation is requested “with claim:”

“Authorization Required” Field	“Documentation Required” Field	Treatment Condition	When to Submit Documentation
Yes	Documentation Requested with Claim	Non-emergency (routine) or emergency	Send documentation with claim after treatment

HANDICAPPING LABIO-LINGUAL DEVIATION (HLD) INDEX SCORE SHEET

(You will need this score sheet and a Boley Gauge or disposable ruler.)

Date _____
Provider Name: _____ NPI # _____
Participant/Patient Name (Last, First, M.I.): _____
DOB: _____ Participant MO HealthNet Number: _____
Has patient had all necessary dental work completed? Yes ___ No ___
Patient's oral hygiene Excellent ___ Good ___ Fair ___ Poor ___

Procedure:

- Position the patient's teeth in centric occlusion
Record all measurements in the order given and round off to the nearest millimeter (mm)
ENTER THE SCORE "0" IF CONDITION IS ABSENT
If anterior ectopic eruptions are present in the anterior portion of the mouth, score only the most severe condition

Conditions: (1-6 ARE AUTOMATIC QUALIFIERS FOR TREATMENT) HLD SCORE

- 1. Cleft palate deformities (Indicate an "X" if present and score no further)
2. Deep impinging overbite WHEN LOWER INCISORS ARE DAMAGING THE SOFT TISSUE OF THE PALATE (Indicate an "X" if present and score no further)
3. Crossbite of individual anterior teeth WHEN DAMAGE OF SOFT TISSUE IS PRESENT (Indicate an "X" if present and score no further) ..
4. Severe traumatic deviations. (Attach description. For example, loss of a premaxilla segment by burns or by accident; the result of osteomyelitis; or other gross pathology.) (Indicate an "X" if present and score no further) .
5. Overjet greater than 9 mm with reverse overjet greater than 3.5mm. (Indicate an "X" if present and score no further) .
6. Impacted Maxillary Central Incisor (Indicate an "X" if present and score no further)

- 7. Overjet in mm _____
8. Overbite in mm _____
9. Mandibular protrusion, in mm x 5 = _____
10. Open bite, in m..... x 4 = _____

IF BOTH ANTERIOR CROWDING AND ECTOPIC ERUPTION ARE PRESENT IN THE ANTERIOR PORTION OF THE MOUTH, SCORE ONLY THE MOST SEVERE CONDITIONS. DO NOT SCORE BOTH CONDITIONS.

- 11. Ectopic eruption (Count each tooth, excluding third molars)... x 3 = _____
12. Anterior Crowding (Score one point for MAXILLA and or one point for MANDIBLE: two points maximum for anterior crowding)..... x 5 = _____
13. Labio-lingual spread in mm _____
14. Posterior crossbite (must involve one or more teeth, one of which must be a molar) Score 4 _____

TOTAL SCORE _____

NOTE: A SCORE OF 28 OR MORE OR A QUALIFYING EXCEPTION QUALIFIES FOR TREATMENT

INSTRUCTIONS FOR THE HLD INDEX MEASUREMENTS

Procedure:

- Position the patient's teeth in centric occlusion.
- Record all measurements in the order given and round off to the nearest millimeter.
- Enter the score "0" if condition is absent
- The use of a recorder (assistant or hygienist) is recommended

Conditions 1 through 6 are considered automatic qualifiers under the MO HealthNet Division orthodontic program. If one of the automatic qualifiers is met, the remaining sections of the form do not need to be completed.

1. **Cleft palate deformities** – automatic qualification; however, if the deformity *cannot* be demonstrated on the study model, the condition *must* be diagnosed by properly credentialed experts and the diagnosis *must* be supported by documentation. If present, enter an "X" and score no further.

2. **Deep impinging overbite** – tissue damage of the palate *must* be clearly visible in the mouth. On study models, the lower teeth *must* be clearly touching the palate and the tissue indentations or evidence of soft tissue damage *must* be clearly visible. If present, enter an "X" and score no further.

