

MAILING PANEL

WELCOME.

DentaQuest partners with the state of Florida to give your child the dental care he or she needs. DentaQuest has many dentists to take care of your dental needs.

Schedule a dental visit today! It is important that you call the dentist right away, even if your child is not in pain or having problems with his or her teeth. Regular dental care is important for your child's health.

Florida Healthy Kids Plan covers most dental care. This includes exams, x-rays, fillings, cleanings, and fluoride treatments. Your dentist can tell you what dental services your child needs. Your dentist can all tell you if the services are covered. Call DentaQuest if you have any questions about your child's dental benefits. Call toll free at 1-888-696-9557, TTY or 1-800-855-2880 Monday – Friday 7:30 a.m. to 7:30 p.m.

Your child's ID card is below. Remember to bring your child's ID card to all dental visits. Please call member services if you lose an ID card or if any of the information is wrong.

Your dental home is listed to the right. A dental home is a dentist your family sees every six months. The dentist at your dental home will provide the care your family needs to stay healthy. You can change your dental home by calling DentaQuest.

LE DAMOS LA BIENVENIDA.

DentaQuest se ha asociado con el estado de la Florida para darle a su hijo o hija la atención dental que necesita. DentaQuest tiene muchos dentistas para atender sus necesidades dentales.

¡Programe hoy mismo una consulta dental! Es importante que llame al dentista cuanto antes, incluso si su hijo no tiene dolor ni problemas en sus dientes. La atención dental regular es importante para la salud de su hijo.

El plan Florida Healthy Kids cubre la mayor parte de la atención dental. Esto incluye exámenes, radiografías, empastes, limpiezas y tratamientos con fluoruro. Su dentista puede decirle qué servicios dentales necesita su hijo. También puede decirle si los servicios están cubiertos. Comuníquese con DentaQuest si tiene preguntas sobre los beneficios dentales de su hijo. Comuníquese a la línea gratuita 1-888-696-9557, TTY o 1-800-855-2880, lunes a viernes de 7:30 a.m. a 7:30 p.m.

La tarjeta de identificación de su hijo está más abajo. Recuerde llevar la tarjeta de identificación de su hijo a todas las consultas dentales. Comuníquese con el Departamento de servicios para afiliados si pierde una tarjeta de identificación o si algún dato está equivocado.

Su consultorio dental se indica a la derecha. Un consultorio dental es el lugar donde su familia ve al dentista cada seis meses. El dentista del consultorio dental proporcionará el cuidado que su familia necesita para mantenerse saludable. Para cambiar su consultorio dental, comuníquese con DentaQuest.
