What is *Smiles For Children*?

Smiles For Children is Virginia's dental program for Medicaid, FAMIS, or FAMIS Plus. Members enrolled in ***Smiles For Children***, 20 years of age and younger, receive comprehensive dental benefits. Comprehensive dental benefits are also provided to adult pregnant members enrolled in Medicaid and FAMIS MOMS, and Medicaid members over age 21.

The ***Smiles For Children*** program has no costs for covered dental care services. ***Smiles For Children*** is a program provided by the Commonwealth of Virginia's Department of Medical Assistance Services (DMAS) and is run by DentaQuest.

Enrollment

Once Medicaid, FAMIS or FAMIS Plus eligibility has been determined enrollment in the program is automatic. You do not need to do anything special to enroll in the program.

There is no special ***Smiles For Children*** dental card. You may use either the Commonwealth of Virginia plastic ID card or Managed Care Organization (MCO) member ID card (Aetna Better Health of Virginia, Anthem HealthKeepers Plus, Molina Healthcare, Sentara Community Plan or United Healthcare) for all dental care.

***Smiles For Children* will only pay for dental services while the member is enrolled in Medicaid.**

REMEMBER, IT IS VERY IMPORTANT to tell your local Department of Social Services right away if you move, change your address or to report any change that affects Medicaid eligibility. If they do not have a correct address then you will not receive up to date information about dental coverage and eligibility will be canceled.

If Medicaid, FAMIS or FAMIS Plus enrollment ends, you will receive a letter indicating that your benefits have ended. The program will not pay for any dental services after the end date on the letter. You will have to pay for any services received after the end date on the letter.

Services Covered by Smiles For Children

Services for Children

There are no costs for a child’s covered dental care services in the *Smiles For Children* program.

Smiles For Children members under age 21 are covered for all medically necessary dental services, as well as orthodontic (braces) procedures provided by a participating dentist. Dental services include relief of pain and infection, restoration of teeth, and maintenance of dental health. An oral screening may be part of a physical exam a child gets from the doctor, but it does not take the place of the exam by the dentist. Medicaid recommends that a child’s doctor refer the child to a dentist beginning at age one and sooner if necessary.

Routine exams are visits to the dentist for a dental “check-up”. The dentist will look in the child’s mouth to see if other dental services are needed and will check to be sure that the child’s teeth, gums and the bones supporting the teeth are healthy. Sometimes, the dentist will clean the child’s teeth and take x-rays if needed at the same time as the check-up. Dental check-ups are an important part of a child’s overall health, and should be done every six months.

Some of the other services that are available to children include:

Flouride (every 6 months)	Crowns (some caps)
Sealants	Braces (if approved)
Cleanings (every 6 months)	Root Canal Treatments
Space maintainers	X-rays (when necessary)
Extractions (tooth pulling)	Fillings
Anesthesia	Oral Disease Services

The child’s dentist will tell the parent, or guardian, whether or not a service is going to be paid by *Smiles For Children* before they treat the child. Participating dentists cannot bill the parent, or guardian, for services covered under the program, as long as the child remains eligible.

If a child receives services from a dentist who is not enrolled in *Smiles For Children*, the parent, or guardian, will have to pay the bill. Try to use a Dental Home dentist for most of the child’s dental care. A Dental Home is a dentist the child sees regularly every six months. The Dental Home dentist can refer the child to a specialist.

Adults (members age 21 and over) who are not currently pregnant

Smiles For Children will provide dental benefits to adults in Medicaid. Dental coverage for adults enrolled in Medicaid will focus on overall oral health, prevention, and restoration.

These services may include the following:

- X-rays and examinations
- Cleanings
- Fillings
- Root canals
- Gum related treatment
- Dentures
- Tooth extractions and other oral surgeries, and
- Other appropriate general services such as anesthesia
- Braces not covered

How Can Adults Enrolled in Medicaid Find a Dentist?

Option 1: Call the SFC program at 1-888-912-3456. A representative can even help members make an appointment. The call center is available 8 a.m. – 6 p.m., Monday through Friday.

Option 2: Visit the website at www.DentaQuest.com

How Can Adults Use *Smiles For Children*?

When you call to make an appointment, be sure to tell the dental office that you are a **Smiles For Children** member. Remember to write down the date and time of the appointment.

On the day of the appointment, be sure to bring your Medicaid card – it's either blue and white or it's your MCO ID card. The dentist needs to see this card at every visit to check that you are still eligible for the program. If you're going to a new dentist, please ask the old dentist to send your dental records to the new dentist.