3. **Crossbite of individual anterior teeth** – damage of soft tissue *must* be clearly visible in the mouth and reproducible and visible on the study models. Gingival recession *must* be at least 1 1/2 mm deeper than the adjacent teeth. If present, enter an "X" and score no further. In the case of a canine, the amount of gingival recession should be compared to the opposite canine.

4. **Severe traumatic deviations** – these might include, for example, loss of a premaxillary segment by burns or accident, the result of osteomyelitis, or other gross pathology. If present, enter an "X" and score no further.

5. **Overjet** – this is recorded with the patient's teeth in centric occlusion and is measured from the labial surface of a lower incisor to the labial surface of an upper central incisor. Measure parallel to the occlusal plan. Do *not* use the upper lateral incisors or cuspids. The measurement may apply to only one tooth if it is severely protrusive. Reverse overjet may be measured in the same manner. Do *not* record overjet and mandibular protrusion (reverse overjet) on the same patient. (Note: If the overjet is greater than 9 mm or reverse overjet is greater than 3.5 mm enter an "X" and score no further.)

6. **Impacted Maxillary Central Incisor**, automatic qualification. If present, enter an "X" and score no further.

7. **Overjet** – this is recorded with the patient's teeth in centric occlusion and is measured from the labial surface of a lower incisor to the labial surface of an upper central incisor. Measure parallel to the occlusal plan. Do *not* use the upper lateral incisors or cuspids. The measurement may apply to only one tooth if it is severely protrusive. Do *not* record overjet and mandibular protrusion (reverse overjet) on the same patient.

8. **Overbite** – a pencil mark on the tooth indicating the extent of the overlap assists in making this measurement. Hold the pencil parallel to the occlusal plane when marking and use the incisal edge of one of the upper central incisors. Do *not* use the upper lateral incisors or cuspids. The measurement is done on the lower incisor from the incisal edge to the pencil mark. "Reverse" overbite may exist and should be measured on an upper central incisor - from the incisal edge to the pencil mark. Do *not* record overbite and open bite on the same patient. Enter the measurement in millimeters.

9. **Mandibular (dental) protrusion or reverse overjet** – measured from the labial surface of a lower incisor to the labial surface of an upper center incisor. Do *not* use the upper lateral incisors or cuspids for this measurement. Do *not* record mandibular protrusion (reverse overjet) and overjet on the same patient. The measurement in millimeters is entered on the score sheet and multiplied by five (5).

10. **Open bite** – measured from the incisal edge of an upper central incisor to the incisal edge of a lower incisor. Do *not* use the upper lateral incisors or cuspids for this measurement. Do *not* record overbite and open bite on the same patient. The measurement in millimeters is entered on the score sheet and multiplied by four (4).

11. **Ectopic eruption** – count each tooth excluding third molars. Enter the number of teeth on the score sheet and multiply by three (3). If condition No. 11, anterior crowding, is also present with an ectopic eruption in the anterior portion of the mouth, score only the most severe condition (the condition represented by the most points). **DO NOT SCORE BOTH CONDITIONS.**

12. **Anterior crowding** – anterior arch length insufficiency *must* exceed 3.5 mm. Mild rotations that may react favorably to stripping or mild expansion procedures are *not* to be scored as crowded. Enter one (1) points for a maxillary arch with anterior crowding and one (1) points for a mandibular arch with anterior crowding (two points maximum for anterior crowding) and multiply by five (5). If condition No. 10, ectopic eruption, is also present in the anterior portion of the mouth, score only the most severe condition (the condition represented by the most points). **DO NOT SCORE BOTH CONDITIONS.**

13. **Labio-lingual spread** – use a Boley gauge (or disposable ruler) to determine the extent of deviation from a normal arch. Where there is only a protruded or lingually displaced anterior tooth, the measurement should

be made from the incisal edge of that tooth to a line representing the normal arch. Otherwise, the total distance between the most protruded tooth and the most lingually displaced adjacent anterior tooth is measured. In the event that multiple anterior crowding of teeth is observed, all deviations should be measured for labio-lingual spread but only the most severe individual measurement should be entered on the on the score sheet. Enter the measurement in mm.

