Statement of Members Rights and Responsibilities

The mission of DentaQuest is to expand access to high-quality, compassionate healthcare services within the allocated resources. DentaQuest is committed to ensuring that all Members are treated in a manner that respects their rights and acknowledges its expectations of Member's responsibilities. The following is a statement of Member's rights and responsibilities.

1. All Members have a right to receive pertinent written and up-to-date information about DentaQuest, the managed care services DentaQuest provides, the Participating Providers and dental offices, as well as Member rights and responsibilities.
2. All Members have a right to privacy and to be treated with respect and recognition of their dignity when receiving dental care.
3. All Members have the right to fully participate with caregivers in the decision making process surrounding their health care.
4. All Members have the right to be fully informed about the appropriate or medically necessary treatment options for any condition, regardless of the coverage or cost for the care discussed.
5. All Members have the right to voice a complaint against DentaQuest, or any of its participating dental offices, or any of the care provided by these groups or people, when their performance has not met the Member's expectations.
6. All Members have the right to appeal any decisions related to patient care and treatment. Members may also request an external review or second opinion.
7. All Members have the right to make recommendations regarding DentaQuest's/Plan's members' rights and responsibilities policies.

Likewise:

1. All Members have the responsibility to provide, to the best of their abilities, accurate information that DentaQuest and its participating dentists need in order to provide the highest quality of health care services.
2. All Members have a responsibility to closely follow the treatment plans and home care instructions for the care that they have agreed upon with their health care practitioners.
3. All Members, have the responsibility to participate in understanding their health problems and developing mutually agreed upon treatment goals to the degree possible.

DentaQuest, LLC

Statement of Provider Rights and Responsibilities

Providers shall have the right to:

- 1) Communicate with patients, including Members regarding dental treatment options.
- 2) Recommend a course of treatment to a Member, even if the course of treatment is not a covered benefit, or approved by Plan/DentaQuest.
- 3) File an appeal or complaint pursuant to the procedures of Plan/DentaQuest.
- 4) Supply accurate, relevant, factual information to a Member in connection with an appeal or complaint filed by the Member.
- 5) Object to policies, procedures, or decisions made by Plan/DentaQuest.
- 6) If a recommended course of treatment is not covered, e.g., not approved by Plan/DentaQuest, the participating Provider must notify the Member in writing and obtain a signature of waiver if the Provider intends to charge the Member for such a non-compensable service.
- 7) To be informed of the status of their credentialing or recredentialing application, upon request.

1.00 Patient Eligibility Verification Procedures

1.01 Plan Eligibility

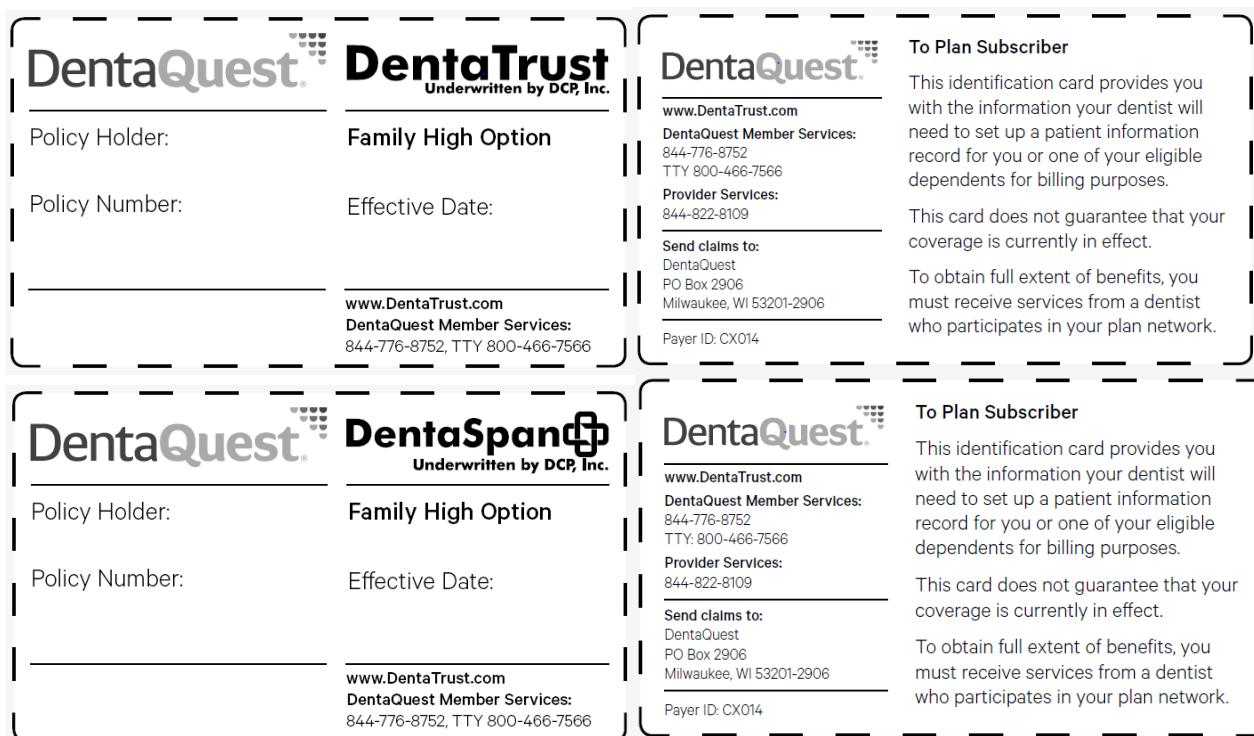

Any person who is enrolled in a Plan's program is eligible for benefits under the Plan certificate.

1.02 Member Identification Card

Health Plan Members receive identification cards from the Plans. Participating Providers are responsible for verifying that Members are eligible at the time services are rendered and to determine if recipients have other health insurance.

Please note that due to possible eligibility status changes, this information does not guarantee payment and is subject to change without notice.

Members will receive a Health Plan ID Card. DentaTrust and DentaSpan cards are similar but have separate branding.

DentaQuest recommends that each dental office make a photocopy of the Member's identification card each time treatment is provided. It is important to note that the Health Plan identification card is not dated and it does not need to be returned to the Health Plan should a Member lose eligibility. Therefore, **an identification card in itself does not guarantee that a person is currently enrolled in the Health Plan.**

1.03 DentaQuest Eligibility Systems

Participating Providers may access Member eligibility information through DentaQuest's Interactive Voice Response (IVR) system or through the "Providers Only" section of DentaQuest's website at www.dentaquestgov.com. The eligibility information received from either system will be the same information you would receive by calling DentaQuest's Provider Service department; however, by utilizing either system you can get information 24 hours a day, 7 days a week without having to wait for an available Provider Service Representative.

Access to eligibility information via the Internet

DentaQuest's Internet currently allows Providers to verify a Member's eligibility as well as submit claims directly to DentaQuest. You can verify the Member's eligibility on-line by entering the Member's date of birth, the expected date of service and the Member's identification number or last name and first initial. To access the eligibility information via DentaQuest's website, simply log on to the website at www.dentaquestgov.com. Once you have entered the website, click on "Dentist". From there choose your "State" and press go. You will then be able to log in using your password and ID. First time users will have to register by utilizing the Business's NPI or TIN, State and Zip Code. If you have not received instruction on how to complete Provider Self Registration contact DentaQuest's

Provider Service Department at 844.822.8109. Once logged in, select "eligibility look up" and enter the applicable information for each Member you are inquiring about. You are able to check on an unlimited number of patients and can print off the summary of eligibility given by the system for your records.

1.04 Access to eligibility information via the IVR line

To access the IVR, simply call DentaQuest's Provider Service department at 844.822.8109 and press 1 for eligibility. The IVR system will be able to answer all of your eligibility questions for as many members as you wish to check. Once you have completed your eligibility checks, you will have the option to transfer to a Provider Service Representative to answer any additional questions, i.e. member history, which you may have. Using your telephone keypad, you can request eligibility information on a member by entering your 6 digit DentaQuest location number, the member's recipient identification number and an expected date of service. Specific directions for utilizing the IVR to check eligibility are listed on page 2 of this letter. After our system analyzes the information, the patient's eligibility for coverage of dental services will be verified. If the system is unable to verify the member information you entered, you will be transferred to a Provider Service Representative.

Directions for using DentaQuest's IVR to verify eligibility:

Entering system with Tax and Location ID's

1. Call DentaQuest Provider Service at 844.822.8109.
2. After the greeting, stay on the line for English or press 1 for Spanish.
3. When prompted, press or say 2 for Eligibility.
4. When prompted, press or say 1 if you know your NPI (National Provider Identification number) and Tax ID number.
5. If you do not have this information, press or say 2. When prompted, enter your User ID (previously referred to as Location ID) and the last 4 digits of your Tax ID number.
6. Does the member's ID have **numbers and letters** in it? If so, press or say 1. When prompted, enter the member ID.
7. Does the member's ID have **only numbers** in it? If so, press or say 2. When prompted, enter the member ID.
8. Upon system verification of the Member's eligibility, you will be prompted to repeat the information given, verify the eligibility of another member, get benefit information, get limited claim history on this member, or get fax confirmation of this call.
9. If you choose to verify the eligibility of an additional Member(s), you will be asked to repeat step 5 above for each Member.

Please note that due to possible eligibility status changes, the information provided by either system does not guarantee payment.

If you are having difficulty accessing either the IVR or website, please contact the Provider Service Department at 844.822.8109. They will be able to assist you in utilizing either system.

1.05 Specialist Referral Process

A patient requiring a referral to a dental specialist can be referred directly to any specialist contracted with DentaQuest without authorization from DentaQuest. The dental specialist is responsible for obtaining prior authorization for services according to Appendix B of this manual. If you are unfamiliar with the DentaQuest contracted specialty network or need assistance locating a certain specialty, please contact DentaQuest's Provider Service Department.

2.00 Authorization of Treatment

2.01 Member Cost Sharing Responsibilities

When members use their DentaTrust or DentaSpan benefits, they may be responsible for making payments toward those services. The amount they may need to pay varies based on the service received and the product they are enrolled under. Dental services provided by an out-of-network provider are covered. See the *Benefits Chart* below for details on cost-sharing for each Exchange product and the *Definitions* section for terms you may not be familiar with.

Depending on the service, members may be expected to pay one or more of the following:

- Copayment
- Coinsurance
- Deductible

Once members have reached their out-of-pocket maximum for cost-sharing with in-network providers, DentaTrust and DentaSpan will cover 100% of the allowed amount for covered services. Members will also be 100% responsible for services that are not covered as part of their Evidence of Coverage.

All details regarding member responsibilities for the following policies are included:

DentaTrust PPO Pediatric High
DentaTrust PPO Pediatric Low
DentaTrust PPO Family High
DentaTrust PPO Family Low
DentaTrust PPO Family Basic
DentaSpan PPO Pediatric High
DentaSpan PPO Pediatric Low

Restorative and other Basic Services, and Complex Dental Services described above are subject to a \$50 deductible for each *covered individual* in each *Policy*. The total deductible payment for all *covered individuals* shall not exceed \$150 for Restorative and other Basic Services, and Complex Dental Services. This means the *covered individual(s)* must pay the first \$50 of benefits provided in each *Policy*, not to exceed \$150 for families with three or more *covered individuals*.

OUT OF POCKET MAXIMUM

For *covered individuals* under age 19, the out of pocket maximum related to in-network *covered services* is limited to \$350 per *Policy* with one *covered individual* under age 19 and \$700 per *Policy* with two or more *covered individuals* under age 19. The out of pocket maximum does not apply to services received from *non-contracting dentists*.

For *covered individuals* age 19 and over, there is no out of pocket maximum.

ANNUAL LIMITS and MAXIMUMS

For *covered individuals* under age 19, there are no annual limits or maximums on our payment for in-network *covered services*. For *covered individuals* age 19 and over, total benefits payable in the *benefit period* are limited to a maximum of \$1,000 for each *covered individual*.

WAITING PERIOD

For *covered individuals* under age 19, Diagnostic and Preventive Services, Restorative and other Basic Services, and Complex Dental Services, and Orthodontic Services are not subject to a waiting period. For *covered individuals* age 19 and over, Restorative and other Basic Services are subject to a 6 month waiting period. Complex Dental Services are subject to a twelve (12) month waiting period.

DEPENDENT COVERAGE

Dependent children are covered up to age 26.

9. DentaSpan PPO Family Low

SCHEDULE

<u>Coverage Type</u>	<u>Deductible In-Network</u>	<u>In-Network Plan Pays</u>	<u>Deductible Out-of-Network</u>	<u>Out-of-Network Plan Pays</u>
Class I - Diagnostic & Preventive Services	Per covered individual: \$10.00 co-payment on routine exams and prophylaxis per visit	100%	Per covered individual: \$10.00 co-payment on routine exams and prophylaxis per visit	100%
Class II - Restorative and Other Basic Services	Per covered individual: \$50 Per family maximum: \$150	50%	Per covered individual: \$50 Per family maximum: \$150	50%
Class III - Complex Dental Services	Per covered individual: \$50 Per family maximum: \$150	50%	Per covered individual: \$50 Per family maximum: \$150	50%
Class IV - Orthodontics Medically Necessary	Per covered individual None	50%	Per covered individual: None	50%

NOTE: Non-contracting dentists are permitted to charge for the difference between the fee schedule and non-contracting dentist's billed charges. You may be required to pay more for services obtained from a non-contracting dentist than the same services provided by a contracting dentist.

DEDUCTIBLES

Restorative and other Basic Services, and Complex Dental Services described above are subject to a \$50 deductible for each *covered individual* in each *Policy*. The total deductible payment for all *covered individuals* shall not exceed \$150 for Restorative and other Basic Services, and Complex Dental Services. This means the *covered individual(s)* must pay the first \$50 of benefits provided in each *Policy*, not to exceed \$150 for families with three or more *covered individuals*.

OUT OF POCKET MAXIMUM

For *covered individuals* under age 19, the out of pocket maximum expense related to in-network covered services is limited to \$350 per *Policy* with one member under age 19 and \$700 per *Policy* with two or more members under age 19. The out of pocket maximum does not apply to services received from *non-contracting dentists*. For *covered individuals* age 19 and over, there is no out of pocket maximum.

ANNUAL LIMITS and MAXIMUMS

For *covered individuals* under age 19, there are no limits or maximums on our payment for in-network *covered services*. For *covered individuals* age 19 and over, total benefits payable in the benefit period are limited to a maximum of \$1,000 for each *covered individual*.

WAITING PERIOD

For *covered individuals* under age 19, Diagnostic and Preventive Services, Restorative and other Basic Services, and Complex Dental Services, and Orthodontic Services are not subject to a waiting period. For *covered individuals* age 19 and over, Restorative and other Basic Services are subject to a 6 month waiting period. Complex Dental Services are subject to a twelve (12) month waiting period.

DEPENDENT COVERAGE

Dependent children are covered up to age 26.

Code	Description
Class I - Diagnostic and Preventative Services	
Diagnostic and Treatment Services	
D0120	Periodic oral evaluation
D0140	Limited oral evaluation - problem focused
D0145	Oral evaluation for a patient under three years of age and counseling with primary caregiver
D0150	Comprehensive oral evaluation
D0160	Detailed and extensive oral evaluation - problem focused, by report
D0180	Comprehensive periodontal evaluation
D0210	Intraoral – complete set of radiographic images including bitewings
D0220	Intraoral - periapical radiographic image
D0230	Intraoral - additional periapical image
D0240	Intraoral - occlusal radiographic image
D0250	Extra-oral – 2D projection radiographic image created using a stationary radiation source, and detector
D0260	Extraoral - each additional radiographic image
D0270	Bitewing - single image
D0272	Bitewings - two images
D0273	Bitewings - three radiographic images
D0274	Bitewings - four images
D0277	Vertical bitewings – 7 to 8 images
D0330	Panoramic radiographic image
D0340	Cephalometric radiographic image
D0460	Pulp vitality tests
D0470	Diagnostic Models
D0999	Unspecified diagnostic procedure, by report
Preventative Services	
D1110	Prophylaxis - Adult
D1120	Prophylaxis – Child
D1199	Unspecified preventive procedure, by report
D1206	Topical Fluoride - Varnish
D1208	Topical application of fluoride (excluding prophylaxis)
D1351	Sealant - per tooth - unrestored permanent molars
D1352	Preventative resin restorations in a moderate to high caries risk patient - permanent tooth
D1510	Space maintainer – fixed – unilateral
D1516	Space maintainer – fixed – bilateral, maxillary
D1517	Space maintainer – fixed – bilateral, mandibular
D1520	Space maintainer - removable – unilateral
D1526	Space maintainer – removable – bilateral, maxillary
D1527	Space maintainer – removable – bilateral, mandibular
D1551	Re-cement or re-bond bilateral space maintainer - maxillary

D1552	Re-cement or re-bond bilateral space maintainer - mandibular
D1553	Re-cement or re-bond unilateral space maintainer - per quadrant
D1556	Removal of fixed unilateral space maintainer - per quadrant
D1557	Removal of fixed bilateral space maintainer - maxillary
D1558	Removal of fixed bilateral space maintainer - mandibular

Additional Procedures covered as Basic Services

D9110	Palliative treatment of dental pain – minor procedure
D9120	Fixed partial denture sectioning

Class II

Minor Restorative Services

D2140	Amalgam - one surface, primary or permanent
D2150	Amalgam - two surfaces, primary or permanent
D2160	Amalgam - three surfaces, primary or permanent
D2161	Amalgam - four or more surfaces, primary or permanent
D2330	Resin-based composite - one surface, anterior
D2331	Resin-based composite - two surfaces, anterior
D2332	Resin-based composite - three surfaces, anterior
D2335	Resin-based composite - four or more surfaces or involving incisal angle (anterior)
D2390	Resin-based composite crown, anterior
D2391	Resin-based composite - one surface, posterior
D2392	Resin-based composite - two surfaces, posterior
D2393	Resin-based composite - three surfaces, posterior
D2394	Resin-based composite - four or more surfaces (posterior)
D2410	Gold foil - 1 surface
D2420	Gold foil - 2 surfaces
D2430	Gold foil - 3 surfaces
D2910	Re-cement inlay
D2920	Re-cement crown
D2930	Prefabricated stainless steel crown - primary tooth
D2931	Prefabricated stainless steel crown - permanent tooth
D2933	Prefabricated stainless steel crown with resin window
D2934	Prefabricated esthetic coated stainless steel crown - primary tooth
D2940	Protective Restoration
D2951	Pin retention - per tooth, in addition to restoration
D2952	Cast post and core in addition to crown

Endodontic Services

D3110	Pulp cap - direct (excluding final restoration)
D3120	Pulp cap - indirect (excluding final restoration)
D3221	Pulpal debridement, primary and permanent teeth
D3220	Therapeutic pulpotomy (excluding final restoration)
D3222	Partial pulpotomy for apexogenesis - permanent tooth with incomplete root development.

