Welcome to DentaQuest

Thank you for choosing DentaQuest for your dental care.
We work with Iowa Department of Health & Human Services (HHS) to give you Medicaid dental benefits. With your dentist, we help you get the care you need to stay healthy.

About this program

The Iowa Dental Wellness Plan helps cover checkups, cleanings, X-rays, fillings, and other covered dental services. The Iowa Department of Health and Human Services (Iowa HHS) decides whether you qualify for Dental Wellness Plan coverage. DentaQuest does not determine eligibility. If Iowa HHS approves your eligibility, you may be enrolled in DentaQuest.

Who is DentaQuest?

DentaQuest is the dental plan that manages your dental benefits. Our job is to help you use your benefits, find a dentist, and get care on time. We also work with your Managed Care Organization (MCO) when you need things like rides to dental visits through Non-Emergency Medical Treatment (NEMT).

Eligibility

Iowa Department of Health & Human Services (HHS) decides who is eligible for the Dental Wellness Plan (DWP). If Iowa HHS says you qualify, you may be enrolled in DentaQuest.

You may join DentaQuest in two (2) ways:

- You choose the plan, or
- The State assigns you to DentaQuest if you do not choose a dental plan.

Your dental coverage begins on the **start date set by Iowa HHS**. DentaQuest is **not** responsible for dental services before that start date except for:

- Newborn babies of Medicaid enrolled- mothers (covered back to their birth month)
- Hawki members (coverage starts the month after their application)

You cannot be treated differently because of:

- Your health
- How much care you need
- Your race
- Your color
- Your national origin
- Your disability
- Your sex

These rules are required by federal law and the contract.

American Indian/Alaskan Native members have special rights:

- Enroll, and your enrollment cannot be restricted.
- Choose an Indian Health Care Provider as their dentist.

Enrollment

Once you are approved for benefits, you will be assigned to a dental plan. You can start getting dental services from your plan right away.

You have 90 days from the day you are first enrolled to change your dental plan for any reason.

After 90 days, you will stay with the same dental plan for 12 months unless:

- You ask to change plans for a good reason, or
- Your dental plan asks to remove you for a good reason.

About 60 days before the 12 months end, you will get a letter in the mail. The letter will tell you when you can choose a different dental plan.

This time is called the Annual Choice Period.

You may be able to change your health plan during the 12 month enrollment period if you have a serious reason. This is called a Good Cause.

Examples of Good Cause

- Your doctor or dentist is not in your plan's network.
- You need more than one service at the same time, and your plan does not offer all of them.
- You cannot see providers who know how to treat your health needs.
- Your provider left your plan or no longer works with it.
- You cannot get services that your plan says are covered.
- You are getting poor quality care.
- Your plan does not cover a service you need because of moral or religious reasons.

If you want to change your dental plan for a Good Cause reason, follow these steps:

Step 1: Contact DentaQuest:

Start by contacting DentaQuest and telling us about your concern.

- Call: **1-866-629-6074** (TTY: **711** or **1-800-466-7566**)
- Or write to: DentaQuest Grievance and Appeals
  P.O. Box 8206
  Des Moines, IA 50301

Please allow up to **30 days** for DentaQuest to review and respond to your concern.

Step 2: Contact Iowa Medicaid Member Services:

If your concern is not resolved after contacting DentaQuest, call Iowa Medicaid Member Services:

- Toll-free: **1-800-338-8366**
- Des Moines area: **515-256-4606**
- Hours: **Monday–Friday, 8 a.m. to 5 p.m.**

Important: Iowa HHS makes the final decision about requests to change plans for Good Cause.

Transition of Care

If you are new to DentaQuest and already getting dental care, you may be able to keep getting care for a short time so there is no gap.

- When you join our plan, you will have access to the same types of services you had before.
- You may keep seeing your current dentist for up to 90 days if your dentist is enrolled with Iowa Medicaid.
- We will help you find a dentist in our network when you need one.

If your dentist is not in our network when you join:

- You can keep seeing them for up to 90 days.
- You may be able to keep seeing them longer if we approve it.
- We may set up special agreements so you can keep getting care.
- We will try to work with your dentist so they can join our network.

If your care was approved by your old plan before you joined DentaQuest:

- We will honor that approval for the first 90 days after your coverage begins with DentaQuest.
- After that, we will honor them for at least 30 days.
- This applies even if your dentist is not in our network.
- We will also honor any special approvals for the time allowed.