14. **Posterior crossbite** – this condition involves one or more posterior teeth, one of which *must* be a molar. The crossbite *must* be one in which the maxillary posterior teeth involved may be palatal to normal relationships or completely buccal to the mandibular posterior teeth. The presence of posterior crossbite is indicated by a score of four (4) on the score sheet.

DentaQuest

**Exhibit A Benefits Covered for
MO Marketplace Under 19 benefits**

Pediatric High and Pediatric Low cover Diagnostic and Preventive Services at 100% of the contracted rate.

Diagnostic services include the oral examination, and selected radiographs needed to assess the oral health, diagnose oral pathology, and develop an adequate treatment plan for the member's oral health. Reimbursement for some or multiple radiographs of the same tooth or area may be denied if DentaQuest determines the number to be redundant, excessive or not in keeping with the federal guidelines relating to radiation exposure. The maximum amount paid for individual radiographs taken on the same day will be limited to the allowance for a full mouth series. Reimbursement for radiographs is limited to those films required for proper treatment and/or diagnosis. All radiographs must be of good diagnostic quality properly mounted, dated and identified with the recipient's name and date of birth. Substandard radiographs will not be reimbursed for, or if already paid for, DentaQuest will recoup the funds previously paid.

Covered dental services that indicate "Yes" in the "Review Required" column require documentation of medical necessity and will be subject to retrospective pre-payment review. These procedures can be rendered before determination of medical necessity but require submission of proper documentation (as indicated in the "Documentation Required" column) with the claim form.

Diagnostic

Any reimbursement already made for an inadequate service may be recouped after the DentaQuest Consultant reviews the circumstances.

Diagnostic						
Code	Description	Age Limitation	Teeth Covered	Authorization Required	Benefit Limitations	Documentation Required
D0120	periodic oral evaluation - established patient	0-18		No	One of (D0120, D0140, D0150, D0180) per 6 Month(s) Per patient.	
D0140	limited oral evaluation-problem focused	0-18		No	One of (D0140) per 6 Month(s) Per patient.	
D0145	oral evaluation for a patient under three years of age and counseling with primary caregiver	0-2		No	One of (D0145) per 6 Month(s) Per patient.	
D0150	comprehensive oral evaluation - new or established patient	0-18		No	One of (D0120, D0140, D0150, D0180) per 6 Month(s) Per Provider OR Location.	
D0160	detailed and extensive oral eval-problem focused, by report	0-18		No	One of (D0160) per 1 Lifetime Per Provider OR Location.	
D0180	comprehensive periodontal evaluation - new or established patient	0-18		No	One of (D0120, D0140, D0150, D0180) per 6 Month(s) Per Provider OR Location.	
D0210	intraoral - complete series of radiographic images	0-18		No	One of (D0210, D0330) per 60 Month(s) Per patient.	
D0220	intraoral - periapical first radiographic image	0-18		No	When dental conditions indicate need. If 5 or more periapicals are taken on the same date of service please submit written documentation to justify the additional image submitted for payment.

D1206	topical application of fluoride varnish	0-18		No	Two of (D1206, D1208) per 12 Month(s) Per patient.	
D1208	topical application of fluoride - excluding varnish	0-18		No	Two of (D1206, D1208) per 12 Month(s) Per patient.	
D1351	sealant - per tooth	0-18	Teeth 1 - 32, 51 - 82, A - T, AS, BS, CS, DS, ES, FS, GS, HS, IS, JS, KS, LS, MS, NS, OS, PS, QS, RS, SS, TS	No	One of (D1351) per 36 Month(s) Per patient per tooth.	
D1352	Preventive resin restoration is a mod. to high caries risk patient perm tooth conservative rest of an active cavitated lesion in a pit or fissure that doesn't extend into dentin: includes placmt of a sealant in radiating non-carious fissure or pits.	0-18	Teeth 2 - 5, 12 - 15, 18 - 21, 28 - 31	No	One of (D1352) per 36 Month(s) Per patient per tooth.	
D1510	space maintainer-fixed, unilateral-per quadrant	0-18	Per Quadrant (10, 20, 30, 40, LL, LR, UL, UR)	No	One of (D1510) per 1 Lifetime Per patient per quadrant.	
D1515	space maintainer - fixed - bilateral	0-18	Per Arch (01, 02, LA, UA)	No	One of (D1515) per 1 Lifetime Per patient per quadrant.	
D1520	space maintainer-removable-unilateral	0-18	Per Quadrant (10, 20, 30, 40, LL, LR, UL, UR)	No	One of (D1520) per 1 Lifetime Per patient per quadrant.	
D1525	space maintainer-removable-bilateral	0-18	Per Arch (01, 02, LA, UA)	No	One of (D1525) per 1 Lifetime Per patient per quadrant.	
D1550	re-cement or re-bond space maintainer	0-18		No	One of (D1550) per 1 Lifetime Per patient.	