- D3230 Pulpal therapy (resorbable filling) - anterior, primary tooth (excluding final restoration) and for primary molars and cuspids
- D3240 Pulpal therapy (resorbable filling) - posterior, primary tooth excluding final restoration). Incomplete endodontic treatment when you discontinue treatment.

Periodontal Services

- D4381 Localized delivery of antimicrobial agents
- D4999 Unspecified periodontal procedure, by report

Prosthodontic Services

- D5410 Adjust complete denture – maxillary
- D5411 Adjust complete denture – mandibular
- D5421 Adjust partial denture – maxillary
- D5422 Adjust partial denture - mandibular
- D5511 Repair broken complete denture base, mandibular
- D5512 Repair broken complete denture base, maxillary
- D5520 Replace missing or broken teeth - complete denture (each tooth)
- D5611 Repair resin partial denture base, mandibular
- D5612 Repair resin partial denture base, maxillary
- D5621 Repair cast partial framework, mandibular
- D5622 Repair cast partial framework, maxillary
- D5630 Repair or replace broken clasp
- D5640 Replace broken teeth - per tooth
- D5650 Add tooth to existing partial denture
- D5660 Add clasp to existing partial denture
- D5670 Replace all teeth and acrylic on cast metal framework (maxillary)
- D5671 Replace all teeth and acrylic on cast metal framework (mandibular)
- D5710 Rebase complete maxillary denture
- D5711 Rebase complete mandibular denture
- D5720 Rebase maxillary partial denture
- D5721 Rebase mandibular partial denture
- D5730 Reline complete maxillary denture
- D5731 Reline complete mandibular denture
- D5740 Reline maxillary partial denture
- D5741 Reline mandibular partial denture
- D5750 Reline complete maxillary denture (laboratory)
- D5751 Reline complete mandibular denture (laboratory)
- D5760 Reline maxillary partial denture (laboratory)
- D5761 Reline mandibular partial denture (laboratory) Rebase/Reline
- D5820 Interim partial denture (maxillary)
- D5821 Interim partial denture-mandibular
- D5850 Tissue conditioning (maxillary)
- D5851 Tissue conditioning (mandibular)
- D5863 Overdenture - complete maxillary

D5864	Overdenture - partial maxillary
D5865	Overdenture - complete mandibular
D5866	Overdenture - partial mandibular
D5899	Unspecified removable prosthodontic procedure, by report
D5999	Unspecified maxillofacial prosthesis, by report
D6930	Recement fixed partial denture
D6980	Fixed partial denture repair, by report
D6999	Fixed prosthodontic procedure

Oral Surgery

D7140	Extraction, erupted tooth or exposed root (elevation and/or forceps removal)
D7270	Tooth reimplantation and/or stabilization of accidentally evulsed or displaced tooth
D7910	Suture of recent small wounds up to 5 cm
D7911	Complicated suture-up to 5 cm
D7912	Complex suture - greater than 5cm

Anesthesia Services

D9222	Deep sedation/general anesthesia – first 15 minutes
D9223	Deep sedation/general anesthesia – each 15 minutes
D9230	Inhalation of nitrous oxide/analgesia, anxiolysis

Intravenous Sedation

D9239	Intravenous moderate (conscious) sedation/analgesia- first 15 minutes
D9243	Intravenous moderate (conscious) sedation/analgesia – each 15 minutes

Class III - Complex Dental Services

Major Restorative Services

D2510	Inlay - metallic – one surface – An alternate benefit will be provided
D2520	Inlay - metallic – two surfaces – An alternate benefit will be provided
D2530	Inlay - metallic – three surfaces – An alternate benefit will be provided
D2542	Onlay - metallic - two surfaces
D2543	Onlay - metallic - three surfaces
D2544	Onlay - metallic - four or more surfaces
D2610	Inlay-porce/ceramic-1surface
D2620	Inlay-porcelain/ceramic-2 surfaces
D2630	Inlay-porc/ceramic 3+ surfaces
D2642	Onlay-porcelain/ceramic-2 surfaces
D2643	Onlay-porcelain/ceramic-3 surfaces
D2644	Onlay-porcelain/ceramic-4+ surfaces
D2650	Inlay-composite/resin 1surface
D2651	Inlay-composite/resin-2 surfaces
D2652	Inlay-composite/resin-3+ surfaces
D2662	Onlay-composite/resin-2 surfaces
D2663	Onlay-composite/resin-3 surfaces

D2664	Onlay-composite/resin-4+ surfaces
D2710	Crown - resin-based composite (indirect)
D2720	Crown-resin with high noble metal
D2721	crown - resin with predominantly base metal
D2722	crown - resin with noble metal
D2740	Crown - porcelain/ceramic substrate
D2750	Crown - porcelain fused to high noble metal
D2751	Crown - porcelain fused to predominately base metal
D2752	Crown - porcelain fused to noble metal
D2753	Crown - porcelain fused to titanium and titanium alloys
D2780	Crown - 3/4 cast high noble metal
D2781	Crown - 3/4 cast predominately base metal
D2782	Crown - ¾ cast noble metal
D2783	Crown - 3/4 porcelain/ceramic
D2790	Crown - full cast high noble metal
D2791	Crown - full cast predominately base metal
D2792	Crown - full cast noble metal
D2794	Crown – titanium
D2799	Provisional crown
D2915	Re-cement or re-bond indirectly fabricated or prefabricated post and core
D2929	Prefabricated porcelain crown - primary
D2932	Prefabricated resin crown
D2950	Core buildup, including any pins
D2954	Prefabricated post and core, in addition to crown
D2957	Each additional prefabricated post - same tooth
D2962	Labial veneer (porc laminate) - laboratory
D2970	Temporary crown (fractured tooth)
D2971	Additional procedures to construct new crown under partial denture framework
D2980	Crown repair, by report
D2982	Onlay Repair
D2999	Unspecified restorative procedure, by report

Endodontic Services

D3310	Anterior root canal (excluding final restoration)
D3320	Bicuspid root canal (excluding final restoration)
D3330	Molar root canal (excluding final restoration)
D3332	Incomplete endodontic therapy; inoperable or fractured tooth
D3346	Retreatment of previous root canal therapy-anterior
D3347	Retreatment of previous root canal therapy-bicuspid
D3348	Retreatment of previous root canal therapy-molar
D3351	Apexification/recalcification – initial visit (apical closure/calcific repair of perforations, root resorption, etc.)
D3352	Apexification/recalcification – interim medication replacement (apical closure/calcific repair of perforations, root resorption, etc)

D3353	Apexification/recalcification - final visit (includes completed root canal therapy, apical closure/calcific repair of perforations, root resorption, etc.)
D3410	Apicoectomy/periradicular surgery - anterior
D3421	Apicoectomy/periradicular surgery - bicuspid (first root)
D3425	Apicoectomy/periradicular surgery - molar (first root)
D3426	Apicoectomy/periradicular surgery (each additional root)
D3430	Retrograde filling - per root
D3450	Root amputation - per root
D3920	Hemisection (including any root removal) - not including root canal therapy
D3999	Unspecified endodontic procedure, by report

Periodontal Services

D4210	Gingivectomy or gingivoplasty – four or more teeth
D4211	Gingivectomy or gingivoplasty – one to three teeth
D4240	Gingival flap procedure, four or more teeth
D4249	Clinical crown lengthening-hard tissue
D4260	Osseous surgery (including flap entry and closure), four or more contiguous teeth or bounded teeth spaces per quadrant
D4264	Bone replacement graft - each additional site in quadrant
D4266	Guided tissue regenerate-resorbable barrier, per site, per tooth
D4267	Guided tissue regeneration - nonresorbable barrier, per site, per tooth
D4270	Pedicle soft tissue graft procedure
D4273	Subepithelial connective tissue graft procedures (including donor site surgery)
D4274	Distal or proximal wedge procedure
D4275	Soft tissue allograft
D4276	Combined connective tissue and double pedicle graft
D4277	Free soft tissue graft-1st tooth
D4278	Free soft tissue graft-additional teeth
D4283	Autogenous connective tissue graft procedure (including donor and recipient surgical sites) – each additional contiguous tooth, implant or edentulous tooth position in same graft site
D4285	Non-autogenous connective tissue graft procedure (including recipient surgical site and donor material) – each additional contiguous tooth, implant or edentulous tooth position in same graft site
D4320	Provision splinting - intracoronal
D4321	Provision splinting - extracoronal
D4341	Periodontal scaling and root planning-four or more teeth per quadrant
D4342	Periodontal scaling and root planning-one to three teeth, per quadrant
D4355	Full mouth debridement to enable comprehensive evaluation and diagnosis
D4910	Periodontal maintenance

Prosthodontic Services

D5110	Complete denture – maxillary
D5120	Complete denture - mandibular
D5130	Immediate denture – maxillary
D5140	Immediate denture - mandibular
D5211	Maxillary partial denture - resin base (including any conventional clasps, rests and teeth)

- D5212 Mandibular partial denture - resin base (including any conventional clasps, rests and teeth)
- D5213 Maxillary partial denture - cast metal framework with resin denture base (including any conventional clasps, rests and teeth)
- D5214 Mandibular partial denture - cast metal framework with resin denture base (including any conventional clasps, rests and teeth)
- D5221 Immediate maxillary partial denture – resin base (including any conventional clasps, rests and teeth)
- D5222 Immediate mandibular partial denture – resin base (including any conventional clasps, rests and teeth)
- D5223 Immediate maxillary partial denture – cast metal framework with resin denture bases (including any conventional clasps, rests and teeth)
- D5224 Immediate mandibular partial denture – cast metal framework with resin denture bases (including any conventional clasps, rests and teeth)
- D5225 Maxillary partial denture-flexible base
- D5226 Mandibular partial denture-flexible base
- D5282 Removable unilateral partial denture – one piece cast metal (including clasps and teeth), maxillary
- D5283 Removable unilateral partial denture – one piece cast metal (including clasps and teeth), mandibular
- D5284 Removable unilateral partial denture – one piece flexible base (including clasps and teeth) – per quadrant
- D5286 Removable unilateral partial denture – one piece resin (including clasps and teeth) – per quadrant
- D5951 Feeding aid
- D6205 Pontic - indirect resin based composite
- D6210 Pontic - cast high noble metal
- D6211 Pontic - cast predominately base metal
- D6212 Pontic - cast noble metal
- D6214 Pontic – titanium
- D6240 Pontic - porcelain fused to high noble metal
- D6241 Pontic porcelain fused to predominately base metal
- D6242 Pontic - porcelain fused to noble metal
- D6243 Pontic - porcelain fused to titanium and titanium alloys
- D6245 Pontic - porcelain/ceramic
- D6250 Pontic-resin with high noble metal
- D6251 Pontic-resin with base metal
- D6252 Pontic-resin with noble metal
- D6545 Retainer -cast metal for resin bonded fixed prosthesis
- D6548 Retainer - porcelain/ceramic for resin bonded fixed prosthesis
- D6602 Inlay - cast high noble metal, two surfaces
- D6603 Inlay - cast high noble metal, three or more surfaces
- D6604 Inlay - cast predominantly base metal, two surfaces
- D6605 Inlay - cast predominantly base metal, three or more surfaces
- D6606 Inlay - cast noble metal, two surfaces
- D6607 Inlay - cast noble metal, three or more surfaces

D6608	Onlay - porcelain/ceramic, two surfaces
D6609	Onlay - porcelain/ceramic, three or more surfaces
D6610	Onlay - cast high noble metal, two surfaces
D6611	Onlay - cast high noble metal, three or more surfaces
D6612	Onlay - cast predominantly base metal, two surfaces
D6613	Onlay - cast predominantly base metal, three or more surfaces
D6614	Onlay - cast noble metal, two surfaces
D6615	Onlay - cast noble metal, three or more surfaces
D6624	Inlay - titanium
D6634	Onlay - titanium
D6710	Crown - indirect resin based composite
D6720	Crown-resin with high noble metal
D6721	Crown-resin with base metal
D6722	Crown-resin with noble metal
D6740	Crown - porcelain/ceramic
D6750	Crown - porcelain fused to high noble metal
D6751	Crown - porcelain fused to predominately base metal
D6752	Crown - porcelain fused to noble metal
D6753	Retainer crown - porcelain fused to titanium and titanium alloys
D6780	Crown - 3/4 cast high noble metal
D6781	Crown - 3/4 cast predominately base metal
D6782	Crown - 3/4 cast noble metal
D6784	Retainer crown ¾ - titanium and titanium alloys
D6790	Crown - full cast high noble metal
D6791	Crown - full cast predominately base metal
D6792	Crown - full cast noble metal
D6794	Crown - titanium
D9944	Occlusal guard – hard appliance, full arch
D9945	Occlusal guard – soft appliance, full arch
D9946	Occlusal guard – hard appliance, partial arch

Oral Surgery

D7111	Extraction, coronal remnants - deciduous tooth
D7210	Surgical removal of erupted tooth requiring elevation of mucoperiosteal flap and removal of bone and/or section of tooth
D7220	Removal of impacted tooth - soft tissue
D7230	Removal of impacted tooth – partially bony
D7240	Removal of impacted tooth - completely bony
D7241	Removal of impacted tooth - completely bony with unusual surgical complications
D7250	Surgical removal of residual tooth roots (cutting procedure)
D7260	Oroantral fistula closure
D7261	Primary closure of a sinus perforation
D7280	Surgical access of an unerupted tooth
D7282	Mobilization of erupted or malpositioned tooth to aid eruption

- D7283 Placement of device to facilitate eruption of impacted tooth
- D7285 Incisional biopsy of oral tissue-hard (bone, tooth)
- D7286 Incisional biopsy of oral tissue-soft
- D7288 Brush biopsy - transepithelial sample collection
- D7310 Alveoloplasty in conjunction with extractions - per quadrant
- D7311 Alveoloplasty in conjunction with extractions-one to three teeth or tooth spaces, per quadrant
- D7320 Alveoloplasty not in conjunction with extractions - per quadrant
- D7321 Alveoloplasty not in conjunction with extractions-one to three teeth or tooth spaces, per quadrant
- D7340 Vestibuloplasty - ridge extension (secondary epithelialization)
- D7350 Vestibuloplasty - ridge extension
- D7410 Radical excision - lesion diameter up to 1.25cm
- D7411 Excision of benign lesion greater than 1.25 cm
- D7412 Excision of benign lesion, complicated
- D7413 Excision of malignant lesion up to 1.25 cm
- D7414 Excision of malignant lesion greater than 1.25 cm
- D7415 Excision of malignant lesion, complicated
- D7440 Excision of malignant tumor - lesion diameter up to 1.25cm
- D7441 Excision of malignant tumor - lesion diameter greater than 1.25cm
- D7460 Removal of nonodontogenic cyst or tumor - lesion diameter up to 1.25cm
- D7461 Removal of nonodontogenic cyst or tumor - lesion greater than 1.25cm
- D7465 Destruction of lesion(s) by physical or chemical method, by report
- D7471 Removal of exostosis
- D7510 Incision and drainage of abscess - intraoral soft tissue
- D7511 Incision and drainage of abscess - intraoral soft tissue - complicated (includes drainage of multiple fascial spaces)
- D7520 Incision and drainage of abscess - extraoral soft tissue
- D7521 Incision and drainage of abscess - extraoral soft tissue - complicated (includes drainage of multiple fascial spaces)
- D7540 Removal of reaction-producing foreign bodies, musculoskeletal system
- D7560 Maxillary sinusotomy for removal of tooth fragment or foreign body
- D7620 Maxilla - closed reduction
- D7640 Mandible - closed reduction
- D7660 Malar and/or zygomatic arch-closed
- D7670 Alveolus stabilization of teeth, closed reduction splinting
- D7720 Maxilla - closed reduction
- D7740 Mandible - closed reduction
- D7760 Malar and/or zygomatic arch-closed reduction
- D7771 Alveolus, closed reduction stabilization of teeth
- D7880 Occlusal orthotic device, by report
- D7960 Frenulectomy – also known as frenectomy or frenotomy – separate procedure not incidental to another procedure
- D7963 Frenuloplasty

D7970	Excision of hyperplastic tissue - per arch
D7971	Excision of pericoronal gingiva
D7972	Surgical reduction of fibrous tuberosity
D7980	Sialolithotomy
D7981	Excision of salivary gland, by report
D7982	Sialodochoplasty
D7999	Unspecified oral surgery procedure, by report

Class IV Orthodontics Medical Necessity

Orthodontic Services - limited to children up to age 19

D8020	Limited orthodontic treatment of the transitional dentition
D8030	Limited orthodontic treatment of the adolescent dentition
D8040	Limited orthodontic treatment of the adult dentition
D8080	Comprehensive orthodontic treatment of the adolescent dentition
D8210	Removable appliance therapy
D8220	Fixed appliance therapy
D8660	Pre-orthodontic treatment visit
D8670	Periodic orthodontic treatment visit (as part of contract)
D8703	Replacement of lost or broken retainer – maxillary
D8704	Replacement of lost or broken retainer – mandibular
D8999	Unspecified orthodontic procedure, by report

Consultations

D9310	Consultation (diagnostic service provided by dentist or physician other than practitioner providing treatment)
D9440	Office visit - after regularly scheduled hours

Medications

D9610	Therapeutic drug injection, by report
D9612	Therapeutic drug injection - 2 or more medications by report
D9613	Infiltration of sustained release therapeutic drug – single or multiple sites
D9630	Other drugs and/or medicaments, by report
D9910	Application of desensitizing medicament
D9920	Behavior management, by report

Post Surgical Services

D9930	Treatment of complications (post-surgical) unusual circumstances, by report
-------	---

2.02 Dental Treatment Requiring Authorization

Authorization is a utilization tool that requires Participating Providers to submit “documentation” associated with certain dental services for a Member. Participating Providers will not be paid if this “documentation” is not provided to DentaQuest. Participating Providers must hold the Member, DentaQuest, Plan and Agency harmless as set forth in the Provider Participation Agreement if coverage is denied for failure to obtain authorization (either before or after service is rendered).