To help you keep getting care:

- We may ask your old plan for your dental records and approvals

DentaQuest makes sure your dental needs are protected by following federal and state rules to make sure you keep getting the care you need and avoiding delays that could harm your health.

These rules apply when:

- You first join DentaQuest
- You switch from another dental plan

If DentaQuest makes or changes a policy to not cover a service for moral or religious reasons, we will tell you at least 30 days before the change takes effect.

At Your Visit

- Tell the dentist if you had emergency care in the last 24 hours.
- Answer health questions so your dentist can treat you safely.

Missed Appointments

- Call the dental office as soon as you can so they can reschedule you. Missing visits can delay your care, and the office may reach out to help you get back on track

Clinical Practice Guidelines

What are they? Clinical practice guidelines are "best practice" roadmaps for your dentist. They are based on the latest scientific research and help your dentist choose the most effective treatments for your teeth and gums.

Why do they matter to you? These guidelines ensure that you receive high-quality, safe care every time you sit in the dentist's chair. Whether you are in for a checkup or a filling, these standards help keep your smile healthy and your care consistent.

DentaQuest's Commitment: We work with top dental experts to update these guidelines regularly. We share this information with every dentist in our network so they can provide the best possible care for you and your family.

Learn More: You can view our recommended guidelines at https://www.dentaquest.com/en/providers and scrolling down to our DentaQuest Dental Clinical Criteria & Guidelines section. You can also call DentaQuest Member Services at the number on your ID card for more information.

Dental Home

Think of your Dental Home as the go-to place for most of your dental care needs. While the program assigns your main dentist or office, you may also choose another dentist, but they must be part of the DentaQuest network to be covered.

- Go to DentaQuest.com/Iowa
- Click “Find a Dentist” at the top of the page and select your state

- You are under the influence of alcohol or drugs.
- You are abusive – cursing, yelling, or threatening.
- You do not follow the treatment plan you agree to.

You can get emergency dental care from any dentist, even if the dentist is not in our network. You **do not** need approval first. Get care right away. If you are outside Iowa, get the care you need. You can also call 1-866-629-6074 and we will help you find a nearby dentist.

The following care is covered in an emergency:

- The check to see what is wrong
- The care needed to stop the problem and make you safe
- Care from dentists who are not in our network when it is an emergency

After an Emergency

After your emergency condition has been treated, we cover the care needed to keep you stable after this is called post stabilization care. If you see a dentist after your emergency has been treated, make sure to mention that you recently had a

dental emergency so your provider can provide you with any necessary treatment to stabilize your condition.

If You Are Outside Iowa

Get the care you need. You can also call 1-866-629-6074 and we will help you find a nearby dentist. If your life is in danger, call 911.

- If you have questions about EPSDT services that are not dental services (such as medical care, mental health services, or other health services), contact your medical managed care organization (MCO). Your MCO can help you learn more about these benefits.

What You Need to Know

- Members aged 19 and 20 may be able to receive medically necessary dental services through EPSDT, including orthodontic services (braces)
- Dental services are reviewed to make sure they are medically necessary.
- EPSDT may cover medically necessary services, even if they are not usually covered by your standard dental benefits.
- You do not need a referral from your primary care provider to receive covered dental services

Special Approval (ETP)

An Exception To Policy (ETP) is a special approval for an item or service that is not usually covered by the Iowa Department of Health & Human Services (HHS). An ETP is used only as a "last resort." This means all other choices must have been tried first.

How Iowa HHS Decides

Iowa HHS will review ETP asks by looking at:

- Is there an urgent or serious need for the item or service?
- Are there any special situations?
- Would saying yes save the state money?
- Have all other options been tried first?
- Is the cost to the state reasonable, and does Iowa HHS have the money to pay for it?

If you think you may qualify for an ETP you should take these steps:

- Talk to your dentist
- You or your dentist can complete the ETP form and send it to Iowa HHS. The form is available here: https://secureapp.dhs.state.ia.us/dhs_titan_public/appeals/PetitionExceptionPolicy

Iowa HHS makes the final decision, and it cannot be changed through an appeal.

If DentaQuest chooses to approve something outside of our own internal rules, this is not considered an ETP.