**Exhibit A Benefits Covered for
MO Marketplace Under 19 benefits**

Pediatric High covers Restorative Services at 80% of the contracted rate. Repair or Recementing of Crowns are covered at 80% of the contracted rate. Family Low covers Restorative Services at 40% of the contracted rate.

Reimbursement includes local anesthesia. Payment is made for restorative services based on the number of surfaces restored, not on the number of restorations per surface, or per tooth, per day. A restoration is considered a two or more surface restoration only when two or more actual tooth surfaces are involved, whether they are connected or not. Tooth preparation, all adhesives (including amalgam and resin bonding agents), acid etching, copalite, liners, bases, direct and indirect pulp caps, curing, and polishing are included as part of the fee for the restoration. When restorations involving multiple surfaces are

requested or performed, that are outside the usual anatomical expectation, the allowance is limited to that of a one-surface restoration. Any fee charged in excess of the allowance for the one-surface restoration is DISALLOWED.

BILLING AND REIMBURSEMENT FOR CAST CROWNS AND POST & CORES OR REMOVABLE PROSTHETICS SHALL BE BASED ON THE CEMENTATION OR INSERTION DATE.

The fee for crowns includes the temporary crown that is placed on the prepared tooth and worn while the permanent crown is being fabricated for permanent teeth.

Any reimbursement already made for an inadequate service may be recouped after the DentaQuest Consultant reviews the circumstances.

Pediatric High covers Major/Complex (Type III) services at 50% of contracted rate. Family Low covers Major/Complex Services (Type III) at 40% of the contracted rate.

Payment for conventional root canal treatment is limited to treatment of permanent teeth. The standard of acceptability employed for endodontic procedures requires that the canal(s) be completely filled apically and laterally. In cases where the root canal filling does not meet DentaQuest's treatment standards, DentaQuest can require the procedure to be redone at no additional cost. Any reimbursement already made for an inadequate service may be recouped after any post payment review by the DentaQuest Consultants. A pulpotomy or palliative treatment is not to be billed in conjunction with a root canal treatment. Filling material not accepted by the Federal Food and Drug Administration (FDA) (e.g. Sargenti filling material) is not covered. Pulpotomies will be limited to primary teeth or permanent teeth with incomplete root development. The fee for root canal therapy for permanent teeth includes diagnosis, extirpation treatment, temporary fillings, filling and obturation of root canals, and progress radiographs. A completed fill radiograph is also included.

Any reimbursement already made for an inadequate service may be recouped after the DentaQuest Consultant reviews the circumstances.