DentaQuest utilizes specific dental utilization criteria as well as an authorization process to manage utilization of services. DentaQuest’s operational focus is to assure compliance with its utilization criteria. The criteria are included in this manual (see section 12). Please review these criteria as well as the Benefits covered to understand the decision making process used to determine payment for services rendered.

- A. Authorization and documentation submitted before treatment begins (Non-Emergency) treatment.

Services that require authorization (non-emergency) should not be started prior to the determination of coverage (approval or denial of the authorization). Non-emergency treatment started prior to the determination of coverage will be performed at the financial risk of the dental office. If coverage is denied, the treating dentist will be financially responsible and may not balance bill the Member, the Plan and/or DentaQuest.

Your submission of “documentation” must include:

- 1) Radiographs, narrative, or other information where requested (See Exhibits A - E for specifics by code)
- 2) CDT codes on the claim form

Your submission should be sent on an ADA approved claim form. The tables of Covered Services (Exhibits A - E) contain a column marked Authorization Required. A “Yes” in this column indicates that the service listed requires authorization (documentation) to be considered for reimbursement.

After a DentaQuest dental director reviews the documentation, the submitting office shall be provided an authorization number. The authorization number will be provided within two business days from the date the documentation is received. The authorization number will be issued to the submitting office by mail and must be submitted with the other required claim information after the treatment is rendered.

- B. Authorization and documentation submitted with claim (Emergency treatment)

DentaQuest recognizes that emergency treatment may not permit authorization to be obtained prior to treatment. In these situations services that require authorization, but are rendered under emergency conditions, will require the same “documentation” be provided with the claim when the claim is sent for payment. It is essential that the Participating Provider understand that claims sent without this “documentation” will be denied.

2.03 Electronic Attachments

DentaQuest accepts dental radiographs electronically via **FastAttach™** for authorization requests. DentaQuest, in conjunction with National Electronic Attachment, Inc. (NEA), allows Participating Providers the opportunity to submit all claims electronically, even those that require attachments. This program allows transmissions via secure Internet lines for radiographs, periodontic charts, intraoral pictures, narratives and EOBs.

FastAttach™ is inexpensive and easy to use, reduces administrative costs, eliminates lost or damaged attachments and accelerates claims and prior authorization processing. It is compatible with most claims clearinghouse or practice management systems.

For more information or to sign up for FastAttach go to www.fast.nea.com or call NEA at:

800.782.5150

2.04 EMERGENCY Treatments and Authorizations

If a patient presents with an emergency condition that requires immediate treatment or intervention, you should always take necessary clinical steps to mitigate pain, swelling, or other symptoms that might put the members overall health at risk and completely document your findings. After treatment, please complete the appropriate authorization request, and enter EMERGENCY/ URGENT in box 35, and the appropriate narrative or descriptor of the patient's conditions, including all supporting documentation. Please FAX this to 262-241-7150.

DentaQuest will process emergency authorization requests as high priority. After you receive the authorization number, then and only then should you submit the claim. Our system will link the authorization number and the claim, and payment should be processed.

3.00 Participating Hospitals

Dental Care Plus does not pay for hospitalization services performed outside of dental offices. In the scenario of a dental service being performed in a hospital unit, please direct your patient to their Medical Insurer for coverage/payment of medical services. Following the normal procedures and ORM requirements, Dental Care Plus will pay for the dental services conducted in this scenario, but will not pay for the medical services. If you have any questions regarding the role of Dental Care Plus in hospitalization or utilization of a medical center for dental services, please call 513-554-1100.

4.00 Claim Submission Procedures (claim filing options)

DentaQuest receives dental claims in four possible formats. These formats include:

- Electronic claims via DentaQuest's website (www.dentaquestgov.com).
- Electronic submission via clearinghouses.
- HIPAA Compliant 837D File.
- Paper claims.

4.01 Submitting Authorization or Claims with X-Rays

- Electronic submission using the new web portal
- Electronic submission using National Electronic Attachment (NEA) is recommended. For more information, please visit www.nea-fast.com and click the "Learn More" button. To register, click the "Provider Registration" button in the middle of the home page.
- Submission of duplicate radiographs (which we will recycle and not return)
- Submission of original radiographs with a self addressed stamped envelope (SASE) so that we may return the original radiographs. Note that determinations will be sent separately and any radiographs received without a SASE will not be returned to the sender.

Please note we also require radiographs be mounted when there are 5 or more radiographs submitted at one time. If 5 or more radiographs are submitted and not mounted, they will be returned to you and your request for prior authorization and/or claims will not be processed. You will need to resubmit a copy of the 2006 or newer ADA form that was originally submitted, along with mounted radiographs so that we may process the claim correctly.

Acceptable methods of mounted radiographs are:

- Radiographs duplicated and displayed in proper order on a piece of duplicating film.
- Radiographs mounted in a radiograph holder or mount designed for this purpose.

Unacceptable methods of mounted radiographs are:

- Cut out radiographs taped or stapled together.
- Cut out radiographs placed in a coin envelope.
- Multiple radiographs placed in the same slot of a radiograph holder or mount.

All radiographs should include member's name, identification number and office name to ensure proper handling.

4.02 Electronic Claim Submission Utilizing DentaQuest's Internet Website

Participating Providers may submit claims directly to DentaQuest by utilizing the "Dentist" section of our website. Submitting claims via the website is very quick and easy. It is especially easy if you have already accessed the site to check a Member's eligibility prior to providing the service.

To submit claims via the website, simply log on to www.dentaquestgov.com. Once you have entered the website, click on the "Dentist" icon. From there choose your "State" and press go. You will then be able to log in using your password and ID. First time users will have to register by utilizing the Business's NPI or TIN, State and Zip Code. DentaQuest should have contacted your office in regards to how to perform Provider Self Registration: you may also contact DentaQuest's Provider Service Department at

844.822.8109. Once logged in, select “Claims/Pre-Authorizations” and then “Dental Claim Entry“. The Dentist Portal allows you to attach electronic files (such as x-rays in jpeg format, reports and charts) to the claim.

If you have questions on submitting claims or accessing the website, please contact our Systems Operations Department at 800.417.7140 or via e-mail at: EDITeam@greatdentalplans.com

4.03 Electronic Authorization Submission Utilizing DentaQuest's Internet Website

Participating Providers may submit Pre-Authorizations directly to DentaQuest by utilizing the “Dentist” section of our website. Submitting Pre-Authorizations via the website is very quick and easy. It is especially easy if you have already accessed the site to check a Member’s eligibility prior to providing the service.

To submit pre-authorizations via the website, simply log on to www.dentaquestgov.com. Once you have entered the website, click on the “Dentist” icon. From there choose your “State” and press go. You will then be able to log in using your password and ID. First time users will have to register by utilizing the Business’s NPI or TIN, State and Zip Code. If you have not received instruction on how to complete Provider Self Registration contact DentaQuest’s Provider Service Department at 844.822.8109. Once logged in, select “Claims/Pre-Authorizations” and then “Dental Pre-Auth Entry“.

The Dentist Portal also allows you to attach electronic files (such as x-rays in jpeg format, reports and charts) to the pre-authorization.

4.04 Electronic Claim Submission via Clearinghouse

DentaQuest works directly with Emdeon (1-888-255-7293), Tesia 1-800-724-7240, EDI Health Group 1-800-576-6412, Secure EDI 1-877-466-9656 and Mercury Data Exchange 1-866-633-1090, for claim submissions to DentaQuest.

You can contact your software vendor and make certain that they have DentaQuest listed as the payer and claim mailing address on your electronic claim. Your software vendor will be able to provide you with any information you may need to ensure that submitted claims are forwarded to DentaQuest. DentaQuest’s Payor ID is CX014.

4.05 HIPAA Compliant 837D File

For Providers who are unable to submit electronically via the Internet or a clearinghouse, DentaQuest will work directly with the Provider to receive their claims electronically via a HIPAA compliant 837D or 837P file from the Provider’s practice management system. Please email EDITeam@greatdentalplans.com to inquire about this option for electronic claim submission.

4.06 NPI Requirements for Submission of Electronic Claims

In accordance with the HIPAA guidelines, DentaQuest has adopted the following NPI standards in order to simplify the submission of claims from all of our providers, conform to industry required standards and increase the accuracy and efficiency of claims administered by DentaQuest.

- Providers must register for the appropriate NPI classification at the following website <https://nppes.cms.hhs.gov/NPPES/Welcome.do> and provide this information to DentaQuest in its' entirety.
- All providers must register for an Individual NPI. You may also be required to register for a group NPI (or as part of a group) dependant upon your designation.
- When submitting claims to DentaQuest you must submit all forms of NPI properly and in their entirety for claims to be accepted and processed accurately. If you registered as part of a group, your claims must be submitted with both the Group and Individual NPI's. These numbers are not interchangeable and could cause your claims to be returned to you as non-compliant.
- If you are presently submitting claims to DentaQuest through a clearinghouse or through a direct integration you need to review your integration to assure that it is in compliance with the revised HIPAA compliant 837D format. This information can be found on the 837D Companion Guide located on the Provider Web Portal.

4.07 Paper Claim Submission

- Claims must be submitted on ADA approved claim forms or other forms approved in advance by DentaQuest.
- Member name, identification number, and date of birth must be listed on all claims submitted. If the Member identification number is missing or miscoded on the claim form, the patient cannot be identified. This could result in the claim being returned to the submitting Provider office, causing a delay in payment.
- The paper claim must contain an acceptable provider signature.
- The Provider and office location information must be clearly identified on the claim. Frequently, if only the dentist signature is used for identification, the dentist's name cannot be clearly identified. Please include either a typed dentist (practice) name or the DentaQuest Provider identification number.
- The paper claim form must contain a valid provider NPI (National Provider Identification) number. In the event of not having this box on the claim form, the NPI must still be included on the form. The ADA claim form only supplies 2 fields to enter NPI. On paper claims, the Type 2 NPI identifies the payee, and may be submitted in conjunction with a Type 1 NPI to identify the dentist who provided the treatment. For example, on a standard ADA Dental Claim Form, the treating dentist's NPI is entered in field 54 and the billing entity's NPI is entered in field 49.
- The date of service must be provided on the claim form for each service line submitted.
- Approved ADA dental codes as published in the current CDT book or as defined in this manual must be used to define all services.
- List all quadrants, tooth numbers and surfaces for dental codes that necessitate identification (extractions, root canals, amalgams and resin fillings). Missing tooth and surface identification codes can result in the delay or denial of claim payment.
- Affix the proper postage when mailing bulk documentation. DentaQuest does not accept postage due mail. This mail will be returned to the sender and will result in delay of payment.

Claims should be mailed to the following address:

DENTAQUEST, LLC-Claims

PO Box 2906
Milwaukee, WI 53201-2906

4.08 Coordination of Benefits (COB)

When DentaQuest is the secondary insurance carrier, a copy of the primary carrier's Explanation of Benefits (EOB) must be submitted with the claim. For electronic claim submissions, the payment made by the primary carrier must be indicated in the appropriate COB field. When a primary carrier's payment meets or exceeds a provider's contracted rate or fee schedule, DentaQuest will consider the claim paid in full and no further payment will be made on the claim.

4.09 Filing Limits

Each provider contract specifies a specific timeframe after the date of service for when a claim must be submitted to DentaQuest. Any claim submitted beyond the timely filing limit specified in the contract will be denied for "untimely filing." If a claim is denied for "untimely filing", the provider cannot bill the member. If DentaQuest is the secondary carrier, the timely filing limit begins with the date of payment or denial from the primary carrier.

4.10 Receipt and Audit of Claims

In order to ensure timely, accurate remittances to each participating Provider, DentaQuest performs an audit of all claims upon receipt. This audit validates Member eligibility, procedure codes and dentist identifying information. A DentaQuest Benefit Analyst analyzes any claim conditions that would result in non-payment. When potential problems are identified, your office may be contacted and asked to assist in resolving this problem. Please contact our Provider Service Department with any questions you may have regarding claim submission or your remittance.

Each DentaQuest Provider office receives an "explanation of benefit" report with their remittance. This report includes patient information and an allowable fee by date of service for each service rendered.

4.11 Direct Deposit

As a benefit to participating Providers, DentaQuest offers Direct Deposit for claims payments. This process improves payment turnaround times as funds are directly deposited into the Provider's banking account.

To receive claims payments through Direct Deposit, Providers must:

- Complete and sign the Direct Deposit Form found on the website.
- Attach a voided check to the form. *The authorization cannot be processed without a voided check.*
- Return the Direct Deposit Form and voided check to DentaQuest.
 - Via Fax – 262.241.4077
 - Via Mail – DentaQuest, LLC.
PO Box 2906
Milwaukee, WI 53201-2906
ATTN: PDA Department

The Direct Deposit Form must be legible to prevent delays in processing. Providers should allow up to six weeks for Direct Deposit to be implemented after the receipt of completed paperwork. Providers will receive a bank note one check cycle prior to the first Direct Deposit payment.

Providers enrolled in the Direct Deposit process must notify DentaQuest of any changes to bank accounts such as: changes in routing or account numbers, or a switch to a different bank. All changes must be submitted via the Direct Deposit Form. Changes to bank accounts or banking information typically take 2 -3 weeks. DentaQuest is not responsible for delays in funding if Providers do not properly notify DentaQuest in writing of any banking changes.

Providers enrolled in Direct Deposit are required to access their remittance statements online and will no longer receive paper remittance statements. Electronic remittance statements are located on DentaQuest's Provider Web Portal (PWP). Providers may access their remittance statements by following these steps:

1. Login to the PWP at www.dentaquestgov.com
2. Once you have entered the website, click on the "Dentist" icon. From there choose your "State" and press go.
3. Log in using your password and ID
4. Once logged in, select "Claims/Pre-Authorizations" and then "Remittance Advice Search".
5. The remittance will display on the screen.

5.00 Health Insurance Portability and Accountability Act (HIPAA)

As a healthcare provider, your office is required to comply with all aspects of the HIPAA regulations in effect as indicated in the final publications of the various rules covered by HIPAA.

DentaQuest has implemented various operational policies and procedures to ensure that it is compliant with the Privacy, Administrative Simplification and Security Standards of HIPAA. One aspect of our compliance plan is working cooperatively with our providers to comply with the HIPAA regulations. In relation to the Privacy Standards, DentaQuest has previously modified its provider contracts to reflect the appropriate HIPAA compliance language. These contractual updates include the following in regard to record handling and HIPAA requirements:

- Maintenance of adequate dental/medical, financial and administrative records related to covered dental services rendered by Provider in accordance with federal and state law.
- Safeguarding of all information about Members according to applicable state and federal laws and regulations. All material and information, in particular information relating to Members or potential Members, which is provided to or obtained by or through a Provider, whether verbal, written, tape, or otherwise, shall be reported as confidential information to the extent confidential treatment is provided under state and federal laws.
- Neither DentaQuest nor Provider shall share confidential information with a Member's employer absent the Member's consent for such disclosure.
- Provider agrees to comply with the requirements of the Health Insurance Portability and Accountability Act ("HIPAA") relating to the exchange of information and shall cooperate with DentaQuest in its efforts to ensure compliance with the privacy regulations promulgated under HIPAA and other related privacy laws.