Prior-Authorization

Some dental services need prior-authorization. This means your dental plan must approve the service before you get it. Your dentist is responsible for sending the request to DentaQuest.

How Approval Works

- Your dentist may need to send dental records or other information to explain why the service is needed.
- If approval is required, your dentist will send the request to

DentaQuest.

- For standard reviews, we will decide **within seven (7) days** after receiving the request.
- If your dentist believes the service is urgent and waiting could harm your health, your dentist can ask for an urgent review.
- For urgent reviews, we will decide **within 72 hours**.

If You Have Questions

- If you are not sure why you need a certain service, talk to your dentist.
- They can explain the treatment and why approval may be required.

If the Service Is Denied

You have the right to:

- Ask for an Appeal (page 35) and if you do not agree with the appeal decision, then you can ask for a State Fair Hearing (see page 37).

Out-of-network Care

Use dentists in the DentaQuest network whenever you can. Sometimes you may need care from a dentist who is not in our network.

When You Can Use an Out-of-network Dentist

- No in network choice: If we do not have a dentist in our network who can give you the covered service you need, we will help you see an out-of-network dentist, and we will cover the service.
- Emergencies: In an emergency, you can see any dentist. No approval is needed for emergency dental care.

How We Help

- We will help you find an out-of-the-network- dentist and arrange your care (we may use a Single Case Agreement to set this up).
- We will make sure you do not pay more just because the dentist is out of the network. Your cost is no more than in network.

Before You Go Out-of-network (Not an Emergency)

- Call us first. We will tell you your options and help with the next steps. (DentaQuest Member Services: 1-866-629-6074)

Changing Plans or Providers

- If your dental plan changes, you may be able to keep seeing your current dentist for at least 30 days, even if the dentist is not in our plan. We will tell you if a longer time applies.

Payment for Services

Co-pays

You do not have copays for dental services now. If Iowa HHS ever requires copay in the future, we will tell you first.

Some services may not have a copay

- Emergency dental care
- Checkups and other preventive care for children and teens under 21 (EPSDT)
- Dental care during pregnancy and through the postpartum period
- American Indian/Alaska Native members getting care at or through an Indian Health Care Provider (IHCP)

If you cannot pay a copay, you cannot be denied care because you cannot pay the visit. We will work with you and your dentist.

If you have questions concerning co-pays, please contact DentaQuest Member Services: 1-866-629-6074.

Payment for Services

Most dental services that are covered by Dental Wellness Plan are free when you see a dentist who accepts Medicaid.

When You Do NOT Have to Pay

- You do not have to pay for covered dental services if you see a dentist who is enrolled with the Dental Wellness Plan.
- You do not have to pay paperwork fees, or medical record fees. These costs are not allowed.

When You DO Have to Pay

- You must pay for dental services if you choose to see a dentist who is not part of the Dental Wellness Plan.
- You must pay for services that are not covered by the Dental Wellness Plan if you agree in writing before getting the service.

Before You Agree to Pay

- If your dentist asks you to pay out of pocket, call DentaQuest first at 1-866-629-6074. We can tell you if the service is covered.
- If you plan to appeal a denied service or ask for a State Fair Hearing, do not agree to pay for the service until the appeal or hearing is finished.

If you have questions about payment, coverage, or your options, call DentaQuest Member Services at 1-866-629-6074.

Grievance and Appeals

You may choose someone to act for you with your written consent, that person (or your provider) can file a grievance or an appeal for you, or ask for a State Fair Hearing. You can locate the Authorized Representative form on the Iowa HHS website: https://hhs.iowa.gov/media/6093.

A **grievance** is an expression of dissatisfaction about any matter other than an Adverse Benefit Determination. It is not about the denial of a service.

- Urgent grievance (fast): **Within 72 hours** from receipt**.**
  If waiting could risk your health or ability to function

  - If you are unhappy about the extra time, you can choose to file a grievance (see details above).
- Note: You cannot ask for a State Fair Hearing about a grievance. State Fair Hearings are only for appeals after we make an appeal decision.

An **appeal** is when you disagree with a decision about your care (a service was denied, reduced, or stopped, or we did not decide on

time). This is called an Adverse Benefit Determination. You can ask for an appeal by phone or in writing. You must ask for an appeal within **60 days** from the date of our denial/reduction letter.