Periodontics						
Code	Description	Age Limitation	Teeth Covered	Authorization Required	Benefit Limitations	Documentation Required
D4277	Free soft tissue graft procedure (including donor site surgery), first tooth or edentulous tooth position in graft	0-18	Teeth 1 - 32, 51 - 82	Yes		
D4278	Free soft tissue graft procedure (including donor site surgery), each additional contiguous tooth or edentulous tooth position in same graft site	0-18	Teeth 1 - 32, 51 - 82	Yes		
D4283	autogenous connective tissue graft procedure (including donor and recipient surgical sites) – each additional contiguous tooth, implant or edentulous tooth position in same graft site	0-18	Teeth 1 - 32	Yes	Two of (D4283, D4285) per 36 Month(s) Per patient per quadrant.	
D4285	non-autogenous connective tissue graft procedure (including recipient surgical site and donor material) – each additional contiguous tooth, implant or edentulous tooth position in same graft site	0-18	Teeth 1 - 32	Yes	Two of (D4283, D4285) per 36 Month(s) Per patient per quadrant.	
D4341	periodontal scaling and root planing - four or more teeth per quadrant	0-18	Per Quadrant (10, 20, 30, 40, LL, LR, UL, UR)	Yes	One of (D4341) per 24 Month(s) Per patient per quadrant.	
D4342	periodontal scaling and root planing - one to three teeth per quadrant	0-18	Per Quadrant (10, 20, 30, 40, LL, LR, UL, UR)	No	One of (D4342) per 24 Month(s) Per patient per quadrant.	
D4355	full mouth debridement to enable a comprehensive oral evaluation and diagnosis on a subsequent visit	0-18		No		
D4910	periodontal maintenance procedures	0-18		No	Four of (D4910) per 12 Month(s) Per patient. 4 in 12 months combined with adult prophylaxis after the completion of active periodontal therapy not to be combined with D1110 or D1120	
D4999	unspecified periodontal procedure, by report	0-18		No		

**Exhibit A Benefits Covered for
MO Marketplace Under 19 benefits**

Pediatric High covers Complete or Partial Dentures, Fixed Bridges, Replacement Dentures or Fixed Bridges at 50%. Rebase or Reline Dentures, Repair of Dentures or Fixed Bridges, Adding Teeth and Recementing of Fixed Bridges at 80% of the contracted rate. Family Low covers Prosthodontics at 40% of the contracted rate.

Provision for removable prostheses when masticatory function is impaired, or when existing prostheses is unserviceable and when evidence is submitted that indicates that the masticatory insufficiencies are likely to impair the general health of the member.

Authorization for partial dentures to replace posterior teeth will not be allowed if there are in each quadrant at least three (3) peridontially sound posterior teeth in fairly good position and occlusion with opposing dentition.

Authorization for cast partial dentures for anterior teeth generally will not be given unless one or more anterior teeth in the same arch are missing. Partial dentures are not a covered benefit when 8 or more posterior teeth are in occlusion.

Dentures will not be preauthorized when:

Dental history reveals that any or all dentures made in recent years have been unsatisfactory for reasons that are not remediable because of physiological or psychological reasons, or repair, relining or rebasing of the patient's present dentures will make them serviceable.

A preformed denture with teeth already mounted forming a denture module is not a covered service.

BILLING AND REIMBURSEMENT FOR CAST CROWNS AND POST & CORES OR REMOVABLE PROSTHETICS SHALL BE BASED ON THE CEMENTATION OR INSERTION DATE.

Any reimbursement already made for an inadequate service may be recouped after the DentaQuest Consultant reviews the circumstances.

**Exhibit A Benefits Covered for
MO Marketplace Under 19 benefits**

Pediatric High covers Simple Extractions at 80% and Surgical Extractions at 50% of the contracted rate. Family Low covers Simple and Surgical Extractions at 40% of the contracted rate.

Reimbursement includes local anesthesia and routine post-operative care.

The extraction of asymptomatic impacted teeth is not a covered benefit. Symptomatic conditions would include pain and/or infection.

The incidental removal of a cyst or lesion attached to the root(s) of an extraction is considered part of the extraction or surgical fee and should not be billed as a separate procedure.

**Exhibit A Benefits Covered for
MO Marketplace Under 19 benefits**

Pediatric High covers Adjunctive Services at 80% of the contracted rate. Family Low covers Adjunctive Services at 40% of the contracted rate. Local anesthesia is considered part of the treatment procedure, and no additional payment will be made for it. General Anesthesia is allowed with covered surgical services only.

Adjunctive general services include: IV sedation and emergency services provided for relief of dental pain.

Any reimbursement already made for an inadequate service may be recouped after the DentaQuest Consultant reviews the circumstances.