Provider and DentaQuest agree to conduct their respective activities in accordance with the applicable provisions of HIPAA and such implementing regulations.

In relation to the Administrative Simplification Standards, you will note that the benefit tables included in this ORM reflect the most current coding standards (CDT-4) recognized by the ADA. Effective the date of this manual, DentaQuest will require providers to submit all claims with the proper CDT-4 codes listed in this manual. In addition, all paper claims must be submitted on the current approved ADA claim form.

Note: Copies of DentaQuest's HIPAA policies are available upon request by contacting DentaQuest's Provider Service department at 844.822.8109 or via e-mail at denelig.benefits@dentaquest.com.

5.01 HIPAA Companion Guide

To view a copy of the most recent Companion Guide please visit our website at www.dentaquestgov.com. Once you have entered the website, click on the "Dentist" icon. From there choose your "State" and press go. You will then be able to log in using your password and ID. Once you have logged in, click on the link named "Related Documents" (located under the picture on the right hand side of the screen).

6.00 Complaints and Appeals (Policies 200.010, 200.011, 200.013, 200.020A and 500.024E)

DentaQuest adheres to State, Federal, and Plan requirements related to processing inquiries, complaints, and grievances. Unless otherwise required by Agency and Plan, DentaQuest processes such inquiries, complaints, and grievances consistent with the following:

- A. Inquiry: An inquiry is the first contact with the Plan (verbal or written) expressing dissatisfaction from the Member, an attorney on behalf of a Member, or a government agency.
- B. Complaint: A complaint is an expression of dissatisfaction (written or verbal) from a Member, an attorney on behalf of a Member, or a government agency registering a request for review of a prior decision.
- C. Grievance: A notice sent by a Member or attorney on behalf of a Member registering a request for formal review of a complaint decision. Issues categorized as grievances have progressed through the inquiry and complaint levels of the process resulting in a Member's dissatisfaction with the outcome of issue review.
- D. DentaQuest's Complaints/Grievance Coordinator receives Member and Provider inquiries and complaints. The Coordinator investigates the issues, compiles the findings, requests patient records (if applicable), sends the records to the dental consultant for review and determination (if applicable), and obtains a resolution. The appropriate individuals are notified of the resolution (i.e. Plan, Member, and Provider as applicable). The complaint is closed and maintained on file for tracking and trending purposes. Any member and any provider acting on behalf of a member with the member's consent may appeal any utilization management determination resulting in a denial, reduction, suspension or termination of dental services.
- E. The Complaints/Grievances Coordinator receives Member and Provider grievances. The Coordinator requests appropriate documentation, forwards the documentation to the dental consultant for review and determination, and communicates the decision to uphold or overturn the initial decision to the appropriate individuals.

Note: Copies of DentaQuest policies and procedures can be requested by contacting Provider Service at 844.822.8109. (Policies 200.010, 200.011, 200.013, 200.017)

7.00 Utilization Management Program (Policies 500 Series)

7.01 Introduction

Reimbursement to dentists for dental treatment rendered can come from any number of sources such as individuals, employers, and insurance companies. The source of dollars varies depending on the particular program. For example, in traditional insurance, the dentist reimbursement is composed of an insurance payment and a patient coinsurance payment.

7.02 Community Practice Patterns

To do this, DentaQuest has developed a philosophy of Utilization Management that recognizes the fact that there exists, as in all healthcare services, a relationship between the dentist's treatment planning, treatment costs and treatment outcomes. The dynamics of these relationships, in any region, are reflected by the "community practice patterns" of local dentists and their peers. With this in mind, DentaQuest's Utilization Management Programs are designed to ensure the fair and appropriate distribution of healthcare dollars as defined by the regionally based community practice patterns of local dentists and their peers.

All utilization management analysis, evaluations and outcomes are related to these patterns. DentaQuest's Utilization Management Programs recognize that there exists a normal individual dentist variance within these patterns among a community of dentists and accounts for such variance. Also, specialty dentists are evaluated as a separate group and not with general dentists since the types and nature of treatment may differ.

7.03 Evaluation

DentaQuest's Utilization Management Programs evaluate claims submissions in such areas as:

- Diagnostic and preventive treatment;
- Patient treatment planning and sequencing;
- Types of treatment;
- Treatment outcomes; and
- Treatment cost effectiveness.

7.04 Results

DentaQuest's Utilization Management Programs will help identify those dentists whose patterns show significant deviation from the normal practice patterns of the community of their peer dentists (typically less than 5% of all dentists). When presented with such information, dentists will implement slight modification of their diagnosis and treatment processes that bring their practices back within the normal range. However, in some isolated instances, it may be necessary to recover reimbursement.

7.05 Fraud and Abuse (Policies 700 Series)

DentaQuest is committed to detecting, reporting and preventing potential fraud and abuse. Fraud and abuse are defined as:

Fraud: Intentional deception or misrepresentation made by a person with the knowledge that the deception could result in some unauthorized benefit to himself or some other person. It includes any act that constitutes fraud under federal or state law.

Member Abuse: Intentional infliction of physical harm, injury caused by negligent acts or omissions, unreasonable confinement, sexual abuse or sexual assault.

Provider Fraud: Provider practices that are inconsistent with sound fiscal, business or medical practices, and result in unnecessary cost to the program, or in reimbursement for services that are not medically necessary or that fail to meet professionally recognized standards for health care may be referred to the appropriate state regulatory agency.

Member Fraud: If a Provider suspects a member of ID fraud, drug-seeking behavior, or any other fraudulent behavior should be reported to DentaQuest

8.00 Quality Improvement Program (Policies 200 Series)

DentaQuest currently administers a Quality Improvement Program modeled after National Committee for Quality Assurance (NCQA) standards. The NCQA standards are adhered to as the standards apply to dental managed care. The Quality Improvement Program includes, but is not limited to:

- Provider credentialing and recredentialing;
- Member satisfaction surveys;
- Provider satisfaction surveys;
- Random Chart Audits;
- Complaint Monitoring and Trending;
- Peer Review Process;
- Utilization Management and practice patterns; and
- Quarterly Quality Indicator tracking (i.e. complaint rate, appointment waiting time, access to care, etc.)

A copy of DentaQuest's Quality Improvement Program is available upon request by contacting DentaQuest's Provider Service Department at 844.822.8109 or via e-mail at:

denelig.benefits@dentaquest.com.

9.00 Credentialing (Policies 300 Series)

DentaQuest, in conjunction with the Plan, has the sole right to determine which dentists (DDS or DMD); it shall accept and continue as Participating Providers. The purpose of the credentialing plan is to provide a general guide for the acceptance, discipline and termination of Participating Providers. DentaQuest considers each Provider's potential contribution to the objective of providing effective and efficient dental services to Members of the Plan.

DentaQuest's credentialing process adheres to National Committee for Quality Assurance (NCQA) guidelines as the guidelines apply to dentistry.

Nothing in this Credentialing Plan limits DentaQuest's sole discretion to accept and discipline Participating Providers. No portion of this Credentialing Plan limits DentaQuest's right to permit restricted participation by a dental office or DentaQuest's ability to terminate a Provider's participation in accordance with the Participating Provider's written agreement, instead of this Credentialing Plan.

The Plan has the final decision-making power regarding network participation. DentaQuest will notify the Plan of all disciplinary actions enacted upon Participating Providers.

Appeal of Credentialing Committee Recommendations. (Policy 300.017)

If the Credentialing Committee recommends acceptance with restrictions or the denial of an application, the Committee will offer the applicant an opportunity to appeal the recommendation.

The applicant must request a reconsideration/appeal in writing and the request must be received by DentaQuest within 30 days of the date the Committee gave notice of its decision to the applicant.

Discipline of Providers (Policy 300.019)

Procedures for Discipline and Termination (Policies 300.017-300.021)

Recredentialing (Policy 300.016)

Network Providers are recredentialled at least every 24/36 months as required by Plan.

Note: The aforementioned policies are available upon request by contacting DentaQuest's Provider Service Department at 844.822.8109 or via e-mail at denelig.benefits@dentaquest.com

10.00 The Patient Record

A. Organization

1. The record must have areas for documentation of the following information:
 - a. Registration data including a complete health history.
 - b. Medical alert predominantly displayed inside chart jacket.
 - c. Initial examination data.
 - d. Radiographs.
 - e. Periodontal and Occlusal status.
 - f. Treatment plan/Alternative treatment plan.
 - g. Progress notes to include diagnosis, preventive services, treatment rendered, and medical/dental consultations.
 - h. Miscellaneous items (correspondence, referrals, and clinical laboratory reports).
2. The design of the record must provide the capability or periodic update, without the loss of documentation of the previous status, of the following information.
 - a. Health history.
 - b. Medical alert.
 - c. Examination/Recall data.
 - d. Periodontal status.
 - e. Treatment plan.
3. The design of the record must ensure that all permanent components of the record are attached or secured within the record.
4. The design of the record must ensure that all components must be readily identified to the patient, (i.e., patient name, and identification number on each page).
5. The organization of the record system must require that individual records be assigned to each patient.

B. Content-The patient record must contain the following:

1. Adequate documentation of registration information which requires entry of these items:
 - a. Patient's first and last name.
 - b. Date of birth.
 - c. Sex.
 - d. Address.
 - e. Telephone number.
 - f. Name and telephone number of the person to contact in case of emergency.

2. An adequate health history that requires documentation of these items:
 - a. Current medical treatment.
 - b. Significant past illnesses.
 - c. Current medications.
 - d. Drug allergies.
 - e. Hematologic disorders.
 - f. Cardiovascular disorders.
 - g. Respiratory disorders.
 - h. Endocrine disorders.
 - i. Communicable diseases.
 - j. Neurologic disorders.
 - k. Signature and date by patient.
 - l. Signature and date by reviewing dentist.
 - m. History of alcohol and/or tobacco usage including smokeless tobacco.
3. An adequate update of health history at subsequent recall examinations which requires documentation of these items:
 - a. Significant changes in health status.
 - b. Current medical treatment.
 - c. Current medications.
 - d. Dental problems/concerns.
 - e. Signature and date by reviewing dentist.
4. A conspicuously placed medical alert inside the chart jacket that documents highly significant terms from health history. These items are:
 - a. Health problems which contraindicate certain types of dental treatment.
 - b. Health problems that require precautions or pre-medication prior to dental treatment.
 - c. Current medications that may contraindicate the use of certain types of drugs or dental treatment.
 - d. Drug sensitivities.
 - e. Infectious diseases that may endanger personnel or other patients.
5. Adequate documentation of the initial clinical examination which is dated and requires descriptions of findings in these items:
 - a. Blood pressure. (Recommended)
 - b. Head/neck examination.
 - c. Soft tissue examination.
 - d. Periodontal assessment.
 - e. Occlusal classification.
 - f. Dentition charting.

6. Adequate documentation of the patient's status at subsequent Periodic/Recall examinations which is dated and requires descriptions of changes/new findings in these items:
 - a. Blood pressure. (Recommended)
 - b. Head/neck examination.
 - c. Soft tissue examination.
 - d. Periodontal assessment.
 - e. Dentition charting.
7. Radiographs which are:
 - a. Identified by patient name.
 - b. Dated.
 - c. Designated by patient's left and right side.
 - d. Mounted (if intraoral films).
8. An indication of the patient's clinical problems/diagnosis.
9. Adequate documentation of the treatment plan (including any alternate treatment options) that specifically describes all the services planned for the patient by entry of these items:
 - a. Procedure.
 - b. Localization (area of mouth, tooth number, surface).
10. An Adequate documentation of the periodontal status, if necessary, which is dated and requires charting of the location and severity of these items:
 - a. Periodontal pocket depth.
 - b. Furcation involvement.
 - c. Mobility.
 - d. Recession.
 - e. Adequacy of attached gingiva.
 - f. Missing teeth.
11. An adequate documentation of the patient's oral hygiene status and preventive efforts which requires entry of these items:
 - a. Gingival status.
 - b. Amount of plaque.
 - c. Amount of calculus.
 - d. Education provided to the patient.
 - e. Patient receptiveness/compliance.
 - f. Recall interval.
 - g. Date.
12. An adequate documentation of medical and dental consultations within and outside the practice which requires entry of these items:
 - a. Provider to whom consultation is directed.
 - b. Information/services requested.
 - c. Consultant's response.

13. Adequate documentation of treatment rendered which requires entry of these items:
 - a. Date of service/procedure.
 - b. Description of service, procedure and observation. Documentation in treatment record must contain documentation to support the level of American Dental Association Current Dental Terminology code billed as detailed in the nomenclature and descriptors. Documentation must be written on a tooth by tooth basis for a per tooth code, on a quadrant basis for a quadrant code and on a per arch basis for an arch code.
 - c. Type and dosage of anesthetics and medications given or prescribed.
 - d. Localization of procedure/observation. (tooth #, quadrant etc.)
 - e. Signature of the Provider who rendered the service.

 14. Adequate documentation of the specialty care performed by another dentist that includes:
 - a. Patient examination.
 - b. Treatment plan.
 - c. Treatment status.
- C. Compliance
1. The patient record has one explicitly defined format that is currently in use.
 2. There is consistent use of each component of the patient record by all staff.
 3. The components of the record that are required for complete documentation of each patient's status and care are present.
 4. Entries in the records are legible.
 5. Entries of symbols and abbreviations in the records are uniform, easily interpreted and are commonly understood in the practice.

11.00 Patient Recall System Requirements

A. Recall System Requirement

Each participating DentaQuest office is required to maintain and document a formal system for patient recall. The system can utilize either written or phone contact. Any system should encompass routine patient check-ups, cleaning appointments, follow-up treatment appointments, and missed appointments for any Health Plan enrollee that has sought dental treatment.

If a written process is utilized, the following language is suggested for missed appointments:

- “We missed you when you did not come for your dental appointment on month/date. Regular check-ups are needed to keep your teeth healthy.”
- “Please call to reschedule another appointment. Call us ahead of time if you cannot keep the appointment. Missed appointments are very costly to us. Thank you for your help.”

DentaQuest offers the following suggestions to decrease the “no show” rate.

- Contact the Member by phone or postcard prior to the appointment to remind the individual of the time and place of the appointment.
- If the appointment is made through a government supported screening program, contact staff from these programs to ensure that scheduled appointments are kept.

B. Office Compliance Verification Procedures

- In conjunction with its office claim audits described in section 4, DentaQuest will measure compliance with the requirement to maintain a patient recall system.
- DentaQuest Dentists are expected to meet minimum standards with regards to appointment availability.
- Emergency care must be available within 24 hours.
- Urgent care must be available within 48 hours.

Follow-up appointments must be scheduled within 30 days of the present treatment date, as appropriate.

12.00 Radiology Requirements

Note: Please refer to benefit tables for Radiograph benefit limitations

DentaQuest utilizes the guidelines published by the Department of Health and Human Services, Center for Devices and Radiological Health. These guidelines were developed in conjunction with the Food and Drug Administration.

A. Radiographic Examination of the New Patient

1. Child – Primary Dentition

The Panel recommends posterior bitewing radiographs for a new patient, with a primary dentition and closed proximal contacts.

2. Child – Transitional Dentition

The Panel recommends an individualized periapical/occlusal examination with posterior bitewings OR a panoramic radiograph and posterior bitewings, for a new patient with a transitional dentition.

3. Adolescent – Permanent Dentition Prior to the eruption of the third molars

The Panel recommends an individualized radiographic examination consisting of selected periapicals with posterior bitewings for a new adolescent patient.

4. Adult – Dentulous

The Panel recommends an individualized radiographic examination consisting of selected periapicals with posterior bitewings for a new dentulous adult patient.

5. Adult – Edentulous

The Panel recommends a full-mouth intraoral radiographic survey OR a panoramic radiograph for the new edentulous adult patient.

B. Radiographic Examination of the Recall Patient

1. Patients with clinical caries or other high – risk factors for caries

a. Child – Primary and Transitional Dentition

The Panel recommends that posterior bitewings be performed at a 6-12 month interval for those children with clinical caries or who are at increased risk for the development of caries in either the primary or transitional dentition.

b. Adolescent

The Panel recommends that posterior bitewings be performed at a 6-12 month interval for adolescents with clinical caries or who are at increased risk for the development of caries.

c. Adult – Dentulous

The Panel recommends that posterior bitewings be performed at a 6-12 month interval for adults with clinical caries or who are at increased risk for the development of caries.

d. Adult – Edentulous

The Panel found that an examination for occult disease in this group cannot be justified on the basis of prevalence, morbidity, mortality, radiation dose and cost. Therefore, the Panel recommends that no radiographs be performed for edentulous recall patients without clinical signs or symptoms.