Pregnant Members

Pregnant members who are 21 years old and older in Medicaid or FAMIS can get dental benefits. These dental benefits will be available through the **Smiles For Children** program. Benefits include cleanings, exams, fillings, and crowns. Root canals, x-rays, and anesthesia are also covered. Braces are not covered. These benefits will stop at the end of the 12th month after you have had the baby.

Pregnant members who are under 21 years old can get full benefits through Virginia's **Smiles For Children** dental program. Braces are included if qualified.

Transportation Services

Adults will be able to access non-emergency transportation services to receive dental care. Transportation for adults who are enrolled in a managed care organization (MCO), with the exception of those enrolled in FAMIS, will be provided through their MCO. Transportation for adults in fee for service will be provided by ModivCare (formally LogistiCare), the DMAS' FFS transportation broker. FFS and MCO Non-Emergency Medical Transportation (NEMT) contact telephone numbers for reservations and ride assist can be found at: <https://www.dmas.virginia.gov/#/nemtservices> by clicking on Transportation Contacts for Reservation and Ride Assist/Customer Service.

The telephone numbers can be found at: <http://www.dmas.virginia.gov/#/nemtservices> – please click on “Transportation Contacts”

If you have questions please call the **Smiles For Children** Member Services help line at 1-888-912-3456.

How to Find a Dentist

For additional information on which dentists or dental specialists you can go to, please contact the **Smiles For Children** program at 1-888-912-3456. They can help find the closest dentist that participates in the program. They will even help you make an appointment with a dentist.

When you call the **Smiles For Children** program, you should have these items ready:

- Pen or pencil
- Your address including zip code
- The Commonwealth of Virginia blue and white plastic ID card or your or a child's MCO member ID card

Tell them that you or a child is a **Smiles For Children** member. You will receive the names of several dentists in your area.

How to Find a Dentist Using Our Website

Members should only visit dental providers enrolled in the **Smiles For Children** program. The names of all dentists and dental specialists in the **Smiles For Children** program are available online at https://dentaquest.healthsparq.com/healthsparq/public/#/one/city=&state=&postalCode=&country=&insurerCode=DENTAQUEST_I&brandCode=VACAID

To get started, click on “Use your current location” or enter your address, the name of your city or your zip code.

Click on the All Plans link. If the **Smiles for Children** plan name doesn't show up, click on “Find a Different Plan” and select **Smiles for Children** in the drop-down menu. Click on “Confirm selection”.

You can search for a dental provider in four ways:

- **Find a Dentist by Name** – enter the last name of the dental provider you are looking for and select the name in the drop-down menu.
- **Find a Dentist by Specialty** – use this to search for specific kinds of dental providers like General Dentists, Orthodontists and Periodontists.
- **Find Services by Location** – use this if you know the name of the provider and would like to know the address, phone number, office hours and other information.
- **Places by Type** – use this to look for locations like health care clinics and Federally Qualified Health Centers.

No matter which way you search, you can get more information on the dentists like office hours, whether they are accepting new patients or if their location is wheelchair accessible. You can also get directions to their office.

Making Dental Appointments

When you call the dentist to make an appointment, you should have these items ready:

- Pen or pencil
- You or the child's Commonwealth of Virginia blue and white plastic ID card or
- You or the child's MCO member ID card
- A calendar

Tell the dentist's office that you or the child is a **Smiles For Children** member and that you would like to make an appointment to see the dentist. See which dates and times work best for you. Write down the appointment date and time on your calendar.

When the date of the appointment comes, just go to the dentist's office. It is that easy. If you have been going to a different dentist, please ask the old dentist to send the dental records to the new dentist.

Broken appointments are no laughing matter!

It is your responsibility to show the Identification card to providers at the time you go for services and to be sure the provider accepts payment from Smiles For Children. Report the loss or theft of your Medicaid Identification card to the local Department of Social Services, the FAMIS CPU or loss of your MCO card to your Managed Care Organization (MCO) right away.

It is very important to make sure that you go to your scheduled appointments. If you are not able to keep the appointment, call the dentist office as soon as possible to let them know you will not be coming. At that time, the dentist can schedule another appointment for you to make sure that you or the child are getting the proper dental care. Dentists may no longer want to see you or the children in their office if you miss your appointment.

Show the blue and white ID card or your MCO ID card **each time you go to the dentist** so that your dentist can verify eligibility status. If you do not take the cards, you can be billed.

What to Do in an Emergency

You or a child can also see a **Smiles For Children** dentist for emergencies. You should ask your dentist how to contact him or her in an emergency. Your dentist may have a different telephone number to call in an emergency.

If you are away from home during an emergency, you may contact DentaQuest for help finding a participating dentist in the area. If you are not able to call DentaQuest, take a child to the hospital, if necessary. Remember to show the Member ID Card.