Adjunctive General Services						
Code	Description	Age Limitation	Teeth Covered	Authorization Required	Benefit Limitations	Documentation Required
D9110	palliative (emergency) treatment of dental pain - minor procedure	0-18		No		
D9120	fixed partial denture sectioning	0-18		No		
D9222	deep sedation/general anesthesia first 15 minutes	0-18		No		
D9223	deep sedation/general anesthesia - each subsequent 15 minute increment	0-18		No	Covered in conjunction with impacted teeth up to one hour. ALLOW 4 D9223 only with impacted teeth (D7220, D7230, D7240, D7241).	Narr / Oper Rpt
D9230	inhalation of nitrous oxide/analgesia, anxiolysis	0-18		No		
D9239	intravenous moderate (conscious) sedation/analgesia- first 15 minutes	0-18		No

D9999	unspecified adjunctive procedure, by report	0-18		No		

**Exhibit B Benefits Covered for
MO Marketplace Over 19 benefits**

Family High and Family Low cover Diagnostic and Preventative Services at 100% of the contracted rate.

Diagnostic services include the oral examination, and selected radiographs needed to assess the oral health, diagnose oral pathology, and develop an adequate treatment plan for the member's oral health. Reimbursement for some or multiple radiographs of the same tooth or area may be denied if DentaQuest determines the number to be redundant, excessive or not in keeping with the federal guidelines relating to radiation exposure. The maximum amount paid for individual radiographs taken on the same day will be limited to the allowance for a full mouth series. Reimbursement for radiographs is limited to those films required for proper treatment and/or diagnosis. All radiographs must be of good diagnostic quality properly mounted, dated and identified with the recipient's name and date of birth. Substandard radiographs will not be reimbursed for, or if already paid for, DentaQuest will recoup the funds previously paid.

Covered dental services that indicate "Yes" in the "Review Required" column require documentation of medical necessity and will be subject to retrospective pre-payment review. These procedures can be rendered before determination of medical necessity but require submission of proper documentation (as indicated in the "Documentation Required" column) with the claim form.

Any reimbursement already made for an inadequate service may be recouped after the DentaQuest Consultant reviews the circumstances.

**Exhibit B Benefits Covered for
MO Marketplace Over 19 benefits**

Family High covers Restorative Services at 80% and Major Restorative at 50% of the contracted rate. Family Low covers Restorative Services and Major Restorative at 50% of the contracted rate.

Reimbursement includes local anesthesia. Payment is made for restorative services based on the number of surfaces restored, not on the number of restorations per surface, or per tooth, per day. A restoration is considered a two or more surface restoration only when two or more actual tooth surfaces are involved, whether they are connected or not. Tooth preparation, all adhesives (including amalgam and resin bonding agents), acid etching, copalite, liners, bases, direct and indirect pulp caps, curing, and polishing are included as part of the fee for the restoration. When restorations involving multiple surfaces are

requested or performed, that are outside the usual anatomical expectation, the allowance is limited to that of a one-surface restoration. Any fee charged in excess of the allowance for the one-surface restoration is DISALLOWED.

BILLING AND REIMBURSEMENT FOR CAST CROWNS AND POST & CORES OR REMOVABLE PROSTHETICS SHALL BE BASED ON THE CEMENTATION OR INSERTION DATE.

The fee for crowns includes the temporary crown that is placed on the prepared tooth and worn while the permanent crown is being fabricated for permanent teeth.

Any reimbursement already made for an inadequate service may be recouped after the DentaQuest Consultant reviews the circumstances.

MO Marketplace Over 19 benefits**

Family High covers Endodontics at 50% of the contracted rate. Family Low covers Endodontics at 50% of the contracted rate. Payment for conventional root canal treatment is limited to treatment of permanent teeth. The standard of acceptability employed for endodontic procedures requires that the canal(s) be completely filled apically and laterally. In cases where the root canal filling does not meet DentaQuest's treatment standards, DentaQuest can require the procedure to be redone at no additional cost. Any reimbursement already made for an inadequate service may be recouped after any post payment review by the DentaQuest Consultants. A pulpotomy or palliative treatment is not to be billed in conjunction with a root canal treatment. Filling material not accepted by the Federal Food and Drug Administration (FDA) (e.g. Sargenti filling material) is not covered. Pulpotomies will be limited to primary teeth or permanent teeth with incomplete root development. The fee for root canal therapy for permanent teeth includes diagnosis, extirpation treatment, temporary fillings, filling and obturation of root canals, and progress radiographs. A completed fill radiograph is also included.