2. Patients with no clinical caries and no other high risk factors for caries

a. Child – Primary Dentition

The Panel recommends that posterior bitewings be performed at an interval of 12-24 months for children with a primary dentition with closed posterior contacts that show no clinical caries and are not at increased risk for the development of caries.

b. Adolescent

The Panel recommends that posterior bitewings be performed at intervals of 12-24 months for patients with a transitional dentition who show no clinical caries and are not at an increased risk for the development of caries.

c. Adult – Dentulous

The Panel recommends that posterior bitewings be performed at intervals of 24-36 months for dentulous adult patients who show no clinical caries and are not at an increased risk for the development of caries.

3. Patients with periodontal disease, or a history of periodontal treatment for Child – primary and transitional dentition, Adolescent and Dentulous Adult

The Panel recommends an individualized radiographic survey consisting of selected periapicals and/or bitewing radiographs of areas with clinical evidence or a history of periodontal disease, (except nonspecific gingivitis).

4. Growth and Development Assessment

a. Child – Primary Dentition

The panel recommends that prior to the eruption of the first permanent tooth, no radiographs be performed to assess growth and development at recall visits in the absence of clinical signs or symptoms.

b. Child – Transitional Dentition

The Panel recommends an individualized periapical/occlusal series OR a panoramic radiograph to assess growth and development at the first recall visit for a child after the eruption of the first permanent tooth.

c. Adolescent

The Panel recommends that for the adolescent (age 16-19 years of age) recall patient, a single set of periapicals of the wisdom teeth OR a panoramic radiograph.

d. Adult

The Panel recommends that no radiographs be performed on adults to assess growth and development in the absence of clinical signs or symptoms.

13.00 Health Guidelines – Ages 0-18 Years

NOTE: Please refer to benefit tables for benefits and limitations.

**Recommendations for Preventive Pediatric Dental Care (AAPD Reference Manual 2002-2003)
Periodicity and Anticipatory Guidance Recommendations (AAPD/ADA/AAP guidelines)**

PERIODICITY RECOMMENDATIONS					
Age	Infancy 6 – 12 Months	Late Infancy 12 – 24 Months	Preschool 2 – 6 Years	School Aged 6 – 12 Years	Adolescence 12 – 18 Years
Clinical oral examination (1)	X	X	X	X	X
Assess oral growth and development (2)	X	X	X	X	
Caries-risk assessment (3)	X	X	X	X	X
Radiographic assessment (4)	X	X	X	X	X
Prophylaxis and topical fluoride treatment (3,4)	X	X	X	X	X
Fluoride supplementation (5)	X	X	X	X	X
Anticipatory guidance/counseling (6)	X	X	X	X	X
Oral Hygiene Counseling (7)	Parents/ guardians/ caregivers	Parents/ guardians/ caregivers	Patient/parents/ guardians/ caregivers	Patient/ parents/ caregivers	Patient
Dietary Counseling (8)	X	X	X	X	X
Injury, Prevention Counseling (9)	X	X	X	X	X
Counseling for non-nutritive habits (10)	X	X	X	X	X
Counseling for speech/language development	X	X	X	X	X
Assessment and treatment of developing malocclusion			X	X	X
Assessment for pit and fissure sealants			X	X	X
Substance abuse counseling				X	X
Counseling for intraoral/perioral piercing				X	X
Assessment and/or removal of third molars					X
Transition to adult dental care					X
1.	First examination at the eruption of the first tooth and no later than 12 months. Repeat every 6 months or as indicated by child's risk status/susceptibility to disease. Includes assessment of pathology and injuries.				
2.	By clinical examination.				
3.	Must be repeated regularly and frequently to maximize effectiveness.				
4.	Timing, selection, and frequency determined by child's history, clinical findings, and susceptibility to oral disease.				
5.	Consider when systemic fluoride exposure is suboptimal. Up to at least 16 years.				
6.	Appropriate discussion and counseling should be an integral part of each visit for care.				
7.	Initially, responsibility of parent, as child matures, jointly with parent, then, when indicated, only child.				
8.	At every appointment; initially discuss appropriate feeding practices, then the role of refined carbohydrates and frequency of snacking in caries development and childhood obesity.				
9.	Initially play objects, pacifiers, car seats; when learning to walk; then with sports and routine playing, including the importance of mouthguards.				
10.	At first, discuss the need for additional sucking: digits vs pacifiers; then the need to wean from the habit before malocclusion or skeletal dysplasia occurs. For school-aged children and adolescent patients, counsel regarding any existing habits such as fingernail biting, clenching, or bruxism.				
11.	For caries-susceptible primary molars, permanent molars, premolars, and anterior teeth with deep pits and fissures; placed as soon as possible after eruption.				

14.00 Clinical Criteria

The criteria outlined in DentaQuest's Provider Office Reference Manual are based around procedure codes as defined in the American Dental Association's Code Manuals. Documentation requests for information regarding treatment using these codes are determined by generally accepted dental standards for authorization, such as radiographs, periodontal charting, treatment plans, or descriptive narratives. In some instances, the State legislature will define the requirements for dental procedures.

These criteria were formulated from information gathered from practicing dentists, dental schools, ADA clinical articles and guidelines, insurance companies, as well as other dental related organizations. These criteria and policies must meet and satisfy specific State and Health Plan requirements as well. They are designed as *guidelines* for authorization and payment decisions and *are not intended to be all-inclusive or absolute*. Additional narrative information is appreciated when there may be a special situation.

We hope that the enclosed criteria will provide a better understanding of the decision-making process for reviews. We also recognize that "local community standards of care" may vary from region to region and will continue our goal of incorporating generally accepted criteria that will be consistent with both the concept of local community standards and the current ADA concept of national community standards. Your feedback and input regarding the constant evolution of these criteria is both essential and welcome. DentaQuest shares your commitment and belief to provide quality care to Members and we appreciate your participation in the program.

Please remember these are generalized criteria. Services described may not be covered in your particular program. In addition, there may be additional program specific criteria regarding treatment. Therefore it is essential you review the Benefits Covered Section before providing any treatment.

These clinical criteria will be used for making medical necessity determinations for prior authorizations, post payment review and retrospective review. Failure to submit the required documentation may result in a disallowed request and/or a denied payment of a claim related to that request. Some services require prior authorization and some services require pre-payment review, this is detailed in the Benefits Covered Section(s) in the "Review Required" column.

For all procedures, every Provider in the DentaQuest program is subject to random chart audits. Providers are required to comply with any request for records. These audits may occur in the Provider's office as well as in the office of DentaQuest. The Provider will be notified in writing of the results and findings of the audit.

DentaQuest providers are required to maintain comprehensive treatment records that meet professional standards for risk management. Please refer to the "Patient Record" section for additional detail.

Documentation in the treatment record must justify the need for the procedure performed due to medical necessity, for all procedures rendered. Appropriate diagnostic pre-operative radiographs clearly showing the adjacent and opposing teeth and substantiating any pathology or caries present are required. Post-operative radiographs are required for endodontic procedures and permanent crown placement to confirm quality of care. In the event that radiographs are not available or cannot be obtained, diagnostic quality intraoral photographs must substantiate the need for procedures rendered.

Multistage procedures are reported and may be reimbursed upon completion. The completion date is the date of insertion for removable prosthetic appliances. The completion date for immediate dentures is the date that the remaining teeth are removed and the denture is inserted. The completion date for fixed partial dentures and crowns, onlays, and inlays is the cementation

date regardless of the type of cement utilized. The completion date for endodontic treatment is the date the canals are permanently filled.

Failure to provide the required documentation, adverse audit findings, or the failure to maintain acceptable practice standards may result in sanctions including, but not limited to, recoupment of benefits on paid claims, follow-up audits, or removal of the Provider from the DentaQuest Provider Panel.

14.01 Criteria for Dental Extractions

Not all procedures require authorization.

Documentation needed for authorization procedure:

- Appropriate radiographs showing clearly the adjacent and opposing teeth should be submitted for authorization review: bitewings, periapicals or panorex.
- Treatment rendered under emergency conditions, when authorization is not possible, will still require that appropriate radiographs showing clearly the adjacent and opposing teeth be submitted with the claim for review for payment.
- Narrative demonstrating medical necessity.

Criteria

The prophylactic removal of asymptomatic teeth (i.e. third molars) or teeth exhibiting no overt clinical pathology (for orthodontics) may be covered subject to consultant review.

- The removal of primary teeth whose exfoliation is imminent does not meet criteria.
- Alveoplasty (code D7310) in conjunction with four or more extractions in the same quadrant will be covered subject to consultant review.

14.02 Criteria for Cast Crowns

Documentation needed for authorization of procedure:

- Appropriate radiographs showing clearly the adjacent and opposing teeth should be submitted for authorization review: bitewings, periapicals or panorex.
- Treatment rendered without necessary authorization will still require that sufficient and appropriate radiographs showing clearly the adjacent and opposing teeth be submitted with the claim for review for payment.

Criteria

- In general, criteria for crowns will be met only for permanent teeth needing multi-surface restorations where other restorative materials have a poor prognosis.
- Permanent molar teeth must have pathologic destruction to the tooth by caries or trauma, and should involve four or more surfaces and two or more cusps.
- Permanent bicuspid teeth must have pathologic destruction to the tooth by caries or trauma, and should involve three or more surfaces and at least one cusp.
- Permanent anterior teeth must have pathologic destruction to the tooth by caries or trauma, and must involve four or more surfaces and at least 50% of the incisal edge.

A request for a crown following root canal therapy must meet the following criteria

- Request should include a dated post-endodontic radiograph.
- Tooth should be filled sufficiently close to the radiological apex to ensure that an apical seal is achieved, unless there is a curvature or calcification of the canal that limits the ability to fill the canal to the apex.
- The filling must be properly condensed/obtured. Filling material does not extend excessively beyond the apex.

To meet criteria, a crown must be opposed by a tooth or denture in the opposite arch or be an abutment for a partial denture.

- The patient must be free from active and advanced periodontal disease.
- The fee for crowns includes the temporary crown that is placed on the prepared tooth and worn while the permanent crown is being fabricated for permanent teeth.
- Cast Crowns on permanent teeth are expected to last, at a minimum, five years.

Authorizations for Crowns will not meet criteria if:

- A lesser means of restoration is possible.
- Tooth has subosseous and/or furcation caries.
- Tooth has advanced periodontal disease.

- Tooth is a primary tooth.
- Crowns are being planned to alter vertical dimension.

14.03 Criteria for Endodontics

Not all procedures require authorization.

Documentation needed for authorization of procedure:

- Sufficient and appropriate radiographs showing clearly the adjacent and opposing teeth and a pre-operative radiograph of the tooth to be treated; bitewings, periapicals or panorex. A dated post-operative radiograph must be submitted for review for payment.
- Treatment rendered under emergency conditions, when authorization is not possible, will still require that appropriate radiographs showing clearly the adjacent and opposing teeth, pre-operative radiograph and dated post-operative radiograph of the tooth treated with the claim for retrospective review for payment. In cases where pathology is not apparent, a written narrative justifying treatment is required.

Criteria

Root canal therapy is performed in order to maintain teeth that have been damaged through trauma or carious exposure.

Root canal therapy must meet the following criteria:

- Fill should be sufficiently close to the radiological apex to ensure that an apical seal is achieved, unless there is a curvature or calcification of the canal that limits the dentist's ability to fill the canal to the apex.
- Fill must be properly condensed/obturated. Filling material does not extend excessively beyond the apex.

Authorizations for Root Canal therapy will not meet criteria if:

- Gross periapical or periodontal pathosis is demonstrated radiographically (caries subcrestal or to the furcation, deeming the tooth non-restorable).
- The general oral condition does not justify root canal therapy due to loss of arch integrity.
- Root canal therapy is for third molars, unless they are an abutment for a partial denture.
- Tooth does not demonstrate 50% bone support.
- Root canal therapy is in anticipation of placement of an overdenture.
- A filling material not accepted by the Federal Food and Drug Administration (e.g. Sargenti filling material) is used.

Other Considerations

- Root canal therapy for permanent teeth includes diagnosis, extirpation of the pulp, shaping and enlarging the canals, temporary fillings, filling and obliteration of root canal(s), and progress radiographs, including a root canal fill radiograph.
- In cases where the root canal filling does not meet DentaQuest's treatment standards, DentaQuest can require the procedure to be redone at no additional cost. Any reimbursement already made for an inadequate service may be recouped after DentaQuest reviews the circumstances.

14.04 Criteria for Stainless Steel Crowns

In most cases, authorization is not required. Where authorization is required for primary or permanent teeth, the following criteria apply:

Documentation needed for authorization of procedure:

- Appropriate radiographs showing clearly the adjacent and opposing teeth should be submitted for authorization review: bitewings, periapicals or panorex.
- Treatment rendered under emergency conditions, when authorization is not possible, will still require that appropriate radiographs showing clearly the adjacent and opposing teeth be submitted with the claim for review for payment.
- Narrative demonstrating medical necessity if radiographs are not available.

Criteria

- In general, criteria for stainless steel crowns will be met only for teeth needing multi-surface restorations where amalgams and other materials have a poor prognosis.
- Permanent molar teeth must have pathologic destruction to the tooth by caries or trauma, and should involve four or more surfaces and two or more cusps.
- Permanent bicuspid teeth must have pathologic destruction to the tooth by caries or trauma, and should involve three or more surfaces and at least one cusp.
- Permanent anterior teeth must have pathologic destruction to the tooth by caries or trauma, and should involve four or more surfaces and at least 50% of the incisal edge.
- Primary molars must have pathologic destruction to the tooth by caries or trauma, and should involve two or more surfaces or substantial occlusal decay resulting in an enamel shell.

An authorization for a crown on a permanent tooth following root canal therapy must meet the following criteria:

- Request should include a dated post-endodontic radiograph.

- Tooth should be filled sufficiently close to the radiological apex to ensure that an apical seal is achieved, unless there is a curvature or calcification of the canal that limits the dentist's ability to fill the canal to the apex.
- The filling must be properly condensed/obtured. Filling material does not extend excessively beyond the apex.

To meet criteria, a crown must be opposed by a tooth or denture in the opposite arch or be an abutment for a partial denture.

- The patient must be free from active and advanced periodontal disease.
- The permanent tooth must be at least 50% supported in bone.
- Stainless Steel Crowns on permanent teeth are expected to last five years.

Authorization and treatment using Stainless Steel Crowns will not meet criteria if:

- A lesser means of restoration is possible.
- Tooth has subosseous and/or furcation caries.
- Tooth has advanced periodontal disease.
- Tooth is a primary tooth with exfoliation imminent.
- Crowns are being planned to alter vertical dimension.

14.05 Criteria for Removable Prosthodontics (Full and Partial Dentures)

Documentation needed for authorization of procedure:

- Treatment plan.
- Appropriate radiographs showing clearly the adjacent and opposing teeth must be submitted for authorization review: bitewings, periapicals or panorex.
- Treatment rendered without necessary authorization will still require appropriate radiographs showing clearly the adjacent and opposing teeth be submitted with the claim for review for payment.
- Fabrication of a removable prosthetic includes multiple steps (appointments) these multiple steps (impressions, try-in appointments, delivery etc.) are inclusive in the fee for the removable prosthetic and as such not eligible for additional compensation.

Criteria

General

Prosthetic services are intended to restore oral form and function due to premature loss of permanent teeth that would result in significant occlusal dysfunction. Please review the benefit limitations in the Exhibits in the back of this Office Reference Manual in the D5000's series of codes.

- A denture is determined to be an initial placement if the patient has never worn a prosthesis. This does not refer to just the time a patient has been receiving treatment from a certain Provider.
- Partial dentures are covered only for recipients with good oral health and hygiene, good periodontal health (AAP Type I or II), and a favorable prognosis where continuous deterioration is not expected.
- Radiographs must show no untreated cavities or active periodontal disease in the abutment teeth, and abutments must be at least 50% supported in bone.
- As part of any removable prosthetic service, dentists are expected to instruct the patient in the proper care of the prosthesis.
- The replacement teeth should be anatomically full sized teeth.
- Lost, stolen or damaged and un-repairable appliance will be replaced only if replacement is needed due to circumstances beyond the recipient's control.

Authorizations for Removable prosthesis will not meet criteria:

- If the member has already received a prosthesis within the benefit limitation period noted in the Exhibits in the back of this Office Reference Manual.
- If good oral health and hygiene, good periodontal health, and a favorable prognosis are not present.
- If there are untreated cavities or active periodontal disease in the abutment teeth.
- If abutment teeth are less than 50% supported in bone.
- If the recipient cannot accommodate and properly maintain the prosthesis (i.e.. Gag reflex, potential for swallowing the prosthesis, severely handicapped).
- If the recipient has a history or an inability to wear a prosthesis due to psychological or physiological reasons.
- If extensive repairs are performed on marginally functional partial dentures, or when a new partial denture would be better for the health of the recipient. However, adding teeth and/or a clasp to a partial denture is a covered benefit if the addition makes the denture functional.

Criteria

- If there is a pre-existing prosthesis, please review the benefit limitations in the Exhibits in the back of this ORM to determine if the member is eligible for a replacement.
- Adjustments, repairs and relines are included with the denture fee within the first 6 months after insertion. After that time has elapsed.
- Relines will be reimbursed per the benefit limitations in the Exhibits in the back of this ORM.