Any reimbursement already made for an inadequate service may be recouped after the DentaQuest Consultant reviews the circumstances.

Family High covers Complete or Partial Dentures, Fixed Bridges, Replacement Dentures or Fixed Bridges at 50%. Rebase or Reline Dentures, Repair of Dentures or Fixed Bridges, Adding Teeth and Recementing of Fixed Bridges at 80% of the contracted rate. Family Low covers prosthodontics at 50% of the contracted rate.

Provision for removable prostheses when masticatory function is impaired, or when existing prostheses is unserviceable and when evidence is submitted that indicates that the masticatory insufficiencies are likely to impair the general health of the member.

Authorization for partial dentures to replace posterior teeth will not be allowed if there are in each quadrant at least three (3) peridontially sound posterior teeth in fairly good position and occlusion with opposing dentition.

Authorization for cast partial dentures for anterior teeth generally will not be given unless one or more anterior teeth in the same arch are missing. Partial dentures are not a covered benefit when 8 or more posterior teeth are in occlusion.

Dentures will not be authorized when:

Dental history reveals that any or all dentures made in recent years have been unsatisfactory for reasons that are not remediable because of physiological or psychological reasons, or repair, relining or rebasing of the patient's present dentures will make them serviceable.

A preformed denture with teeth already mounted forming a denture module is not a covered service.

BILLING AND REIMBURSEMENT FOR CAST CROWNS AND POST & CORES OR REMOVABLE PROSTHETICS SHALL BE BASED ON THE CEMENTATION OR INSERTION DATE.

Fabrication of a removable prosthetic includes multiple steps (appointments) these multiple steps (impressions, try-in appointments, delivery etc.) are inclusive in the fee for the removable prosthetic and as such not eligible for additional compensation.

Any reimbursement already made for an inadequate service may be recouped after the DentaQuest Consultant reviews the circumstances.

Family High covers Complete or Partial Dentures, Fixed Bridges, Replacement Dentures or Fixed Bridges at 50%. Rebase or Reline Dentures, Repair of Dentures or Fixed Bridges, Adding Teeth and Recementing of Fixed Bridges at 80% of the contracted rate. Family Low covers prosthodontics at 50% of the contracted rate.

BILLING AND REIMBURSEMENT FOR CROWNS AND POST & CORES OR ANY OTHER FIXED PROSTHETIC SHALL BE BASED UPON THE CEMENTATION DATE.

Periapical radiographs are required for each tooth involved in the authorization request. The criteria used by DentaQuest is noted below:

- At least one abutment tooth requires a crown (based on traditional requirements of medical necessity and dental disease).
- The space cannot be filled with a removable partial denture.
- The purpose is to prevent the drifting of teeth in all dimensions (anterior, posterior, lateral, and the opposing arch).
- Each abutment or each pontic constitutes a unit in a bridge.
- Porcelain is allowed on all teeth.

The fee for crowns includes the temporary crown that is placed on the prepared tooth and worn while the permanent crown is being fabricated for permanent teeth.

Any reimbursement already made for an inadequate service may be recouped after the DentaQuest Consultant reviews the circumstances.

Family High covers Simple Extractions at 80% of the contracted rate and Surgical Extractions at 50% of the contracted rate. Family Low covers Simple and Surgical Extractions at 50% of the contracted rate.

Reimbursement includes local anesthesia and routine post-operative care.

The extraction of asymptomatic impacted teeth is not a covered benefit. Symptomatic conditions would include pain and/or infection.

The incidental removal of a cyst or lesion attached to the root(s) of an extraction is considered part of the extraction or surgical fee and should not be billed as a separate procedure.

Any reimbursement already made for an inadequate service may be recouped after the DentaQuest Consultant reviews the circumstances.