- The use of Preformed Dentures with teeth already mounted (that is, teeth set in acrylic before the initial impression) cannot be used for the fabrication of a new denture.
- All prosthetic appliances shall be inserted in the mouth and adjusted before a claim is submitted for payment.
- When billing for partial and complete dentures, dentists must list the date that the dentures or partials were inserted as the date of service. Recipients must be eligible on that date in order for the denture service to be covered.

14.06 Criteria for the Excision of Bone Tissue

To ensure the proper seating of a removable prosthetic (partial or full denture) some treatment plans may require the removal of excess bone tissue prior to the fabrication of the prosthesis. Clinical guidelines have been formulated for the dental consultant to ensure that the removal of tori (mandibular and palatal) is an appropriate course of treatment prior to prosthetic treatment.

Code D7471 (CDT-4) is related to the removal of the lateral exostosis. This code is subject to authorization and may be reimbursed for when submitted in conjunction with a treatment plan that includes removable prosthetics. These determinations will be made by the appropriate dental specialist/consultant.

Documentation needed for authorization of procedure:

- Appropriate radiographs and/or intraoral photographs/bone scans which clearly identify the lateral exostosis must be submitted for authorization review; bitewings, periapicals or panorex.
- Treatment plan – includes prosthetic plan.
- Narrative of medical necessity, if appropriate.
- Study model or photo clearly identifying the lateral exostosis (es) to be removed.

14.07 Criteria for the Determination of a Non-Restorable Tooth

In the application of clinical criteria for benefit determination, dental consultants must consider the overall dental health. A tooth that is determined to be non-restorable may be subject to an alternative treatment plan.

A tooth may be deemed non-restorable if one or more of the following criteria are present:

- The tooth presents with greater than a 75% loss of the clinical crown.
- The tooth has less than 50% bone support.
- The tooth has subosseous and/or furcation caries.
- The tooth is a primary tooth with exfoliation imminent.
- The tooth apex is surrounded by severe pathologic destruction of the bone.

- The overall dental condition (i.e. periodontal) of the patient is such that an alternative treatment plan would be better suited to meet the patient's needs.

14.08 Criteria for General Anesthesia and Intravenous (IV) Sedation

Documentation needed for authorization of procedure:

- Treatment plan (authorized if necessary).
- Narrative describing medical necessity for General Anesthesia or IV Sedation.
- Treatment rendered under emergency conditions, when authorization is not possible, will still require submission of treatment plan and narrative of medical necessity with the claim for review for payment.

Criteria

Requests for general anesthesia or IV sedation will be authorized (for procedures Covered by Health Plan) if any of the following criteria are met:

Extensive or complex oral surgical procedures such as:

- Impacted wisdom teeth.
- Surgical root recovery from maxillary antrum.
- Surgical exposure of impacted or unerupted cuspids.
- Radical excision of lesions in excess of 1.25 cm.

And/or one of the following medical conditions:

- Medical condition(s) which require monitoring (e.g. cardiac problems, severe hypertension).
- Underlying hazardous medical condition (cerebral palsy, epilepsy, mental retardation, including Down's syndrome) which would render patient non-compliant.
- Documented failed sedation or a condition where severe periapical infection would render local anesthesia ineffective.
- Patients 3 years old and younger with extensive procedures to be accomplished.

14.09 Criteria for Periodontal Treatment

Documentation needed for authorization of procedure:

- Radiographs – periapicals or bitewings preferred.
- Complete periodontal charting with AAP Case Type.
- Treatment plan.

Periodontal scaling and root planing, per quadrant involves instrumentation of the crown and root surfaces of the teeth to remove plaque and calculus from these surfaces. It is indicated for patients with periodontal disease and is therapeutic, not prophylactic in nature. Root planing is the definitive procedure designed for the removal of cementum and dentin that is rough, and/or permeated by calculus or contaminated with toxins or microorganisms. Some soft tissue removal occurs. This procedure may be used as a definitive treatment in some stages of periodontal disease and as a part of pre-surgical procedures in others.

It is anticipated that this procedure would be requested in cases of severe periodontal conditions (i.e. late Type II, III, IV periodontitis) where definitive comprehensive root planing requiring local/regional block anesthesia and several appointments would be indicated.

From the American Academy of Periodontology (AAP) Policy on Scaling and Root Planing:

“Periodontal scaling is a treatment procedure involving instrumentation of the crown and root surfaces of the teeth to remove plaque, calculus, and stains from these surfaces. It is performed on patients with periodontal disease and is therapeutic, not prophylactic, in nature. Periodontal scaling may precede root planing, which is the definitive, meticulous treatment procedure to remove cementum and/or dentin that is rough and may be permeated by calculus, or contaminated with toxins or microorganisms. Periodontal scaling and root planing are arduous and time consuming. They may need to be repeated and may require local anesthetic.”

Criteria

- A minimum of four (4) teeth affected in the quadrant.
- Periodontal charting indicating abnormal pocket depths in multiple sites.
- Additionally at least one of the following must be present:
 - 1) Radiographic evidence of root surface calculus.
 - 2) Radiographic evidence of noticeable loss of bone support.

14.10 Criteria for Orthodontic Treatment

Medically necessary pediatric orthodontia exists when there is a severe, dysfunctional, handicapping malocclusion. Orthodontic services require prior authorization.

Orthodontic treatment for cosmetic purposes is not a covered benefit. Members must have a severe, dysfunctional, handicapping malocclusion.

Since a case must be dysfunctional to be accepted for treatment, Members whose molars and bicuspids are in good occlusion seldom qualify. Crowding alone is not usually dysfunctional in spite of the aesthetic considerations. Minor tooth guidance, if a covered benefit, will be authorized on a selective basis to help prevent the future necessity for fullbanded treatment. All appliance adjustments are incidental and included in the allowance for the tooth guidance appliance. With the exception of situations involving gingival stripping or other nonreversible damage, appliances for minor tooth guidance (codes D8010 through D8030) will be approved when they are the only treatment

necessary. If treatment is not definitive, the movement will only be covered as part of a comprehensive orthodontic treatment plan.

ALL ORTHODONTIC SERVICES REQUIRE PRIOR AUTHORIZATION BY ONE OF DENTAQUEST'S DENTAL CONSULTANTS.

The Member should present with a fully erupted set of permanent teeth. At least 1/2 to 3/4 of the clinical crown should be exposed, unless the tooth is impacted or congenitally missing.

All orthodontic cases for members age 19 and under are reviewed for medical necessity to determine if the member has a severe, dysfunctional handicapping malocclusion. If the case is not approved for medical necessity, the Salzmann Evaluation Criteria Index Form is used as the basis for determining whether a Member qualifies for orthodontic treatment. A member must score a minimum of 25 points to qualify for coverage – points are not awarded for esthetics, therefore additional points for handicapping esthetics will not be considered as part of the determination.

Cleft Palate Services: Orthodontic care under the program will be evaluated based on medical necessity. All orthodontic services require prior authorization by one of DentaQuest's Dental Consultants.

Diagnostic study models (trimmed) with waxbites or OrthoCad electronic equivalent and treatment plan must be submitted with the request for prior authorization of services. Treatment should not begin prior to receiving notification from DentaQuest indicating coverage or non-coverage for the proposed treatment plan. Dentists who begin treatment before receiving an approved or denied prior authorization are financially obligated to complete treatment at no charge to the Member or face possible termination of their provider agreement. Providers cannot bill prior to services being performed.

DentaQuest will reimburse doctors for orthodontic records when denial determinations are made. It is the responsibility of the rendering office to submit a claim for the payment of orthodontic records as DentaQuest cannot generate claims on the behalf of its network doctors. Claims for orthodontic records payments must be: made in accordance with timely filing protocols, submitted on a HIPAA compliant ADA claim form, billed using CDT code D8660, and have history of a DentaQuest denied orthodontia request on file. As with all claims for payment, orthodontic records are subject to member eligibility, frequency, and benefit limitations outlined herein and in accordance with State regulations.

OrthoCAD™

OrthoCAD™ - DentaQuest accepts orthodontic models electronically via OrthoCAD™ for authorization requests. DentaQuest allows Participating Providers the opportunity to submit all orthodontic models electronically. This program allows transmissions via secure Internet lines for orthodontic models. OrthoCAD™ is inexpensive and easy to use, reduces administrative costs, eliminates lost or damaged models and accelerates claims and prior authorization processing. It is compatible with most claims clearinghouse or practice management systems.

APPENDIX A

Attachments

General Definitions

The following definitions apply to this Office Reference Manual:

“DHS” means the Department of Human Services, as described in A.R.S. Section 36-2901, *et seq.*, which is composed of the Administration, contractors, subcontractors and other Providers entering into arrangements through which health care services are provided to eligible persons.

“Contract” means the document specifying the services provided by DentaQuest to:

- an employer, directly or on behalf of the State of Virginia, as agreed upon between an employer or Plan and DentaQuest (a “Commercial Contract”);

“Covered Services” is a dental service or supply that satisfies all of the following criteria:

- provided or arranged by a Participating Provider to a Member;
- authorized by DentaQuest in accordance with the Plan Certificate; and
- submitted to DentaQuest according to DentaQuest’s filing requirements.

“DentaQuest” shall refer to DentaQuest of Virginia, LLC

“DentaQuest Service Area” shall be defined as the State of Virginia.

“Medically Necessary” means those Covered Services provided by a physician or other licensed practitioner of the healing arts within the scope of their practice under State law to prevent disease, disability and other adverse health conditions or their progression, or prolong life. In order to be Medically Necessary, the service or supply for medical illness or injury must be determined by Plan or its designee in its judgment to be a Covered Service which is required and appropriate in accordance with the law, regulations, guidelines and accepted standards of medical practice in the community.

“Member” means any individual who is eligible to receive Covered Services pursuant to a Contract and the eligible dependents of such individuals.

“Out-of-Pocket Maximum” is the limit on how much you have to pay out-of-pocket each year for in-network copayments, coinsurance, and deductibles paid for covered services received during a calendar year. After you have reached the annual maximum individual or family out-of-pocket limit for this plan, the plan pays 100% of the cost for in-network covered services for the remainder of the year. The amounts you pay for copayments and coinsurance for in-network covered services count toward your maximum out-of-pocket amount. Amounts you pay for plan premiums, balance-billed charges from non-network services, and health care services this plan does not cover are not included in the maximum out-of-pocket limit. Any amount you pay for non-covered charges is not applicable toward your maximum out-of-pocket amount.

“Participating Provider” is a dental professional or facility or other entity, including a Provider that has entered into a written agreement with DentaQuest, directly or through another entity, to provide dental services to selected groups of Members.

“Plan” is an insurer, health maintenance organization or any other entity that is an organized system which combines the delivery and financing of health care and which provides basic health services to enrolled Members for a fixed prepaid fee.

“Plan Certificate” means the document that outlines the benefits available to Members.

"Provider" means the undersigned health professional or any other entity that has entered into a written agreement with DentaQuest to provide certain health services to Members. Each Provider shall have its own distinct tax identification number.

“Provider Dentist” is a Doctor of dentistry, duly licensed and qualified under the applicable laws, who practices as a shareholder, partner, or employee of Provider, and who has executed a Provider Dentist Participation Addendum.

Additional Resources

Welcome to the DentaQuest provider forms and attachment resource page. The links below provide methods to access and acquire both electronic and printable forms addressed within this document. To view copies please visit our website @ www.dentaquestgov.com. Once you have entered the website, click on the "Dentist" icon. From there choose your "State" and press go. You will then be able to log in using your password and User ID. Once logged in, select the link "Related Documents" to access the following resources:

VIRGINIA ORTHODONTIC CRITERIA FOR MEDICAL NECESSITY

Patient Name: _____ **DOB:** _____

HealthPlan: _____ **Doctor Name:** _____

<u>ABBREVIATIONS</u>	<u>CRITERIA</u>	<u>YES</u>	<u>NO</u>
DO	Deep impinging overbite that shows palatal impingement causing trauma with the majority of lower incisors		
AO	True anterior openbite. (Not including one or two slightly out of occlusion or where the incisors have not fully erupted and are not correctable by habit therapy)		
AP	Demonstrates a large anterior-posterior discrepancy. (Class II and Class III malocclusions that are virtually a full tooth Class II or Class III).		
AX	Anterior crossbite. (Involves more than two teeth and in cases where gingival stripping from the crossbite is demonstrated and not correctable by limited ortho treatment).		
PX	Posterior transverse discrepancies. (Involves several posterior teeth in crossbite,, one of which must be a molar and not correctable by limited ortho treatment).		
PO	Significant posterior openbites. (Not involving partially erupted teeth or one or two teeth slightly out of occlusion and not correctable by habit therapy).		
IMP	Impacted canines that will not erupt into the arches without orthodontic or surgical intervention. (Does not include cases where canines are going to erupt ectopically).		
CR	Crowding of 7-8 mm in either the maxillary or mandibular arch.		
OJ	Overject n excess of 9 mm		
CDD	Dentition exhibits a profound impact from a congenital or developmental disorder.		
FAS	Significant facial asymmetry requiring a combination orthodontic and orthognathic surgery for correction.		

When all are answered "NO", please refer to the Salzman

APPROVED: DENIED: Reviewed By: _____ Date: _____

Malocclusion Severity Assessment **By J.A. Salzman, DDS, F.A.P.H.A.**

Summary of instructions

Score: 2 points for each maxillary anterior tooth affected.

1 point for each mandibular incisor and all posterior teeth affected.

1. Missing teeth. Count the teeth; remaining roots of teeth are scored as a missing tooth.
2. Crowding. Score the points when there is not sufficient space to align a tooth without moving other teeth in the same arch.
3. Rotation. Score the points when one or both proximal surfaces are seen in anterior teeth, or all or part of the buccal or lingual surface in posterior teeth are turned to a proximal surface of an adjacent tooth. The space needed for tooth alignment is sufficient in rotated teeth for their proper alignment.
4. Spacing. Score teeth, not spacing. Score the points when:
 - a. Open spacing. One or both interproximal tooth surfaces and adjacent papillae are visible in an anterior tooth; both interproximal surfaces and papillae are visible in a posterior tooth.
 - b. Closed spacing. Space is not sufficient to permit eruption of a tooth that is partially eruption.
5. Overjet. Score the points when the mandibular incisors occlude on or over the maxillary mucosa in back of the maxillary incisors, and the mandibular incisor crowns show labial axial inclination.
6. Overbite. Score the points when the maxillary incisors occlude on or opposite labial gingival mucosa of the mandibular incisor teeth.
7. Cross-bite. Score the points when the maxillary incisors occlude lingual to mandibular incisors, and the posterior teeth occlude entirely out of occlusal contact.
8. Open-bite. Score the points when the teeth occlude above the opposing incisal edges and above the opposing occlusal surfaces of posterior teeth.
9. Mesiodistal deviations. Relate mandibular to opposing maxillary teeth by full cusp for molars; buccal cusps of premolars and canines occlude mesial or distal to accepted normal interdental area of maxillary premolars.

Instruction for using the “Handicapping Malocclusion Assessment Record”

Introduction

This assessment record (not an examination) is intended to disclose whether a handicapping malocclusion is present and to assess its severity according to the criteria and weights (point values) assigned to them. The weights are based on tested clinical orthodontic values from the standpoint of the effect of the malocclusion on dental health, function, and esthetics. The assessment is not directed to ascertain the presence of occlusal deviations ordinarily included in epidemiological surveys of malocclusion. Etiology, diagnosis, planning, complexity of treatment, and prognosis are not factors in this assessment. Assessments can be made from casts or directly in the mouth. An additional assessment record form is provided for direct mouth assessment of mandibular function, facial asymmetry, and lower lip position.

A. Intra-Arch Deviations

The casts are placed, teeth upward, in direct view. When the assessment is made directly in the mouth, a mouth mirror is used. The number of teeth affected is entered as indicated in the “Handicapping Malocclusion Assessment Record.” The scoring can be entered later.

1. Anterior segment: A value of 2 points is scored for each tooth affected in the maxilla and 1 point in the mandible.
 - a. Missing teeth are assessed by actual count. A tooth with only the roots remaining is scored as missing.
 - b. Crowded refers to tooth irregularities that interrupt the continuity of the dental arch when the space is insufficient for alignment without moving other teeth in the arch. Crowded teeth may or may not also be rotated. A tooth scored as crowded is not scored also as rotated.

c. Rotated refers to tooth irregularities that interrupt the continuity of the dental arch but there is sufficient space for alignment. A tooth scored as rotated is not scored also as crowded or spaced.

d. Spacing

(1) Open spacing refers to tooth separation that exposes to view the interdental papillae on the alveolar crest. Score the number of papillae visible (not teeth).

(2) Closed spacing refers to partial space closure that will not permit a tooth to complete its eruption without moving other teeth in the same arch. Score the number of teeth affected.

2. Posterior segment: **A value of 1 point is scored of each tooth affected.**

a. Missing teeth are assessed by actual count. A tooth with only the roots remaining is scored as missing.

b. Crowded refers to tooth irregularities that interrupt the continuity of the dental arch when the space is insufficient for alignment. Crowded teeth may or may not also be rotated. A tooth scored as crowded is not scored also as rotated.

c. Rotated refers to tooth irregularities that interrupt the continuity of the dental arch and all or part of the lingual or buccal surface faces some part or all of the adjacent proximal tooth surfaces. There is sufficient space for alignment. A tooth scored as rotated is not scored also as crowded.

d. Spacing

(1) Open spacing refers to interproximal tooth separation that exposes to view the mesial and distal papillae of a tooth. Score the number of teeth affected (Not the spaces).

(2) Closed spacing refers to partial space closure that will not permit a tooth to erupt without moving other teeth in the same arch. Score the number of teeth affected.

B. Interarch Deviations

When casts are assessed for interarch deviations, they first are approximated in terminal occlusion. Each side assessed is held in direct view. When the assessment is made in the mouth terminal occlusion is obtained by bending the head backward as far as possible while the mouth is held wide open. The tongue is bent upward and backward on the palate and the teeth are quickly brought to terminal occlusion before the head is again brought downward. A mouth mirror is used to obtain a more direct view in the mouth.

1. Anterior segment: **A value of 2 points is scored for each affected maxillary tooth only.**

a. Overjet refers to labial axial inclination of the maxillary incisors in relation to the mandibular incisor, permitting the latter to occlude on or over the palatal mucosa. If the maxillary incisors are not in labial axial inclination, the condition is scored as overbite only.

b. Overbite refers to the occlusion of the maxillary incisors on or over the labial gingival mucosa of the mandibular incisors, while the mandibular incisors themselves occlude on or over the palatal mucosa in back of the maxillary incisors. When the maxillary incisors are in labial axial inclination, the deviation is scored also as overjet.

c. Cross-bite refers to maxillary incisors that occlude lingual to their opponents in the opposing jaw, when the teeth are in terminal occlusion.

d. Open-bite refers to vertical interarch dental separation between the upper and lower incisors when the posterior teeth are in terminal occlusion. Open-bite is scored in addition to overjet if the maxillary incisor teeth are above the incisal edges of the mandibular incisors when the posterior teeth are in terminal occlusion edge-to-edge occlusion is not assessed as open-bite.

2. Posterior segment: **A value of 1 point is scored for each affected tooth.**

a. Cross-bite refers to teeth in the buccal segment that are positioned lingually or buccally out of entire occlusal contact with the teeth in the opposing jaw when the dental arches are in terminal occlusion.

b. Open-bite refers to the vertical interdental separation between the upper and lower segments when the anterior teeth are in terminal occlusion. Cusp-to-cusp occlusion is not assessed as open-bite.

c. Anteroposterior deviation refers to the occlusion forward or rearward of the accepted normal of the mandibular canine, first and second premolars, and first molar in relation to the opposing maxillary teeth. The deviation is scored when it extends a full cusp or more in the molar and the premolars and canine occlude in the interproximal area mesial or distal to the accepted normal position

C. Dentofacial Deviations

The following deviations are scored as handicapping when associated with a malocclusion: Score eight (8) points for each deviation.

1. Facial and oral clefts.
2. Lower lip positioned completely palatal to the maxillary incisor teeth.
3. Occlusal interference that cannot be corrected by a less intrusive therapy.
4. Functional jaw limitations.
5. Facial asymmetry to the extent that surgical intervention is indicated.
6. Speech impairment documented by a licensed or certified therapist whose cause is related

American Dental Association
www.ada.org

Comprehensive completion instructions for the ADA Dental Claim Form are found in Section 4 of the ADA Publication titled *CDT-2007/2008*. Five relevant extracts from that section follow:

GENERAL INSTRUCTIONS

- A. The form is designed so that the name and address (Item 3) of the third-party payer receiving the claim (insurance company/dental benefit plan) is visible in a standard #10 window envelope. Please fold the form using the 'tick-marks' printed in the margin.
- B. In the upper-right of the form, a blank space is provided for the convenience of the payer or insurance company, to allow the assignment of a claim or control number.
- C. All Items in the form must be completed unless it is noted on the form or in the following instructions that completion is not required.
- D. When a name and address field is required, the full name of an individual or a full business name, address and zip code must be entered.
- E. All dates must include the four-digit year.
- F. If the number of procedures reported exceeds the number of lines available on one claim form, the remaining procedures must be listed on a separate, fully completed claim form.

COORDINATION OF BENEFITS (COB)

When a claim is being submitted to the secondary payer, complete the form in its entirety and attach the primary payer's Explanation of Benefits (EOB) showing the amount paid by the primary payer. You may indicate the amount the primary carrier paid in the "Remarks" field (Item # 35).

NATIONAL PROVIDER IDENTIFIER (NPI)

49 and 54 NPI (National Provider Identifier): This is an identifier assigned by the Federal government to all providers considered to be HIPAA covered entities. Dentists who are not covered entities may elect to obtain an NPI at their discretion, or may be enumerated if required by a participating provider agreement with a third-party payer or applicable state law/regulation. An NPI is unique to an individual dentist (Type 1 NPI) or dental entity (Type 2 NPI), and has no intrinsic meaning. Additional information on NPI and enumeration can be obtained from the ADA's Internet Web Site: www.ada.org/goto/npa

ADDITIONAL PROVIDER IDENTIFIER

52A and 58 Additional Provider ID: This is an identifier assigned to the billing dentist or dental entity other than a Social Security Number (SSN) or Tax Identification Number (TIN). It is not the provider's NPI. The additional identifier is sometimes referred to as a Legacy Identifier (LID). LIDs may not be unique as they are assigned by different entities (e.g., third-party payer; Federal government). Some Legacy IDs have an intrinsic meaning.

PROVIDER SPECIALTY CODES

56A Provider Specialty Code: Enter the code that indicates the type of dental professional who delivered the treatment. Available codes describing treating dentists are listed below. The general code listed as 'Dentist' may be used instead of any other dental practitioner code.

Category / Description Code	Code
Dentist A dentist is a person qualified by a doctorate in dental surgery (D.D.S) or dental medicine (D.M.D.) licensed by the state to practice dentistry, and practicing within the scope of that license.	122300000X
General Practice	1223G0001X
Dental Specialty (see following list)	Various
Dental Public Health	1223D0001X
Endodontics	1223E0200X
Orthodontics	1223X0400X
Pediatric Dentistry	1223P0221X
Periodontics	1223P0300X
Prosthodontics	1223P0700X

Authorization for Dental Treatment

I hereby authorize Dr. _____ and his/her associates to provide dental services, prescribe, dispense and/or administer any drugs, medicaments, antibiotics, and local anesthetics that he/she or his/her associates deem, in their professional judgment, necessary or appropriate in my care.

I am informed and fully understand that there are inherent risks involved in the administration of any drug, medicament, antibiotic, or local anesthetic. I am informed and fully understand that there are inherent risks involved in any dental treatment and extractions (tooth removal). The most common risks can include, but are not limited to:

Bleeding, swelling, bruising, discomfort, stiff jaws, infection, aspiration, paresthesia, nerve disturbance or damage either temporary or permanent, adverse drug response, allergic reaction, cardiac arrest.

I realize that it is mandatory that I follow any instructions given by the dentist and/or his/her associates and take any medication as directed.

Alternative treatment options, including no treatment, have been discussed and understood. No guarantees have been made as to the results of treatment. A full explanation of all complications is available to me upon request from the dentist.

MEDICAL AND DENTAL HISTORY

Patient Name: _____ Date of Birth: _____

Address: _____

Why are you here today? _____

Are you having pain or discomfort at this time? Yes No

If yes, what type and where? _____

Have you been under the care of a medical doctor during the past two years? Yes No

Medical Doctor's Name: _____

Address: _____

Telephone: _____

Have you taken any medication or drugs during the past two years? Yes No

Are you now taking any medication, drugs, or pills? Yes No

If yes, please list medications: _____

Are you aware of being allergic to or have you ever reacted badly to any medication or substance?

Yes No

If yes, please list: _____

When you walk up stairs or take a walk, do you ever have to stop because of pain in your chest, shortness of breath, or because you are very tired? Yes No

Do your ankles swell during the day? Yes No

Do you use more than two pillows to sleep? Yes No

Have you lost or gained more than 10 pounds in the past year? Yes No

Do you ever wake up from sleep and feel short of breath? Yes No

Are you on a special diet? Yes No

Has your medical doctor ever said you have cancer or a tumor? Yes No

If yes, where? _____

Do you use tobacco products (smoke or chew tobacco)? Yes No

If yes, how often and how much? _____

Do you drink alcoholic beverages (beer, wine, whiskey, etc.)? Yes No

Do you have or have you had any disease, or condition not listed? Yes No

If yes, please list: _____

Request for Transfer of Records

I, _____, hereby request and give my permission to
Dr. _____ to provide Dr. _____ any and all
information regarding past dental care for _____.

Such records may include medical care and treatment, illness or injury, dental history, medical history, consultation, prescriptions, radiographs, models and copies of all dental records and medical records.

Please have these records sent to:

Signed: _____ Date: _____
(Patient)

Signed: _____ Date: _____
(Parent, Legal Guardian or Custodian of the Patient, if Patient is a Minor)

Address: _____

Address: _____

Phone: _____

APPENDIX B

Covered Benefits (See Exhibits A -E)

This section identifies covered benefits, provides specific criteria for coverage and defines individual age and benefit limitations for Members under age 21. **Providers with benefit questions should contact DentaQuest's Provider Service Department directly at:**

844.822.8109, press option 2

Dental offices are not allowed to charge Members for missed appointments. Plan Members are to be allowed the same access to dental treatment, as any other patient in the dental practice. Private reimbursement arrangements may be made only for non-covered services.

DentaQuest recognizes tooth letters "A" through "T" for primary teeth and tooth numbers "1" to "32" for permanent teeth. Supernumerary teeth should be designated by "AS through TS" for primary teeth and tooth numbers "51" to "82" for permanent teeth. These codes must be referenced in the patient's file for record retention and review. **All dental services performed must be recorded in the patient record, which must be available as required by your Participating Provider Agreement.**

For reimbursement, DentaQuest Providers should bill only per unique surface regardless of location. For example, when a dentist places separate fillings in both occlusal pits on an upper permanent first molar, the billing should state a **one** surface occlusal amalgam ADA code D2140. Furthermore, DentaQuest will reimburse for the total number of surfaces restored per tooth, per day; (i.e. a separate occlusal and buccal restoration on tooth 30 will be reimbursed as 1 (OB) two surface restoration).

The DentaQuest claim system can only recognize dental services described using the current American Dental Association CDT code list or those as defined as a Covered Benefit. All other service codes not contained in the following tables will be rejected when submitted for payment. A complete, copy of the CDT book can be purchased from the American Dental Association at the following address:

American Dental Association
211 East Chicago Avenue
Chicago, IL 60611
800.947.4746

Furthermore, DentaQuest subscribes to the definition of services performed as described in the CDT manual.

The benefit tables (Exhibits) are all inclusive for covered services. Each category of service is contained in a separate table and lists:

1. the ADA approved service code to submit when billing,
2. brief description of the covered service,
3. any age limits imposed on coverage,
4. a description of documentation, in addition to a completed ADA claim form, that must be submitted when a claim or request for prior authorization is submitted,
5. an indicator of whether or not the service is subject to prior authorization, any other applicable benefit limitations.

DentaQuest Authorization Process

IMPORTANT

For procedures where “Authorization Required” fields indicate “**yes**”.

Please review the information below on when to submit documentation to DentaQuest. The information refers to the “Documentation Required” field in the Benefits Covered section (Exhibits). In this section, documentation may be requested to be sent prior to beginning treatment or “with claim” after completion of treatment.

When documentation is requested. i.e. 03330 Preoperative Radiographs of adjacent and opposing teeth.

“Authorization Required” Field	“Documentation Required” Field	Treatment Condition	When to Submit Documentation
Yes	Documentation Requested	Non-emergency (routine)	Send documentation prior to beginning treatment
Yes	Documentation Requested	Emergency	Send documentation with claim after treatment

**Exhibit A Benefits Covered for
DentaTrust/DentaSpan - Pediatric 0-18**

Diagnostic services include the oral examinations, and selected radiographs, needed to assess the oral health, diagnose oral pathology, and develop an adequate treatment plan for the Member's oral health.

Reimbursement for some or multiple radiographs of the same tooth or area may be denied if DentaQuest determines the number to be redundant, excessive or not in keeping with the federal guidelines relating to radiation exposure. The maximum amount paid for individual radiographs taken on the same day will be limited to the allowance for a full mouth series.

Reimbursement for radiographs is limited to when required for proper treatment and/or diagnosis.

DentaQuest utilizes the guidelines published by the Department of Health and Human Services Center for Devices and Radiological Health. However, please consult the following benefit tables for benefit limitations.

All radiographs must be of diagnostic quality, properly mounted, dated and identified with the Member's name. Radiographs not of diagnostic quality will not be reimbursed for, or if already paid for, DentaQuest will recoup the funds previously paid.

Any reimbursement already made for an inadequate service may be recouped after the DentaQuest Consultant reviews the circumstances.

Diagnostic						
Code	Description	Age Limitation	Teeth Covered	Authorization Required	Benefit Limitations	Documentation Required
D0120	periodic oral evaluation - established patient	0-18		No	Two of (D0120) per 1 Benefit period(s) Per patient.	
D0140	limited oral evaluation-problem focused	0-18		No	Two of (D0140) per 12 Month(s) Per patient. Limited examinations D0140 are not reimbursable on the same day as codes D0120, D0145, D0150 and D9310.	
D0145	oral evaluation for a patient under three years of age and counseling with primary caregiver	0-2		No	Two of (D0145) per 1 Benefit period(s) Per patient.	
D0150	comprehensive oral evaluation - new or established patient	0-18		No	One of (D0150, D0160) per 60 Month(s) Per Location.	
D0210	intraoral - complete series of radiographic images	6 - 18		No	One of (D0210, D0330) per 60 Month(s) Per patient. One of (D0270, D0272, D0273, D0274, D0277) per 6 Month(s) Per Provider OR Location. One of (D0270, D0272, D0273, D0274, D0277) per 6 Month(s) Per patient. Frequency of service or age deviation must be supported by Medical Necessity.	
D0220	intraoral - periapical first radiographic image	0-18		No		
D0230	intraoral - periapical each additional radiographic image	0-18		No		

**Exhibit A Benefits Covered for
DentaTrust/DentaSpan - Pediatric 0-18**

Diagnostic						
Code	Description	Age Limitation	Teeth Covered	Authorization Required	Benefit Limitations	Documentation Required
D0240	intraoral - occlusal radiographic image	0-18		No	Two of (D0240) per 12 Month(s) Per patient.	
D0250	extra-oral – 2D projection radiographic image created using a stationary radiation source, and detector	0-18		No	Two of (D0250, D0251, D0260) per 6 Month(s) Per patient.	
D0260	extraoral - each additional radiographic image	0-18		No	Two of (D0250, D0251, D0260) per 6 Month(s) Per patient.	
D0270	bitewing - single radiographic image	0-18		No	One of (D0272, D0273, D0274, D0277) per 6 Month(s) Per patient. Four of (D0270) per 6 Month(s) Per patient. One of (D0210) per 6 Month(s) Per Provider OR Location. One of (D0210) per 6 Month(s) Per patient.	
D0272	bitewings - two radiographic images	0-18		No	One of (D0272, D0273, D0274, D0277) per 6 Month(s) Per patient. One of (D0210) per 6 Month(s) Per Provider OR Location. One of (D0210) per 6 Month(s) Per patient.	
D0273	bitewings - three radiographic images	0-18		No	One of (D0273, D0274, D0277) per 6 Month(s) Per patient. One of (D0210) per 6 Month(s) Per Provider OR Location. One of (D0210) per 6 Month(s) Per patient.	
D0274	bitewings - four radiographic images	0-18		No	One of (D0272, D0273, D0274, D0277) per 6 Month(s) Per patient. One of (D0210) per 6 Month(s) Per Provider OR Location. One of (D0210) per 6 Month(s) Per patient.	
D0330	panoramic radiographic image	6 - 18		No	One of (D0210, D0330) per 60 Month(s) Per patient. Frequency of service or age deviation must be supported by Medical Necessity.	
D0340	cephalometric radiographic image	0-18		No	Non-orthodontic procedures.	
D0470	diagnostic casts	0-18		No	Non-orthodontic procedures.	

**Exhibit A Benefits Covered for
DentaTrust/DentaSpan - Pediatric 0-18**

Sealants may be placed on the occlusal or occlusal-buccal surfaces of lower molars or occlusal or occlusal-lingual surfaces of upper molars.

Space maintainers are a covered service when medically indicated due to the premature loss of a posterior primary tooth. A lower lingual holding arch placed where there is not premature loss of the primary molar is considered a transitional orthodontic appliance and not covered by this Plan.

Any reimbursement already made for an inadequate service may be recouped after the DentaQuest Consultant reviews the circumstances.

Preventative						
Code	Description	Age Limitation	Teeth Covered	Authorization Required	Benefit Limitations	Documentation Required
D1110	prophylaxis - adult	13-20		No	Two of (D1110, D1120, D1899) per 1 Benefit period(s) Per patient. One of (D4910) per 3 Month(s) Per patient. Includes minor scaling procedures.	
D1120	prophylaxis - child	0-12		No	Two of (D1110, D1120, D1899) per 1 Benefit period(s) Per patient. One of (D4910) per 3 Month(s) Per patient.	
D1206	topical application of fluoride varnish	0-18		No	Two of (D1203, D1204, D1206, D1208) per 1 Benefit period(s) Per patient.	
D1208	topical application of fluoride - excluding varnish	0-18		No	Two of (D1203, D1204, D1206, D1208) per 1 Benefit period(s) Per patient.	
D1351	sealant - per tooth	5-20	Teeth 2, 3, 14, 15, 18, 19, 30, 31	No	One of (D1351, D1352) per 48 Month(s) Per patient per tooth. One of (D1351, D1352) per 48 Month(s) Per Provider OR Location per tooth. Sealants will not be covered when placed over restorations. Teeth must be caries free. Includes buccal surfaces of mandibular molars and lingual surfaces of maxillary molars.	
D1510	space maintainer-fixed-unilateral	0-18	Per Quadrant (10, 20, 30, 40, LL, LR, UL, UR)	No	One of (D1510, D1520) per 1 Lifetime Per patient per quadrant. One of (D1515, D1525) per 1 Lifetime Per patient per arch.	
D1516	space maintainer --fixed--bilateral, maxillary	0-18		No	One of (D1516, D1526) per 1 Lifetime Per patient. One of (D1510, D1520) per 1 Lifetime Per patient per quadrant.	
D1517	space maintainer --fixed--bilateral, mandibular	0-18		No	One of (D1517, D1527) per 1 Lifetime Per patient. One of (D1510, D1520) per 1 Lifetime Per patient per quadrant.	
D1520	space maintainer-removable-unilateral	0-18	Per Quadrant (10, 20, 30, 40, LL, LR, UL, UR)	No	One of (D1510, D1520) per 1 Lifetime Per patient per quadrant. One of (D1515, D1525) per 1 Lifetime Per patient per arch.

DentaTrust/DentaSpan - Pediatric 0-18**

Preventative						
Code	Description	Age Limitation	Teeth Covered	Authorization Required	Benefit Limitations	Documentation Required
D1526	space maintainer --removable--bilateral, maxillary	0-18		No	One of (D1516, D1526) per 1 Lifetime Per patient. One of (D1510, D1520) per 1 Lifetime Per patient per quadrant.	
D1527	space maintainer --removable--bilateral, mandibular	0-18		No	One of (D1517, D1527) per 1 Lifetime Per patient. One of (D1510, D1520) per 1 Lifetime Per patient per quadrant.	
D1551	re-cement or re-bond bilateral space maintainer- Maxillary	0-18		No		
D1552	re-cement or re-bond bilateral space maintainer- Mandibular	0-18		No		
D1553	re-cement or re-bond unilateral space maintainer- Per Quadrant	0-18		No		
D1556	Removal of fixed unilateral space maintainer- Per Quadrant	0-18		No	Not allowed by dentist or dental office that placed space maintainers.	
D1557	Removal of fixed bilateral space maintainer- Maxillary	0-18		No	Not allowed by dentist or dental office that placed space maintainers.	
D1558	Removal of fixed bilateral space maintainer- Mandibular	0-18		No	Not allowed by dentist or dental office that placed space maintainers.	

**Exhibit A Benefits Covered for
DentaTrust/DentaSpan - Pediatric 0-18**

Reimbursement includes local anesthesia.

Payment is made for restorative services based on the number of surfaces restored, not on the number of restorations per surface, or per tooth, per day. A restoration is considered a two or more surface restoration only when two or more actual tooth surfaces are involved, whether they are connected or not.

Tooth preparation, all adhesives (including amalgam and resin bonding agents), acid etching, copalite, liners, bases and curing are included as part of the restoration.

When restorations involving multiple surfaces are requested or performed, that are outside the usual anatomical expectation, the allowance is limited to that of a one-surface restoration. Any fee charged in excess of the allowance for the one-surface restoration is DISALLOWED.

The fee for crowns includes the temporary crown that is placed on the prepared tooth and worn while the permanent crown is being fabricated for permanent teeth.

BILLING AND REIMBURSEMENT FOR CAST CROWNS, CAST POST & CORES AND LAMINATE VENEERS OR ANY OTHER FIXED PROSTHETIC SHALL BE BASED ON THE CEMENTATION DATE.

Any reimbursement already made for an inadequate service may be recouped after the DentaQuest Consultant reviews the circumstances.

Restorative

Will be considered as an alternative to a full restoration for an endodontically treated tooth. Pre-operative radiographs with claim for pre-payment review.	pre-operative x-ray(s)
D2970	temporary crown (fractured tooth)	0-18	Teeth 1 - 32, A - T	Yes	Limited to a fractured tooth. Not to be used as temporary crown during crown fabrication. Pre-operative radiographs and narrative with claim for pre-payment review.	narr. of med. necessity, pre-op x-ray(s)

**Exhibit A Benefits Covered for
DentaTrust/DentaSpan - Pediatric 0-18**

Reimbursement includes local anesthesia.

In cases where a root canal filling does not meet DentaQuest's general criteria treatment standards, DentaQuest can require the procedure to be redone at no additional cost. Any reimbursement already made for an inadequate service may be recouped after the DentaQuest Consultant reviews the circumstances.

A pulpotomy or palliative treatment is not to be billed in conjunction with a root canal treatment on the same date.

Filling material not accepted by the Federal Food and Drug Administration (FDA) (e.g., Sargenti filling material) is not covered.

Complete root canal therapy includes pulpectomy, all appointments necessary to complete treatment, temporary fillings, filling and obturation of canals, intra-operative and fill radiographs.

Surgical root canal treatment or apicoectomy may be necessary to complete treatment, temporary fillings, filling, and obturation of canals, intra-operative and fill radiographs.

Any reimbursement already made for an inadequate service may be recouped after the DentaQuest Consultant reviews the circumstances.

Periodontics						
Code	Description	Age Limitation	Teeth Covered	Authorization Required	Benefit Limitations	Documentation Required
D4355	full mouth debridement to enable a comprehensive oral evaluation and diagnosis on a subsequent visit	0-18		No	One of (D4346, D4355) per 1 Lifetime Per patient. Only covered when there is substantial gingival inflammation (gingivitis) in all four quadrants. Cannot be billed on same day with D1110 or D1120.	
D4910	periodontal maintenance procedures	0-18		No	One of (D4910) per 3 Month(s) Per patient. Any combination of D1110, D1120 and D4910 up to four (4) per 12 months. Covered following active treatment only (D4210, D4211, D4260, D4261, D4341, D4342).	

**Exhibit A Benefits Covered for
DentaTrust/DentaSpan - Pediatric 0-18**

A preformed denture with teeth already mounted forming a denture module is not a covered service. Provisions for a fixed prosthesis may be considered when there is one missing maxillary anterior tooth or two missing mandibular anterior teeth and the member's overall status would justify consideration.

Complete and/or partial dentures will be approved only when existing prostheses are not serviceable or cannot be relined or rebased. Reline or rebase of an existing prosthesis will not be reimbursed when such procedures are performed in addition to a new prosthesis for the same arch.

Dentures which are lost, stolen, or broken will not be replaced.

BILLING AND REIMBURSEMENT FOR CAST CROWNS, CAST POST & CORES AND LAMINATE VENEERS OR ANY OTHER FIXED PROSTHETICS SHALL BE BASED ON THE CEMENTATION DATE.

Any reimbursement already made for an inadequate service may be recouped after the DentaQuest Consultant reviews the circumstances.

D6930	re-cement or re-bond fixed partial denture	0-18		No	One of (D6930) per 1 Lifetime Per patient per tooth.	

**Exhibit A Benefits Covered for
DentaTrust/DentaSpan - Pediatric 0-18**

Reimbursement includes local anesthesia and routine post-operative care.

The extraction of asymptomatic impacted teeth is not a covered benefit. Symptomatic conditions would include pain and/or infection or demonstrated malocclusion causing a shifting of existing dentition.

Any reimbursement already made for an inadequate service may be recouped after the DentaQuest Consultant reviews the circumstances.

Oral and Maxillofacial Surgery						
Code	Description	Age Limitation	Teeth Covered	Authorization Required	Benefit Limitations	Documentation Required
D7111	extraction, coronal remnants - primary tooth	0-18	Teeth A - T, AS, BS, CS, DS, ES, FS, GS, HS, IS, JS, KS, LS, MS, NS, OS, PS, QS, RS, SS, TS	No

General Billing Information for Orthodontics:

The start and billing date of orthodontic services is defined as the date when the bands, brackets, or appliances are placed in the Member's mouth. The Member must be eligible on this date of service.

If a Member becomes ineligible during treatment and before full payment is made, it is the Member's responsibility to pay the balance for any remaining treatment. Whenever the Member becomes ineligible, the Member is responsible for payment during that time period. The Provider should notify the Member of this requirement prior to beginning treatment.

The Member should present with a fully erupted set of permanent teeth. At least 1/2 to 3/4 of the clinical crown should be exposed, unless the tooth is impacted or congenitally missing.

In evaluating requests for orthodontic coverage, medical necessity/handicapping criteria (which can be found on the website) are used as the first level review to determine coverage as applied to the permanent dentition. If the requested orthodontic treatment meets one of the listed criteria, DentaQuest will approve the request for coverage as meeting medically necessary handicapping criteria. Please note, a complete series of intra-oral photographs and all required documentation to support medical necessity should be submitted along with the Orthodontic Criteria Index Form. If the request does not meet any of the listed criteria, then DentaQuest will proceed in evaluating the request by applying the Salzmann Malocclusion Severity Assessment (which can be found on the website).

The Salzmann Evaluation Criteria Index Form is also used as the basis for determining whether a Member qualifies for orthodontic treatment. A member must score a minimum of 25 points to qualify for coverage – points are not awarded for esthetics, therefore additional points for handicapping esthetics will not be considered as part of the determination.

For cases that may not meet the Salzmann criteria, medical necessity documentation to support any of the following impaired functions must be submitted along with all other required documentation, including intra-oral photos or models, panoramic and cephalometric films, tracings, score sheets, and narratives.

All documentation will be reviewed together and an appropriate determination made.

Diagnostic study models (trimmed) with waxbites or OrthoCad electronic equivalent, and treatment plan must be submitted with the request for prior authorization of services. Treatment should not begin prior to receiving notification from DentaQuest indicating coverage or non-coverage for the proposed treatment plan. Providers cannot bill prior to services being performed.

Any reimbursement already made for an inadequate service may be recouped after the DentaQuest Consultant reviews the circumstances.

Orthodontics						
Code	Description	Age Limitation	Teeth Covered	Authorization Required	Benefit Limitations	Documentation Required

D9999	unspecified adjunctive procedure, by report	0-18		Yes	For hospital operating room cases. Includes all workups, same day surgery visit, and discharge summary, etc. Cannot be billed with D9420. Requires prior approval.	

**Exhibit B Benefits Covered for
DentaTrust/DentaSpan - 19 and Over**

Diagnostic services include the oral examinations, and selected radiographs, needed to assess the oral health, diagnose oral pathology, and develop an adequate treatment plan for the Member's oral health.

Reimbursement for some or multiple radiographs of the same tooth or area may be denied if DentaQuest determines the number to be redundant, excessive or not in keeping with the federal guidelines relating to radiation exposure. The maximum amount paid for individual radiographs taken on the same day will be limited to the allowance for a full mouth series.

Reimbursement for radiographs is limited to when required for proper treatment and/or diagnosis.

DentaQuest utilizes the guidelines published by the Department of Health and Human Services Center for Devices and Radiological Health. However, please consult the following benefit tables for benefit limitations.

All radiographs must be of diagnostic quality, properly mounted, dated and identified with the Member's name. Radiographs not of diagnostic quality will not be reimbursed for, or if already paid for, DentaQuest will recoup the funds previously paid.

Any reimbursement already made for an inadequate service may be recouped after the DentaQuest Consultant reviews the circumstances.

D0999	unspecified diagnostic procedure, by report	19 and older		Yes	Chlorhexidine Mouthrinse is a covered benefit only when administered and dispensed in the dentists office following scaling and root planing. Fluoride Toothpaste is a covered benefit only when administered and dispensed in the dentists office following periodontal surgery.	narrative of medical necessity

**Exhibit B Benefits Covered for
DentaTrust/DentaSpan - 19 and Over**

Sealants may be placed on the occlusal or occlusal-buccal surfaces of lower molars or occlusal or occlusal-lingual surfaces of upper molars.

Space maintainers are a covered service when medically indicated due to the premature loss of a posterior primary tooth. A lower lingual holding arch placed where there is not premature loss of the primary molar is considered a transitional orthodontic appliance and not covered by this Plan.

Any reimbursement already made for an inadequate service may be recouped after the DentaQuest Consultant reviews the circumstances.

Preventative						
Code	Description	Age Limitation	Teeth Covered	Authorization Required	Benefit Limitations	Documentation Required
D1110	prophylaxis - adult	19 and older		No	Two of (D1110, D1120) per 12 Month(s) Per patient.	
D1352	Preventive resin restoration is a mod. to high caries risk patient perm tooth conservative rest of an active cavitated lesion in a pit or fissure that doesn't extend into dentin: includes placmt of a sealant in radiating non-carious fissure or pits.	19 and older	Teeth 1 - 3, 14 - 19, 30 - 32, 51 - 53, 64 - 69, 80 - 82	No	One of (D1351, D1352) per 48 Month(s) Per patient per tooth.	
D1551	re-cement or re-bond bilateral space maintainer- Maxillary	19 and older		No

D1999	Unspecified preventive procedure, by report	19 and older		Yes		

**Exhibit B Benefits Covered for
DentaTrust/DentaSpan - 19 and Over**

Reimbursement includes local anesthesia.

Payment is made for restorative services based on the number of surfaces restored, not on the number of restorations per surface, or per tooth, per day. A restoration is considered a two or more surface restoration only when two or more actual tooth surfaces are involved, whether they are connected or not.

Tooth preparation, all adhesives (including amalgam and resin bonding agents), acid etching, copalite, liners, bases and curing are included as part of the restoration.

When restorations involving multiple surfaces are requested or performed, that are outside the usual anatomical expectation, the allowance is limited to that of a one-surface restoration. Any fee charged in excess of the allowance for the one-surface restoration is DISALLOWED.

The fee for crowns includes the temporary crown that is placed on the prepared tooth and worn while the permanent crown is being fabricated for permanent teeth.

BILLING AND REIMBURSEMENT FOR CAST CROWNS, CAST POST & CORES AND LAMINATE VENEERS OR ANY OTHER FIXED PROSTHETIC SHALL BE BASED ON THE CEMENTATION DATE.

Any reimbursement already made for an inadequate service may be recouped after the DentaQuest Consultant reviews the circumstances.

**Exhibit B Benefits Covered for
DentaTrust/DentaSpan - 19 and Over**

Reimbursement includes local anesthesia.

In cases where a root canal filling does not meet DentaQuest's general criteria treatment standards, DentaQuest can require the procedure to be redone at no additional cost. Any reimbursement already made for an inadequate service may be recouped after the DentaQuest Consultant reviews the circumstances.

A pulpotomy or palliative treatment is not to be billed in conjunction with a root canal treatment on the same date.

Filling material not accepted by the Federal Food and Drug Administration (FDA) (e.g., Sargenti filling material) is not covered.

Complete root canal therapy includes pulpectomy, all appointments necessary to complete treatment, temporary fillings, filling and obturation of canals, intra-operative and fill radiographs.

Surgical root canal treatment or apicoectomy may be necessary to complete treatment, temporary fillings, filling, and obturation of canals, intra-operative and fill radiographs.

Any reimbursement already made for an inadequate service may be recouped after the DentaQuest Consultant reviews the circumstances.

**Exhibit B Benefits Covered for
DentaTrust/DentaSpan - 19 and Over**

A preformed denture with teeth already mounted forming a denture module is not a covered service. Provisions for a fixed prosthesis may be considered when there is one missing maxillary anterior tooth or two missing mandibular anterior teeth and the member's overall status would justify consideration.

Complete and/or partial dentures will be approved only when existing prostheses are not serviceable or cannot be relined or rebased. Reline or rebase of an existing prosthesis will not be reimbursed when such procedures are performed in addition to a new prosthesis for the same arch.

Dentures which are lost, stolen, or broken will not be replaced.

BILLING AND REIMBURSEMENT FOR CAST CROWNS, CAST POST & CORES AND LAMINATE VENEERS OR ANY OTHER FIXED PROSTHETICS SHALL BE BASED ON THE CEMENTATION DATE.

Any reimbursement already made for an inadequate service may be recouped after the DentaQuest Consultant reviews the circumstances.

Prosthodontics, removable						
Code	Description	Age Limitation	Teeth Covered	Authorization Required	Benefit Limitations	Documentation Required

**Exhibit B Benefits Covered for
DentaTrust/DentaSpan - 19 and Over**

Reimbursement includes local anesthesia and routine post-operative care.

The extraction of asymptomatic impacted teeth is not a covered benefit. Symptomatic conditions would include pain and/or infection or demonstrated malocclusion causing a shifting of existing dentition.

Any reimbursement already made for an inadequate service may be recouped after the DentaQuest Consultant reviews the circumstances.
